Article 2 Object

The object of these EuroLeague Club Licensing Rules (hereinafter the “Licensing Rules”) is to establish the access rules and the requirements that the clubs must fulfil in order to participate in the EuroLeague.

The right to participate in the EuroLeague will only be held by those clubs that meet the requirements provided for in these Licensing Rules and any subsequent modifications, amendments and appendices thereto, as well as in all those agreements and resolutions of the competent governing bodies, and have the corresponding licence.

The clubs may not in any way assign or transfer the right to participate in the EuroLeague to any third party without the prior authorisation of the General Assembly.

Article 3 EuroLeague licences

ECA will grant 18 licences to operate teams in the EuroLeague.

These licences may be of two different types according to their duration, requirements and process for allocating each of them.

Licensed Clubs will participate on a long-term basis and Associated Clubs will participate on a one-season basis, or through a wild card under the conditions established in Article 13, pursuant to the terms and conditions established in these Licensing Rules.

CHAPTER II

Licensed Clubs

Article 4 **Criteria for allocating Licensed Club Licences**

ECA will grant Licensed Club Licences to the clubs based on the following criteria:

- 4.1** Territorial area: the area of influence of a Licensed Club will be defined as a population of 200,000 inhabitants within a geographical area of 200km².
One additional licence will only be granted in this area if the population is higher than 200,000 inhabitants. Nonetheless, the General Assembly may authorise an exception if there are a greater number of teams in the same territorial area and this does not affect the economic expectations of the Clubs and the Companies.
- 4.2** Use of an arena with a minimum capacity for 10,000 seated spectators that is less than a four-hour commercial flight from Frankfurt am Main (on the understanding that this city is considered as being in the geographical centre of the European Union territory for the purposes of these Licensing Rules) and has all necessary technical elements duly approved for the game of basketball, as well as all other requirements demanded in the corresponding regulations.
- 4.3** Availability of at least two 4 star hotels within a maximum distance of 25km by road from the arena.
- 4.4** International airport at a maximum distance of 100km by road from the arena, with enough daily flights to allow the teams to have access to the city under the right conditions, without significant disruption to their schedule.
- 4.5** The club must meet the requirements established in the EuroLeague Financial Stability and Fair Play Regulations included in Appendix III.
- 4.6** The club must be in a sound legal position and will not have, by itself or through its managers or employees, any conflict of interests with any other club participating in the EuroLeague or be involved in companies representing players and/or coaches.

4.7 The club must not be banned or temporarily suspended from participating in the Euroleague Basketball competitions by the Companies, regardless of the reason for the prohibition or suspension.

4.8 When there are two or more Licensed Clubs from the same League, no additional Licensed Club Licences will be granted to clubs from that League.

Article 5 Requirements for participation in the EuroLeague as a Licensed Club

The clubs that comply with the criteria stipulated in Article 4 must fulfil the following requirements for the allocation of a Licensed Club place, as well as those requirements that will be approved by the General Assembly:

5.1 Signature of the Licensed Club Contract pursuant to the model of Appendix I.

5.2 Compulsory subscription of the number of ECA shares set by the General Assembly for Licensed Clubs, as well as the signature of all the necessary documents required for the smooth and effective administration and organisation of ECA and the EuroLeague (including but not limited to powers of attorney, minutes of shareholders meetings, shareholders agreements, and any other documents).

5.3 Participation in the Domestic Championship, unless an exception is approved by the Shareholders Executive Board.

5.4 Express declaration of observance of the EuroLeague Bylaws and any future modifications, amendments and appendices thereto, as well as of any act or resolution approved by the governing bodies of the Companies.

5.5 Payment of the registration fee established by the General Assembly each season.

5.6 Fulfilment of the EuroLeague Financial Stability and Fair Play Regulations, including the provision of an express declaration of sound financial position of the club, stating that the club has no debts, has not been formally declared bankrupt or insolvent by a competent body in its home country and has not entered into liquidation or dissolution, following the model shown in Appendix IV. This declaration will be certified by an auditing firm.

- 5.7 Provision of an express declaration of sound legal position of the club, stating that the club, its managers and/or employees do not fall into the incompatibility situations established in Appendix V.
- 5.8 The clubs must fulfil any other requirement that the General Assembly may establish.

Article 6 Cancellation or suspension of the Licensed Club Contract

- 6.1 ECA has the right to cancel the Licensed Club Contract, or temporarily suspend it at its own discretion, for one of the following reasons:
- 6.1.1 In the event that the Licensed Club finishes in the last position of the EuroLeague standings in three different seasons during the term of its Licensed Club Contract.
 - 6.1.2 The Club has stopped fulfilling the requirements established in these Licensing Rules or for any other reason provided by the relevant Licensed Club Contract.
 - 6.1.3 The Club fails to comply with its duties as set down in the agreements and commitments entered into by the Club with the Companies, or prevents or obstructs the fulfilment of contracts entered into by the Companies with third parties, including but not limited to the Audiovisual Rights Agreements and Partnership Agreements, or fails to comply with the economic control rules approved by the General Assembly.
 - 6.1.4 If, in the season that has just finished, the Club has ranked among the clubs placed in the bottom half of the Domestic Championship final standings. For the purposes of this article, if the Domestic Championship has an odd number of teams, the bottom half includes half plus 0.5.
 - 6.1.5 In the case that, during two consecutive seasons, a Club does not manage to reach the threshold of 80% of paid attendance in relation to the minimum arena capacity throughout the EuroLeague season as established in the EuroLeague Bylaws. For the purposes of this article, it will be taken into account that the sale of the ticket products is effective, full-price, and according to a reasonable pricing policy. It will be evaluated if there is any evidence that the average of paid tickets has increased during this two-season period.
 - 6.1.6 The Club fails to fulfil the criteria and requirements established in the EuroLeague Financial Stability and Fair Play Regulations.

6.1.7 If, in the country where the Club has its headquarters, reasonable expectations about audiovisual rights sales are not fulfilled with reference to the Club. These expectations must be established in the EuroLeague Commercial Plan, which will be subject to the approval of the General Assembly.

This will not be applied to those Clubs that have participated for less than three seasons in the EuroLeague.

6.1.8 The Club has been sanctioned with the prohibition of participating in the Euroleague Basketball competitions.

6.2 The cancellation of the Licensed Club Contract will entail the loss of the Club's right to participate in the EuroLeague, and therefore the loss of all rights derived from the Club's condition as a EuroLeague member. In addition, the Club will lose its condition as an ECA shareholder, which will entail the obligation to sell its shares in this company according to the procedures and pricing criteria established by the General Assembly.

6.3 The suspension of the Licensed Club Contract will entail the loss of the Club's right to participate in the EuroLeague, the loss of the Club's rights derived from its participation, and the loss of the economic and voting rights in ECA. Additionally, the suspension of the Licensed Club Contract will entail the Club's obligation to refrain from executing any rights whatsoever (e.g. economic, voting, etc) held in the Companies or, as the case maybe, the Club's obligation to sell its ECA shares according to the procedures, consideration and pricing criteria established by the General Assembly, during the period in which the licence is suspended.

Article 7 Substitution of a club

When a vacancy arises among the Licensed Clubs for whatever reason, the Shareholders Executive Board may propose to the General Assembly the substitution of the place for a wild card, which will be granted to the club that the General Assembly considers appropriate, for the period that it deems necessary and under the conditions that the General Assembly establishes. In whatever case, the endorsement of EV will be required.

CHAPTER III

Associated Club Licences

Article 8 Associated Club Licences to participate in the EuroLeague

ECA will approve the clubs to which it will grant Associated Club Licences to participate in the EuroLeague. The endorsement of EV will be required.

ECA will grant the EuroCup champion and runner-up a one-year Associated Club Licence for participating in the EuroLeague the following season, applying the mechanism established in Article 10.3.

Article 9 Criteria for allocating Associated Club Licences

ECA will grant at its own discretion Associated Club Licences to the clubs that comply with the following criteria:

- 9.1** Use of an arena with a minimum capacity for 5,000 seated spectators that is less than a four-hour commercial flight from Frankfurt am Main (on the understanding that this city is considered as being in the geographical centre of the European Union territory for the purposes of these Licensing Rules) and has all necessary technical elements duly approved for the game of basketball, as well as all other requirements demanded in the corresponding regulations.
- 9.2** Availability of at least two 4 star hotels within a maximum distance of 25km by road from the arena.
- 9.3** International airport at a maximum distance of 100km by road from the arena, with enough daily flights to allow the teams to have access to the city under the right conditions, without significant disruption to their schedule.
- 9.4** The club must meet the requirements established in the EuroLeague Financial Stability and Fair Play Regulations.
- 9.5** The club must be in a sound legal position and will not have, by itself or through its managers or employees, any conflict of interests with any other club participating in the Euroleague Basketball competitions or be involved in companies representing players and/or coaches.

9.6 The club must not be banned or temporarily suspended from participating in the EuroLeague Basketball competitions by the Companies, regardless of the reason for the prohibition or suspension.

Article 10 Special conditions for the EuroLeague champion, EuroCup champion and EuroCup runner-up

10.1 ECA will grant the EuroLeague champion a one-year licence for participating in the EuroLeague the following season, provided that the EuroLeague champion is not already a Licensed Club for the following season.

10.2 ECA will grant the EuroCup champion a one-year licence for participating in the EuroLeague the following season.

10.3 ECA will grant a one-year licence for participating in the EuroLeague the following season, to the club that had originally qualified for the EuroLeague as EuroCup champion or EuroCup runner-up and has finished in the highest position among the top eight clubs of the EuroLeague standings. If that is not the case, ECA will grant the one-year licence to the EuroCup runner-up. This article will be applied for a maximum of two seasons.

10.4 In all cases, the allocation of the licence will be conditional upon the fulfilment of all terms and conditions established in these Licensing Rules for the Clubs with Associated Club Licences. In the case that the club does not fulfil these requirements, the Shareholders Executive Board will propose the allocation of a wild card to the General Assembly.

Article 11 Requirements for participation in the EuroLeague as an Associated Club

11.1 Signature of the Associated Club Contract pursuant to the model of Appendix II.

11.2 Subscription of ECA shares if so agreed by the General Assembly for the Associated Clubs, as well as, if appropriate, the signature of all the necessary documents required for the smooth and effective administration and organisation of ECA and the EuroLeague (including but not limited to powers of attorney, minutes of shareholders meetings, shareholders agreements, and any other documents).

11.3 Participation in the Domestic Championship, unless an exception is approved by the Shareholders Executive Board.

- 11.4** Express declaration of observance of the EuroLeague Bylaws and any future modifications, amendments and appendices thereto, as well as of any act or resolution approved by the governing bodies of the Companies.
- 11.5** Payment of the registration fee established by the General Assembly each season.
- 11.6** Reasonable expectation of resources generated from audiovisual and/or partnership rights for the EuroLeague as a whole, TV coverage of the club's home games and observance of the quality standards of TV production.
- 11.7** Fulfilment of the EuroLeague Financial Stability and Fair Play Regulations, including the provision of an express declaration of sound financial position of the club, stating that the club has no debts, has not been formally declared bankrupt or insolvent by a competent body in its home country and has not entered into liquidation or dissolution, following the model shown in Appendix IV. This declaration will be certified by an auditing firm.
- 11.8** Provision of an express declaration of sound legal position of the club, stating that the club, its managers and/or employees do not fall into the incompatibility situations established in Appendix V.
- 11.9** The clubs that have participated in previous seasons with Associated Club Licences must have fulfilled the criteria and requirements established in the EuroLeague Financial Stability and Fair Play Regulations.
- 11.10** The clubs must fulfil any other requirement that the General Assembly may establish.

Article 12 Substitution of a club

When a vacancy arises among the Clubs with, or having been granted, an Associated Club Licence for whatever reason, the Shareholders Executive Board will propose the substitution of the place for a wild card to the General Assembly, which will be granted to the club that the General Assembly considers appropriate at its own discretion.

Article 13 Wild cards

A club receiving a wild card that entitles it to participate directly in the EuroLeague by means of an Associated Club Licence, as a consequence of a vacancy or by direct assignment from the General Assembly, must meet the requirements established for these types

of licences, including any additional requirements that the General Assembly, following the proposal by the Shareholders Executive Board, considers appropriate at its own discretion and for the period that it deems necessary.

Article 14 Waiving of rights

If, after having registered in or having been admitted to the EuroLeague, a Club renounces its participation, fails to comply with the requirements for participation or withdraws from the EuroLeague in any of its phases, it will be subject to the opening of a possible disciplinary proceeding and liable for any further damages. Additionally, the Club acknowledges and accepts that any future entitlement to be registered in the following editions of the Euroleague Basketball competitions will not grant the Club an automatic right to be registered or admitted therein.

CHAPTER IV

Transfer of the Licence, Change of City and Transfer of Shares

Article 15 **Transfer of the licence**

Only the Licensed Clubs may grant their licence to a third-party club, with the prior approval of the General Assembly, which will be confirmed by EV, and provided that they fulfil the specific requirements for transferring licences that will be approved by the General Assembly.

Under no circumstance will a Licensed Club that has not participated for at least three consecutive seasons with a Licensed Club Licence be authorised to transfer its licence. No act, commitment or resolution that is undertaken contravening this limitation will be legally effective. Neither the Companies nor the Clubs will be responsible before third parties for this non-compliance.

Article 16 **Change of the city in which the team has its arena**

In the case that the Club decides to change the city in which the team has its arena, it must request the approval of the General Assembly.

To grant the authorisation established in the above paragraph, the General Assembly will take into account if the operation in question guarantees the compliance with the EuroLeague Bylaws, and if it is beneficial for the EuroLeague, for the promotion of basketball and for the commercialisation of the EuroLeague properties.

Article 17 **Transfer of shares**

Any substitution of a Club, whatever the reason for this substitution is, will entail the obligation of the old member to sell its ECA shares according to the procedures, consideration and pricing criteria established by the General Assembly.

CHAPTER V

Rights and Obligations of the Clubs, Special Obligations and Economic Rules

Article 18 Rights and obligations of the clubs

18.1 The Clubs have the following rights:

- 18.1.1 To participate in the EuroLeague.
- 18.1.2 To benefit from all agreements, covenants and dealings carried out by the Companies for the good of the EuroLeague.
- 18.1.3 To benefit from the economic amounts established and allocated as a market and/or sports pool share for their participation in the EuroLeague according to the economic distribution agreed by the General Assembly.
- 18.1.4 To participate, as provided by these Licensing Rules, in the management decisions regarding the EuroLeague.
- 18.1.5 To be informed of the annual state of the profit and loss accounts related to the EuroLeague and the Companies.
- 18.1.6 All other rights recognised in these Licensing Rules and all subsequent modifications, amendments and appendices thereto, as well as all other rights recognised in the EuroLeague Bylaws, agreements and resolutions governing the EuroLeague.

18.2 The Clubs have the following obligations:

- 18.2.1 To accept and comply with the EuroLeague Bylaws, which include the obligation to participate in the EuroLeague.
- 18.2.2 To comply with the resolutions, agreements and commitments adopted or entered into by the Companies, the Shareholders Executive Board and the General Assembly.
- 18.2.3 To report to the Companies any information that might be required and necessary for the optimal organisation of the EuroLeague.

- 18.2.4 To provide loyal and good faith cooperation with the Companies and the other Clubs, facilitate the smooth administration and management of the Companies and the EuroLeague and abstain from any conduct that may obstruct or delay the smooth administration and management of the Companies and the EuroLeague.
- 18.2.5 To fulfil all other obligations that may arise out of these Licensing Rules and any subsequent modifications, amendments and appendices thereto, as well as all other obligations that may arise out of the EuroLeague Bylaws, agreements and resolutions governing the EuroLeague.

Article 19 Special obligations

The Shareholders Executive Board may establish special obligations or additional guarantees or even reject the admission of those clubs that have had a EuroLeague licence that has been cancelled for a reason attributable to the club, pursuant to these Licensing Rules.

Article 20 Economic rules for the clubs

The General Assembly may establish rules with the aim of guaranteeing the economic stability of the Clubs, by defining criteria that permit a homogeneous assessment of their economic and financial position, as well as making decisions to guarantee the smooth running of the EuroLeague. These criteria will be updated accordingly in the EuroLeague Regulations (Appendix III: EuroLeague Financial Stability and Fair Play Regulations).

The Shareholders Executive Board will establish the appropriate criteria for coordinating the economic monitoring actions with those Leagues that have similar rules.

ADDITIONAL PROVISION

The General Assembly will be responsible for establishing, before the end of each season, the competition system and allocation of EuroLeague licences for the following season.

TRANSITORY PROVISION

Requirements of Clubs with a Licensed Club Licence

The Euroleague Basketball CEO is empowered by the General Assembly to approve a temporary waiver of the requirement established in Article 4.2 regarding a minimum arena capacity for 10,000 seated spectators for those clubs that have previously provided credible evidence that they are in the process to move to an arena with the required minimum capacity within a reasonable construction cycle.

FINAL PROVISIONS

1. Appendices

All appendices to these Licensing Rules form an integral part of them.

2. Disciplinary Procedures

Any breach of these Licensing Rules may be sanctioned by the Companies pursuant to the Disciplinary Code or, if appropriate, with the cancellation of the Contract.

3. Entry into force

These Licensing Rules will come into force beginning the date on which the General Assembly approves them, without prejudice to the subsequent modifications, amendments and appendices thereto that may be approved by the General Assembly.

5. The Club hereby grants EP on an exclusive and worldwide basis all its Audiovisual Rights (as defined in Appendix I attached to this Contract)

related to the Club and its participation in the EuroLeague or in any other Events.

In particular, the Club grants EP an exclusive licence of the Audiovisual Rights for any business activities exclusively relating to the management, organisation, promotion and commercialisation of the EuroLeague, including but not limited to, filming and broadcasting audiovisual content related to the EuroLeague, licensing this content to third parties, entering into partnership arrangements, producing, advertising, distributing, selling, promoting and marketing products and services including those of any EuroLeague sponsors, licensees, TV broadcasters and other business parties (hereinafter collectively referred to as “EuroLeague Partners”), and including merchandise (including but not limited to calendars, agendas, clothing, footwear, sporting articles, toys and Video Games, as defined in Appendix I attached to this Contract) (the “Purpose”).

As the exclusive owner of all the Audiovisual Rights, EP will be entitled to hold, use and exploit them exclusively for the Purpose without any limitation and in the manner that it deems appropriate, through any form of exploitation and by any means, formats, materials or procedures, either during the term of this Contract or after its resolution or termination whatever the cause or reason. EP will also be entitled to assign, grant, license or transfer the Audiovisual Rights to any third parties, exclusively or not, and under the terms and conditions stipulated in the previous paragraph.

Pursuant to the foregoing, the Club will not hold audiovisual rights or any other rights of a similar nature over the Audiovisual Rights nor may exploit them in any way or by any means, whether directly or indirectly, in whole or in part, unless with the previous written authorisation of EP.

The rights assigned by virtue of this Contract may be exercised in connection with the whole or part of the Audiovisual Rights, as well as through the totality or part of the authorised modalities of exploitation, without any kind of limitation.

6. The Club expressly authorises EP, the Company, or any of their successors, licensees or assignees to use and exploit, without any restriction, all Intellectual Property (as defined in Appendix II to this Contract) of any logos, symbols, trademarks and names of the Club for any and all commercial, advertising and promotional purposes aimed at promoting the EuroLeague, including the production, licence and/or sale of EuroLeague merchandise and other commercial materials (hereinafter referred to as the “Club IP”).

In particular, the Club grants EP an exclusive and worldwide licence for the Club IP exclusively for the Purpose.

The authorisation granted by means of this clause is made on a royalty-free basis and allows EP to use and exploit, without any restriction, any intellectual property of the Club IP exclusively for the Purpose, together with

the logos, symbols, trademarks and names of EP or together with the logos, symbols, trademarks and names of EP and of any third party, through any form of exploitation and by any means, formats, materials or procedures, for any and all commercial, advertising and promotional purposes.

The assigned rights may be exercised exclusively for the Purpose in connection with the whole or part of the Club IP, as well as through the totality or part of the authorised modalities of exploitation, without any kind of limitation.

The authorisation of the Club includes the right of EP to assign, grant, license or transfer the use and exploitation of the Club IP to any third party and, in particular but without any limitation, to the official EuroLeague Partners, under the terms and conditions stipulated in the previous paragraph.

7. The Club declares to have obtained, and hereby grants EP, all the commercial and advertising exploitation of the image rights [including all rights for the name, nickname, initials, signature, number, image, likeness (photograph, caricature, etc.), voice, personal or biographical data or any combination, reproduction or simulation thereof] of its players, coaches, staff and other club-related individuals (hereinafter referred to as the “Image Rights”), exclusively for the Purpose and on a worldwide and royalty-free basis, provided that the Image Rights of these individuals appear linked to the Club, including wearing the Club’s apparel and footwear or participating in any of the Events or any other public events organised by the Club or by EP, and provided that these events are related to the EuroLeague or to any other competitions or events organised by EP or by any of its successors, licensees or assignees.

The choice of the system of commercial and advertising exploitation of the Image Rights, granted in accordance with the previous paragraph, will be the remit of EP or any of its successors, licensees or assignees. The Club commits itself to the collaboration of the individuals mentioned above in the selected system of commercial exploitation.

The authorisation of the Club includes the right of EP to assign, grant, license or transfer the use and exploitation of the Image Rights above exclusively for the Purpose to any third party and, in particular but without limitation, to the EuroLeague Partners, under the terms and conditions stipulated in the previous paragraphs.

The Club acknowledges that in certain countries the protection and enforcement of rights in an individual’s personality (such as the Image Rights) requires the personal assertion of those rights by the individual in a manner prescribed by the relevant law in that jurisdiction. The Club agrees to assist EP in obtaining the necessary consents from the players, coaches, staff or other club-related individuals in order to allow EP to exploit the Image Rights in accordance with the provisions set forth in this Contract.

8. As for the audiovisual, partnership, advertising, internet and merchandising rights related to the EuroLeague:

8.1. The Club hereby recognises and acknowledges that EP has been granted the sole and exclusive right to hold, use and exploit any and all commercial aspects of the EuroLeague, including, but not limited to, the right to retain:

- a) All revenues from any EuroLeague Partner.
- b) All revenues from the exploitation of any and all audiovisual rights (including the Audiovisual Rights) of any nature and pertaining to the EuroLeague competition, including without limitation the use of any and all still footage (provided that they have been extracted from moving footage) and moving footage, irrespective of how this footage has been recorded, reproduced, copied, stored, transmitted, or otherwise treated by any known or future means.
- c) All revenues from the exploitation of internet sites relating to the EuroLeague (but for the avoidance of doubt no revenues from internet sites owned by the Club are included).
- d) All revenues from the main/naming/presenting/title partner and other EuroLeague Partners and/or any EuroLeague game.
- e) All revenues from EuroLeague merchandise, it being understood that this right will extend to producing said merchandise or licensing the related rights.
- f) All revenues from the exploitation of the official EuroLeague suppliers (including without limitation, the suppliers of the ball, drink and computer services).
- g) All revenues from official publications of the EuroLeague.

8.2. The Club also acknowledges and agrees that EP is fully entitled, without limitation, to assign, grant, license or transfer, in full or in part, any and all rights related to the EuroLeague, as referred to in the preceding paragraph, to a third party according to the terms and conditions to be agreed between EP and this third party.

8.3. The Club acknowledges and agrees that EP is entitled to:

- a) One third of the entire commercial electronic inventory, including 24 minutes on the electronic advertising boards around the playing court within the TV cameras coverage, in the arena where the Club is going to hold, as home team, the EuroLeague games except for the games designated as Game of the Week, for which what is established in the EuroLeague Regulations will apply.

- b) One advertising space for EuroLeague self-promotion or for EuroLeague Partners positioned facing the playing court, on the upper side of each endline (so as to be within the TV cameras coverage) and between the team bench area and the backstop unit, and one advertising space for EuroLeague Partners placed on each end of the playing court, behind the endlines and in front of the backstop units, in the arena where the Club is going to hold, as home team, the EuroLeague games.
- c) The sole ownership of the advertising rights of the arena where the EuroLeague Final Four games and any other special events, including but not limited to All-Star games, are to be held.
- d) One third of the digital advertising inventory of the Club, including the Club's official website, for EuroLeague self-promotion or for EuroLeague Partners.

The Club acknowledges and agrees that any and all rights mentioned in this Paragraph 8.3 may be modified by the General Assembly.

The Club further acknowledges and agrees that EP is fully entitled, without limitation, to assign, grant, license or transfer any and all rights arising from this Paragraph 8.3 to a third party.

- 8.4.** The Club also acknowledges and agrees that EP may grant exclusivity to the main/naming/presenting/title partner of the EuroLeague and may also grant exclusivity to up to four EuroLeague Partners. In this case, under no circumstance may the Club's partners (including but not limited to advertising located within the TV cameras coverage on the playing court or elsewhere in the arena) enter into conflict with the EuroLeague Partners.

Notwithstanding the foregoing, the main/naming/presenting/title partner of the Club will be protected when it coincides with the EuroLeague Partners above. In this case, the aforementioned EuroLeague Partners might share commercial, advertising and promotional activities within the arena with the main/naming/presenting/title partner of the Club.

- 9.** For the rights granted in this Contract the Club will be entitled to receive the economic amounts established and allocated by EP as a market and sports pool share for its participation in the EuroLeague according to the economic distribution agreed by the General Assembly.

The Club acknowledges and accepts that EP will retain annually the sum of 300,000 euros from the amounts to be paid to the Club to guarantee that there are no overdue payables with EP, the Company and/or members of the Euroleague Basketball competitions during the season.

The aforementioned sum will be transferred back to the Club after the end of the EuroLeague season (fully, if the Club has fulfilled all its obligations, or partially if the Club has any overdue payables).

The Club expressly agrees that EP may at its sole discretion offset and compensate for any sum due by the Club for any reason whatsoever (including but not limited to any economic obligations such as payment to referees or payment of fines or share transfer obligations) to EP, the Company, ECA and/or any other club that participates or has participated in the Euroleague Basketball competitions against any sum due by EP or any of its successors, licensees or assignees to the Club.

10. The Club acknowledges and accepts that EP may assign, grant, license or transfer the organisation and administration of the EuroLeague to the Company or to a third party, which could be the direct or indirect beneficiaries or licensees of this Contract or of the rights granted by the Club to EP herein.
11. The Club expressly declares that it neither directly nor indirectly:
 - a) Holds or deals in the securities or shares of any other club participating in the EuroLeague, or
 - b) Is a member of any other club participating in the EuroLeague, or
 - c) Is involved in any role whatsoever in the management, administration and/or sporting activity of any other club participating in the EuroLeague, or
 - d) Has any power whatsoever in the management, administration and/or sporting activity of any other club participating in the EuroLeague.

The Club accepts and declares that no person involved in any role whatsoever in the management, administration and/or sporting activity of the Club is or may at the same time, either directly or indirectly, be involved in any capacity whatsoever in the management, administration and/or sporting activity of another club participating in the EuroLeague. In addition, no person involved in the management of the Club may, either directly or indirectly, hold or deal in the securities or shares of any other club participating in the EuroLeague.

The Club accepts and declares that no person directly or indirectly by themselves or involved in any company representing players and/or coaches may either hold or deal in the securities or shares of the Club or have any power whatsoever in the management, administration and/or sporting activity of the Club.

12. The Club represents and warrants that it is the exclusive owner of all the rights granted by virtue of this Contract, that these rights are free of any

charges or limitations, that the use and exploitation thereof by EP will not involve or lead to an infringement of any third party rights and that there is no claim or dispute regarding these rights that could disrupt or affect their full and unhindered use and exploitation by EP in any way. The Club will indemnify, defend and hold fully harmless EP, its affiliates, owners, directors, officers, employees, licensees and agents against any liabilities, damages (including the loss of profits), expenses, costs, claims, proceedings, fines or penalties in connection with: (i) any inaccuracy, omission, misrepresentation or breach of any representation and warranty herein; and/or (ii) the breach of any other provision of this Contract.

The Club undertakes not to request, demand or claim from EP any other economic consideration in the future in relation to the rights granted by virtue of this Contract and their use and exploitation by EP.

13. The stipulated term of this Contract is for a 10-year period, commencing on the date mentioned above. Should the Contract be cancelled, any pending obligations that are derived from the participation of the Club in the EuroLeague will remain in force until complete fulfilment.

14. Cancellation:

EP has the right to immediately cancel this Contract and the licence granted hereunder or temporarily suspend it at its own discretion, by written notice to the Club, if the Club finds itself under any of the circumstances below, or for any other reason included in the EuroLeague Club Licensing Rules:

- a) In the case that the Club finishes in the last position of the EuroLeague standings on three different occasions during the term of this Contract.
- b) In the season that has just finished, the Club has ranked among the clubs placed in the bottom half of the domestic championship final standings. For the purposes of this article, if the domestic championship has an odd number of teams, the bottom half includes half plus 0.5.
- c) The Club fails to comply timely, accurately, completely and in good faith with any material obligation derived from this Contract, the EuroLeague Club Licensing Rules, or any other EuroLeague regulation, rule, agreement or resolution of the governing bodies of EP, ECA, and the Company.
- d) The Club fails to comply with its duties towards EP, ECA or the Company, as set down in the agreements and commitments entered into with these companies, prevents or obstructs the fulfilment of the contracts entered into with EP, ECA and the Company (including but not limited to the Audiovisual Rights Licence Agreements and Partnership Agreements) or fails to

comply with the economic control rules approved by the General Assembly.

- e) During two consecutive seasons, the Club does not manage to reach the threshold of 80% of paid attendance in relation to the minimum arena capacity throughout the EuroLeague season as established in the EuroLeague Bylaws. For the purposes of this clause, it will be taken into account that the sale of the ticket products is effective, full-price, and according to a reasonable pricing policy. It will be evaluated if there is any evidence that the average of paid tickets has increased during this two-season period.
- f) In the country where the Club has its headquarters, reasonable expectations about audiovisual rights sales are not fulfilled with reference to the Club. Said expectations must be established in the EuroLeague Commercial Plan, which will be subject to the approval of the General Assembly.

This rule will not be applied to those Clubs that have participated for less than three seasons in the EuroLeague.

- g) The conduct or omission of the Club, its owner(s) or manager(s) or any person(s) acting for the Club, is or becomes seriously detrimental to the image and standing of EP, ECA, the Company, the EuroLeague or other clubs participating in the Euroleague Basketball competitions (including but not limited to any action incompatible with basic values of sports and ethics).
- h) The Club has been formally declared bankrupt or insolvent by a competent body in its home country, has entered into liquidation or dissolution or any similar proceeding affecting the ordinary course of its activity, or it is in a situation in which it is obliged under law to file an insolvency proceeding or be entered into liquidation or dissolution, winding up or any similar proceeding in its jurisdiction.
- i) The Club does not cooperate with the utmost diligence and in good faith with any governing body or representative of the EuroLeague, EP, ECA or the Company or any of their successors, licensees or assignees.
- j) The Club has been sanctioned with the prohibition of participating in the Euroleague Basketball competitions.

In addition to the cancellation or suspension of the Contract, EP may claim any damages related thereto.

15. The Club will not in any way assign, grant, license or transfer this Contract or the related licence to any third party nor will it assign, grant, license or transfer to any third party the rights and duties arising hereunder, without the prior written consent of the General Assembly.

To grant the authorisation established in the paragraph above, the General Assembly will take into account if the operation in question guarantees the compliance with the EuroLeague Bylaws, and if it is beneficial for the EuroLeague, for the promotion of basketball and for the commercialisation of the EuroLeague properties.

16. This Contract will be governed by and construed in accordance with the substantive law of Switzerland.

All disputes arising out of or in connection with this Contract, including any question regarding its existence, validity, interpretation, breach, performance or termination, will be ultimately and exclusively settled under the Rules of Arbitration of the International Chamber of Commerce by a panel of three arbitrators appointed in accordance with these Rules. The arbitration will be conducted in English and the seat of arbitration will be in Lugano (Switzerland). Prior to resorting to arbitration, the parties are obliged to attempt an amicable settlement through the good offices of a mediator appointed by the Court of Arbitration for Sport (CAS) in Lausanne in accordance with the CAS Mediation Rules; if the settlement is not achieved in 30 days, either party may resort to the arbitration procedure above. The parties will be bound by a duty of confidentiality.

In witness whereof, the parties have caused this Contract to be executed by their duly authorised representatives as of the date mentioned on the first page hereof, in two original copies, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

The authorisation of the Club includes the right of EP to assign, grant, license or transfer the use and exploitation of the Image Rights above exclusively for the Purpose to any third party and, in particular but without limitation, to the EuroLeague Partners, under the terms and conditions stipulated in the previous paragraphs.

The Club acknowledges that in certain countries the protection and enforcement of rights in an individual’s personality (such as the Image Rights) requires the personal assertion of those rights by the individual in a manner prescribed by the relevant law in that jurisdiction. The Club agrees to assist EP in obtaining the necessary consents from the players, coaches, staff or other club-related individuals in order to allow EP to exploit the Image Rights in accordance with the provisions set forth in this Contract.

 - f) All revenues from the exploitation of the official EuroLeague suppliers (including without limitation, the suppliers of the ball, drink and computer services).
 - g) All revenues from official publications of the EuroLeague.
- 8.2.** The Club also acknowledges and agrees that EP is fully entitled, without limitation, to assign, grant, license or transfer, in full or in part, any and all rights related to the EuroLeague, as referred to in the preceding paragraph, to a third party according to the terms and conditions to be agreed between EP and this third party.
- 8.3.** The Club acknowledges and agrees that EP is entitled to:
- a) One third of the entire commercial electronic inventory, including 24 minutes on the electronic advertising boards around the playing court within the TV cameras coverage, in the arena where the Club is going to hold, as home team, the EuroLeague games except for the games designated as Game of the Week, for which what is established in the EuroLeague Regulations will apply.
 - b) One advertising space for EuroLeague self-promotion or for EuroLeague Partners positioned facing the playing court, on the upper side of each endline (so as to be within the TV cameras coverage) and between the team bench area and the backstop unit, and one advertising space for EuroLeague Partners placed on each end of the playing court, behind the endlines and in front of

the backstop units, in the arena where the Club is going to hold, as home team, the EuroLeague games.

- c) The sole ownership of the advertising rights of the arena where the EuroLeague Final Four games and any other special events, including but not limited to All-Star games, are to be held.
- d) One third of the digital advertising inventory of the Club, including the Club's official website, for EuroLeague self-promotion or for EuroLeague Partners.

The Club acknowledges and agrees that any and all rights mentioned in this Paragraph 8.3 may be modified by the General Assembly.

The Club further acknowledges and agrees that EP is fully entitled, without limitation, to assign, grant, license or transfer any and all rights arising from this Paragraph 8.3 to a third party.

- 8.4.** The Club also acknowledges and agrees that EP may grant exclusivity to the main/naming/presenting/title partner of the EuroLeague and may also grant exclusivity to up to four EuroLeague Partners. In this case, under no circumstance may the Club's partners (including but not limited to advertising located within the TV cameras coverage on the playing court or elsewhere in the arena) enter into conflict with the EuroLeague Partners.

Notwithstanding the foregoing, the main/naming/presenting/title partner of the Club will be protected when it coincides with the EuroLeague Partners above. In this case, the aforementioned EuroLeague Partners might share commercial, advertising and promotional activities within the arena with the main/naming/presenting/title partner of the Club.

- 9.** For the rights granted in this Contract the Club will be entitled to receive the economic amounts established and allocated by EP as a sports pool share for its participation in the EuroLeague according to the economic distribution agreed by the General Assembly.

The Club acknowledges and accepts that EP will retain the sum of 100,000 euros from the amounts to be paid to the Club to guarantee that there are no overdue payables with EP, the Company and/or members of the Euroleague Basketball competitions during the season.

The aforementioned sum will be transferred back to the Club after the end of the EuroLeague season (fully, if the Club has fulfilled all its obligations, or partially if the Club has any overdue payables).

The Club expressly agrees that EP may at its sole discretion offset and compensate for any sum due by the Club for any reason whatsoever

(including but not limited to any economic obligations such as payment to referees or payment of fines or share transfer obligations if any) to EP, the Company, ECA and/or any other club that participates or has participated in the Euroleague Basketball competitions against any sum due by EP or any of its successors, licensees or assignees to the Club.

10. The Club acknowledges and accepts that EP may assign, grant, license or transfer the organisation and administration of the EuroLeague to the Company or to a third party, which could be the direct or indirect beneficiaries or licensees of this Contract or of the rights granted by the Club to EP herein.
11. The Club expressly declares that it neither directly nor indirectly:
 - a) Holds or deals in the securities or shares of any other club participating in the EuroLeague, or
 - b) Is a member of any other club participating in the EuroLeague, or
 - c) Is involved in any role whatsoever in the management, administration and/or sporting activity of any other club participating in the EuroLeague, or
 - d) Has any power whatsoever in the management, administration and/or sporting activity of any other club participating in the EuroLeague.

The Club accepts and declares that no person involved in any role whatsoever in the management, administration and/or sporting activity of the Club is or may at the same time, either directly or indirectly, be involved in any capacity whatsoever in the management, administration and/or sporting activity of another club participating in the EuroLeague. In addition, no person involved in the management of the Club may, either directly or indirectly, hold or deal in the securities or shares of any other club participating in the EuroLeague.

The Club accepts and declares that no person directly or indirectly by themselves or involved in any company representing players and/or coaches may either hold or deal in the securities or shares of the Club or have any power whatsoever in the management, administration and/or sporting activity of the Club.

12. The Club represents and warrants that it is the exclusive owner of all the rights granted by virtue of this Contract, that these rights are free of any charges or limitations, that the use and exploitation thereof by EP will not involve or lead to an infringement of any third party rights and that there is no claim or dispute regarding these rights that could disrupt or affect their full and unhindered use and exploitation by EP in any way. The Club will indemnify, defend and hold fully harmless EP, its affiliates, owners, directors, officers, employees, licensees and agents against any liabilities, damages

(including the loss of profits), expenses, costs, claims, proceedings, fines or penalties in connection with: (i) any inaccuracy, omission, misrepresentation or breach of any representation and warranty herein; and/or (ii) the breach of any other provision of this Contract.

The Club undertakes not to request, demand or claim from EP any other economic consideration in the future in relation to the rights granted by virtue of this Contract and their use and exploitation by EP.

- 13.** The stipulated term of this Contract is one season. At the end of the one-season period, the Contract will expire on 30 June of that year, without prejudice to any pending obligations that are derived from the participation of the Club in the EuroLeague and that will remain in force until complete fulfilment. Should the Club maintain the requirements that, according to the EuroLeague Club Licensing Rules, are necessary for participation in the EuroLeague, the Club will be entitled to sign a new Contract.

14. Cancellation:

EP has the right to immediately cancel this Contract and the licence granted hereunder, not to renew it or temporarily suspend it at its own discretion, by written notice to the Club, if the Club finds itself under any of the circumstances below, or for any other reason included in the EuroLeague Club Licensing Rules:

- a) The Club fails to comply timely, accurately, completely and in good faith with any material obligation derived from this Contract, the EuroLeague Club Licensing Rules, or any other EuroLeague regulation, rule, agreement or resolution of the governing bodies of EP, ECA, and the Company.
- b) The Club fails to comply with its duties towards EP, ECA or the Company, as set down in the agreements and commitments entered into with these companies, prevents or obstructs the fulfilment of the contracts entered into with EP, ECA and the Company (including but not limited to the Audiovisual Rights Licence Agreements and Partnership Agreements) or fails to comply with the economic control rules approved by the General Assembly.
- c) The conduct or omission of the Club, its owner(s) or manager(s) or any person(s) acting for the Club, is or becomes seriously detrimental to the image and standing of EP, ECA, the Company, the EuroLeague or other clubs participating in the EuroLeague Basketball competitions (including but not limited to any action incompatible with basic values of sports and ethics).

- d) The Club has been formally declared bankrupt or insolvent by a competent body in its home country, has entered into liquidation or dissolution or any similar proceeding affecting the ordinary course of its activity, or it is in a situation in which it is obliged under law to file an insolvency proceeding or be entered into liquidation or dissolution, winding up or any similar proceeding in its jurisdiction.
- e) The Club does not cooperate with the utmost diligence and in good faith with any governing body or representative of the EuroLeague, EP, ECA or the Company or any of their successors, licensees or assignees.
- f) The Club has been sanctioned with the prohibition of participating in the Euroleague Basketball competitions.

In addition to the cancellation or suspension of the Contract, EP may claim any damages related thereto.

15. The Club will not in any way assign, grant, license or transfer this Contract or the related licence to any third party nor will it assign, grant, license or transfer to any third party the rights and duties arising hereunder, without the prior written consent of the General Assembly.

To grant the authorisation established in the paragraph above, the General Assembly will take into account if the operation in question guarantees the compliance with the EuroLeague Bylaws, and if it is beneficial for the EuroLeague, for the promotion of basketball and for the commercialisation of the EuroLeague properties.

16. This Contract will be governed by and construed in accordance with the substantive law of Switzerland.

All disputes arising out of or in connection with this Contract, including any question regarding its existence, validity, interpretation, breach, performance or termination, will be ultimately and exclusively settled under the Rules of Arbitration of the International Chamber of Commerce by a panel of three arbitrators appointed in accordance with these Rules. The arbitration will be conducted in English and the seat of arbitration will be in Lugano (Switzerland). Prior to resorting to arbitration, the parties are obliged to attempt an amicable settlement through the good offices of a mediator appointed by the Court of Arbitration for Sport (CAS) in Lausanne in accordance with the CAS Mediation Rules; if the settlement is not achieved in 30 days, either party may resort to the arbitration procedure above. The parties will be bound by a duty of confidentiality.

In witness whereof, the parties have caused this Contract to be executed by their duly authorised representatives as of the date mentioned on the first page hereof, in two original copies, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

APPENDIX III

EUROLEAGUE FINANCIAL STABILITY AND FAIR PLAY REGULATIONS

APPENDIX III**EUROLEAGUE FINANCIAL STABILITY AND FAIR PLAY REGULATIONS****Article 1 Object**

The object of these regulations is the following:

- a) Ensure good financial practice in the Euroleague Basketball competitions.
- b) Guarantee the transparency and credibility in the finances of the participating clubs.
- c) Ensure the financial stability of the clubs and the Euroleague Basketball competitions through a balanced budget and a consolidated equity, protecting the long-term viability and sustainability of the Euroleague Basketball competitions.
- d) Guarantee the fulfilment of the economic commitments adopted by the clubs.
- e) Define the role and tasks of the Management Control Commission and the external auditing firm, the minimum procedures to be followed in their assessment of the requirements that the clubs must meet, and the financial responsibilities of the clubs in relation to the Euroleague Basketball competitions.

Article 2 Definitions

For the purpose of these regulations, the applicable definitions of terms are the following:

- a) **T SEASON**: the official basketball season (from 1 July to 30 June) in which the club participates in the EuroLeague.
- b) **T-1 SEASON**: the season immediately preceding the T season. The T-1 season is the one in which the club submits its application to participate in the EuroLeague the following season.
- c) **T-2 SEASON**: the season immediately preceding the T-1 season.
- d) **T-3 SEASON**: the season immediately preceding the T-2 season.
- e) **T-4 SEASON**: the season immediately preceding the T-3 season.

- f) **PLAYER:** Any individual who has been under a labour contract with the club within the reporting period which may enable him to participate as a player in any basketball game during this period.
- g) **FAIR PLAY RESULT:** the difference between total revenues and total expenses for each reporting period, which must be calculated in accordance with Exhibit A and Exhibit B hereto.

If total expenses are less than total revenues for a reporting period, then the club has a surplus/profit.

If total expenses are greater than total revenues for a reporting period, then the club has a deficit/loss.

In case of an aggregate deficit for the monitoring period and to enable a better understanding of the facts, the club may demonstrate that the aggregate deficit is reduced by a surplus (if any) resulting from the sum of the results from the two reporting periods prior to T-2 (i.e. reporting periods T-3 and T-4).

If a club's financial statements are denominated in a currency other than euros, then the fair play result must be converted into euros at the average exchange rate of the reporting period.

- h) **AGGREGATE RESULT:** the sum of the fair play results of each reporting period covered by the monitoring period (i.e. reporting periods T-1, T-2 and T-3).
- i) **AGGREGATE DEFICIT:** the situation when the aggregate fair play result for the monitoring period is negative (below 0).
- j) **INVESTMENTS IN THE CLUB'S FACILITIES:** Any type of investment in tangible or intangible assets related to the club's facilities (new acquisition or renovation of the arena/offices and all its related tangible or intangible assets).
- k) **OVERDUE PAYABLES:** Payables are considered as overdue if they are not paid according to the agreed terms.

Payables are not considered as overdue if the club is able to prove that:

- i. The club has paid the relevant amount in full; or
- ii. The club has concluded an agreement that has been accepted in writing by the creditor to extend the deadline for payment beyond the applicable deadline; or

iii. The club has brought or contested a legal claim that has been deemed admissible by the competent authority under national law or has opened proceedings with the national or international authorities or relevant arbitration tribunal contesting liability in relation to the overdue payables; however, if the decision-making bodies [Euroleague Commercial Assets S.A. (hereinafter “ECA”) and/or the Management Control Commission] consider that this claim or contestation has been brought or these proceedings have been opened for the sole purpose of avoiding the deadlines set out in these regulations (i.e. in order to buy time) and/or that this claim or contestation is unfounded, the relevant amount will still be considered as an overdue payable.

I) **COSTS OF ACQUIRING A PLAYER’S REGISTRATION:** amounts paid and/or payable to another club and/or a third party for the acquisition of a player’s registration, including training compensation and solidarity contributions and excluding any internal development or other costs.

Accounting requirements for player registrations:

1. Notwithstanding that each club has to prepare audited annual financial statements under its own national accounting practice for incorporated companies, the International Financial Reporting Standards or the International Financial Reporting Standard for Small and Medium-sized Entities, these regulations include specific accounting requirements for player registrations carried as intangible fixed assets.
2. Clubs that capitalise the costs of acquiring a player’s registration must apply certain minimum accounting requirements as described in paragraph 4.
3. If a club has an accounting policy to expense the costs of acquiring a player’s registration rather than capitalise them, and this is permitted under its national accounting practice, there is no requirement for this club to apply the minimum accounting requirements set out below and it does not have to prepare restated figures. In this case, the total amount would be considered as an expense of the relevant season.
4. The minimum accounting requirements for clubs that capitalise the costs of acquiring a player’s registration are as follows:
 - a) In respect of each individual player’s registration, the depreciable amount must be allocated on a systematic

basis over its useful life. This is achieved by the systematic allocation of the cost of the asset as an expense over the period of the player's contract.

- b) Only direct costs of acquiring a player's registration can be capitalised. For accounting purposes, the carrying value of an individual player must not be revalued upwards, even though management may believe market value is higher than carrying value. In addition, whilst it is acknowledged that a club may be able to generate some value from the use and/or transfer of locally trained players, for accounting purposes costs relating to a club's own youth sector must not be included in the balance sheet – as only the cost of players purchased is to be capitalised.
 - c) Amortisation must begin when the player's registration is acquired. Amortisation ceases when the asset is classified as held for sale or when the asset is derecognised (i.e. the registration is transferred to another club), whichever comes first.
 - d) All capitalised player values must be reviewed individually each year by management for impairment. If the recoverable amount for an individual player is lower than the carrying amount on the balance sheet, the carrying amount must be adjusted to the recoverable amount and the adjustment charged to the profit and loss account as an impairment cost. It is recommended for each club to apply consistent accounting policies in respect of player registration costs.
5. The club must prepare supplementary information (to be submitted to the Management Control Commission) if the accounting requirements described in these regulations are not met by the disclosures and accounting treatment in the audited annual financial statements. The supplementary information must include a restated balance sheet, profit and loss account and any associated notes to meet the requirements set out above. There must also be included a note (or notes) reconciling the results and financial position shown in the supplementary information document to those shown in the audited financial statements (that were prepared under the national accounting practice). The restated financial information must be assessed by the auditor by way of agreed-upon procedures.

- m) **NET PLAYER TRANSFER REVENUES:** the profit/(loss) on the disposal of a player's registration to another club to be recognised in the profit and loss account is the difference between the disposal proceeds and the residual carrying value of the player's registration in the balance sheet as at the date of the transfer. In the event that the result of this operation is a negative amount, this amount will be considered within the player's registration costs allocated to expenses for the relevant season.
- n) **NET PLAYER TRANSFER BALANCE:** the difference between the net player transfer revenues of the club for the relevant season and the player's registration costs allocated to expenses for the same season.

With regard to Article 3e) of these regulations, the following concepts will be considered within the player remunerations for the relevant season:

- If the net player transfer revenues of a specific season are greater than the player's registration costs allocated to expenses of the same period, then the club has a surplus transfer balance. This surplus will be used to reduce the cumulative player remuneration cost of the relevant season.
 - If the net player transfer revenues of a specific season are lower than the player's registration costs allocated to expenses of the same period, then the club has a deficit transfer balance. This deficit increases the cumulative player remuneration cost of the relevant season.
- o) **PLAYER REMUNERATIONS:**

The following concepts will be included within the player remunerations of a particular club for the relevant season:

- Gross remuneration received by all players under contract with the club.
- Player's registration costs allocated to expenses.
- Any fee paid by the club to the player agents related to the services provided to the players.
- Any additional revenues and/or benefits that the players receive for their activity for the club as basketball players, including those from third parties.

The gross remuneration of the season will be fully registered in the profit and loss account of that season on an accrual basis.

The criteria used in paragraphs l), m), n) and o) for players will also be applied for coaches.

Only with regard to compliance with the provisions of Article 3e) of these regulations, the Net Player Transfer Balance will be taken into account.

- p) **GROSS REMUNERATION:** aggregate amount of wages received by an individual on a regular basis, usually monthly, including any tax payments made by the club originating from the net remuneration. In addition, social security contributions, payments according to image rights, compensation for early termination, provisions for any bonuses and payments in kind must be included in the gross remuneration.
- q) **IMAGE RIGHTS PAYMENTS:** the amounts due to employees (either directly or indirectly) as a result of contractual agreements with the clubs for the right to exploit the image or reputation of the employees in relation to basketball and/or non-basketball activities.
- r) **PAYMENT IN KIND:** the use of goods or services as payment instead of cash (such as housing, cars and free or subsidised goods or services) plus any applicable taxes.
- s) **RELATED PARTY:** a person or entity that is related to the club, taking into account the substance of the relationship and not merely the legal form.
- i. A person is considered a related party to the club if that person has control, joint control or significant influence over the club.
- ii. An entity is considered a related party to the club if:
- Both entities are members of the same group.
 - Both entities are controlled, jointly controlled or significantly influenced by the same government.
 - One entity has significant influence over the other entity.
 - One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - Both entities are joint ventures of the same third party.
 - One entity is a third party of a joint venture and the other entity is an associate of the third party.

- The entity is controlled or jointly controlled by a person identified in Paragraph i. above.
 - A person identified in Paragraph i above has significant influence over the entity or is a member of the key management personnel of the entity.
 - The entity, or any member of a group of which the entity is a member, provides key management personnel services to the club.
 - The entity, alone or in aggregate together with other entities which are linked to the same owner or government, represent more than 30% of the club's total revenues.
- t) **SHAREHOLDER/RELATED-PARTY CONTRIBUTIONS.** Contributions from shareholders/related parties include:
- i. Amounts received from a shareholder/related party as a donation that are an unconditional gift made to the club and that increase the club's equity without any obligation for repayment; and/or
 - ii. Share capital increase: payments for shares through the share capital or share premium reserve accounts less capital reductions; and/or
 - iii. Revenue transactions from a related party: the amount to be considered as a contribution will be no more than an amount equivalent to the difference between the actual revenues in a reporting period and the fair value of the transaction(s) in a reporting period; and/or
 - iv. Club contribution to the basketball department.
- u) **RELATED-PARTY TRANSACTION:** a transfer of resources, services or obligations between related parties, regardless of whether a price has been charged.
- v) **FAIR VALUE:** the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction. An arrangement or a transaction is deemed to be 'not transacted on an arm's length basis' if it has been entered into on terms more favourable to either party to the arrangement than would have been obtained if there had been no related party relationship.

Article 3 Financial criteria

Each club (club holding a licence and/or club applying for a licence in accordance with the EuroLeague Bylaws) will have to comply with the following criteria:

- a) Not having any overdue payables with former or registered players, coaches and/or employees for more than 45 days, any other club participating in the Euroleague Basketball competitions, EuroLeague Properties S.A. (hereinafter “EP”) and/or the company designated by EP to manage the Euroleague Basketball competitions (hereinafter the “Company”) or any of their respective successors, licensees or assignees (either directly by the club or indirectly by any other companies in which the club, its owners, managers or any person(s) acting for the club participate), and/or any tax or social authorities. In the event of training agreements the aforementioned deadline will be reduced to 20 days.
- b) Not having been formally declared bankrupt or insolvent by a competent body in its home country, not having entered into liquidation or dissolution or any similar proceeding affecting the ordinary course of its activity, or not being in a situation in which it is obliged under law to file an insolvency proceeding or be entered into liquidation or dissolution, winding up or any similar proceeding in its jurisdiction. In the event that a club has undergone any of the aforementioned situations prior to participating in the Euroleague Basketball competitions, a period of one year after having exited that situation must have passed prior to applying for a licence to participate. The club will provide the corresponding certificate from the competent official body.
- c) Not presenting an aggregate deficit from the three immediately previous seasons (T-1, T-2 and T-3) that exceeds 10% of the club’s budget average from those same seasons (T-1, T-2 and T-3). - d) Presenting a revenue budget of a minimum of 7,000,000.
- e) Having a budget allocated to gross player remunerations that does not exceed 65% of the total budgeted expenses of the club for the T season. Extraordinary expenses will not be considered for the ratio calculation.

Consolidation/combination requirements:

- 1) The financial information of all entities included in the reporting perimeter must be either consolidated or combined as if they were a single company.

- 3) Combined financial statements are those that include information about two or more commonly controlled entities without information about the controlling entity.

Article 5 Analysis and assessment of documents

Once the documents have been submitted, they will be analysed by the Management Control Commission. The club will reply to all requests for clarifications and complementary information that it

receives so that the Management Control Commission can have a reliable image of its financial and accounting position.

The reports on analyses based on parameters will be provided. They will have to be completed according to the following criteria (IAS criteria):

- a) GOING CONCERN: financial statements prepared on the assumption that the club is a going concern and will continue in operation for the foreseeable future;
- b) ACCRUAL BASIS OF ACCOUNTING: transactions and events are recognised when they occur (and not when cash or its equivalent is received or paid) and they are entered in the accounting records and reported in the financial statements of the period to which they relate;
- c) CONSISTENCY: the presentation and classification of items in the financial statements will be retained from one period to another;
- d) OFFSETTING: assets and liabilities will not be offset;
- e) RELEVANCE: financial statements provide information that is relevant to the decision-making needs of users; and
- f) RELIABILITY: financial statements represent faithfully the result and the financial position of the club and reflect the economic substance of events and transactions and not merely the legal form. They are also neutral (free from bias), prudent and complete in all material aspects.

The information presented by the clubs must be adapted to the standards set by the Management Control Commission in those cases in which the local legislation does not establish the accounting criteria mentioned in the previous paragraphs.

Article 6 Relevant facts

The clubs will report to the Management Control Commission any relevant facts that may affect the situation regarding their economy, equity or ownership structure within 30 days following these relevant facts, as well as their economic impact in the case that it can be assessed. Article 7 Inaccurate information and disciplinary procedures

If the audited financial statements in Article 4.2e) are not consistent with the financial information previously submitted, or the player economic information is not fully disclosed, ECA, upon proposal by the Management Control Commission, may either revoke the decision to register the club, decide the cancellation of the licence, or impose a sanction pursuant to the Euroleague Basketball Disciplinary Code, depending on the gravity of the breach and the importance of the differences between the financial information submitted and the audited financial statements.

Article 8 Non-fulfilment of obligations

8.1 ECA has the right to cancel a licence, temporarily suspend it, reject the application for a licence at its own discretion, and/or apply the corresponding procedure in accordance with the Euroleague Basketball Disciplinary Code for one of the following reasons:

- a) Not fulfilling the criteria stated in paragraphs a), b), c), d), g) and/or h) from Article 3. Notwithstanding this, if a club does not meet the criteria set forth in paragraphs a), b) and/or c) from Article 3, ECA may request to the club that its financial position be evaluated by an external auditing firm in order to establish if it is possible for the club to follow an alternative compliance plan to overcome the insolvency situation within a reasonable deadline. In this case, ECA may accept a provisional registration of the club. The Company may exceptionally authorise a club not meeting the criteria set forth in Article 3 paragraph g).
- b) Not providing the documentation or not respecting the deadlines established in Article 4.
- c) Providing false or inaccurate statements or documents or omitting to provide due information or documents.

8.2 The non-fulfilment of the criteria stated in paragraphs e), and/or f) from Article 3, and the failure to provide accurate and truthful information regarding the relevant facts from Article 6, will be subject to the corresponding proceeding in accordance with the Euroleague Basketball Disciplinary Code.

The compliance plan, which will be subject to a monitoring process by the Management Control Commission, will include the following, depending on the reason for its implementation:

- a) A feasibility plan that enables the club to guarantee a balanced budget between revenues and expenses.
- b) A proposal for actions to recover the balanced equity of the club and completion deadlines.
- c) Debt payment scheme.

The completion period of the plan may not exceed three seasons. During the assessment process, the Management Control Commission may request the information considered appropriate to check the compliance status of the plan. The failure to comply

with the requirements established herein will lead to the consequences set forth in Article 7.

Article 10 Management control and supervision bodies

The bodies responsible for management control, decision-making and supervision will be the following:

a) Management Control Commission

- This commission will be composed of three members economically independent of and without any working relationship with the clubs.

These members must be experts of recognised prestige in finance and accounting and must also know the particularities of basketball clubs.

The members and the President of the Management Control Commission will be appointed by the General Assembly at the proposal of the Euroleague Basketball CEO.

- Deciding on conducting investigations by itself, by requesting the Company to carry out an investigation and/or compliance audits of the clubs at any time in order to ensure that they are fulfilling their obligations and that licences were correctly granted.

- Conclude a settlement agreement with the consent of the club in order to establish a compliance plan to be fulfilled by the club. The settlement agreement may also include the application of disciplinary measures.
- Submitting to the corresponding governing and/or disciplinary bodies, if appropriate, proposals for any actions to be taken.
- Reporting to ECA any relevant facts.

In carrying out these duties, the Management Control Commission will ensure equal treatment to all clubs and will at all times bear in mind the overall objectives of these regulations, in particular to defeat any attempt to circumvent these regulations and their objectives.

b) Auditing Firm

An external auditing firm (one of the top four on an international level) independent of the clubs will be selected by tender to operate upon appointment by ECA at the club's expense.

- Checking the reliability of the data appearing in the reports provided by the clubs.

SCHEDULE 1A**DECLARATION OF NON-EXISTENCE OF OVERDUE PAYABLES**

After the audit process that has been carried out by our auditing firm(hereinafter the “Auditing Firm”), in which the accounts of the company (hereinafter the “Club”) have been duly audited according to the fiscal year running from 1 July [year] to 30 June [year], and following the requirements established in the Euroleague Basketball Financial Stability and Fair Play Regulations (hereinafter “FSFPR”), we hereby confirm to have sufficient basis to conclude the following:

As of 30 June [year], the Club does not have any overdue payables with former or registered players, coaches and/or employees, any other club and/or any tax or social authorities.

In order to reach the conclusion above, the Auditing Firm has based the analysis on the concepts appearing in Article 2 of the FSFPR, mainly the one related to the following:

OVERDUE PAYABLES: Payables are considered as overdue if they are not paid according to the agreed terms.

Payables are not considered as overdue if the club is able to prove that:

- a) The club has paid the relevant amount in full; or
- b) The club has concluded an agreement that has been accepted in writing by the creditor to extend the deadline for payment beyond the applicable deadline; or
- c) The club has brought or contested a legal claim that has been deemed admissible by the competent authority under national law or has opened proceedings with the national or international authorities or relevant arbitration tribunal contesting liability in relation to the overdue payables; however, if the decision-making bodies (ECA and/or the Management Control Commission) consider that this claim or contestation has been brought or these proceedings have been opened for the sole purpose of avoiding the deadlines set out in these regulations (i.e. in order to buy time) and/or that this claim or contestation is unfounded, the relevant amount will still be considered as an overdue payable.

In the event that any overdue payables existed as of 30 June [year], these must be expounded below with the confirmation from the Auditing Firm:

SCHEDULE 3**DECLARATION OF PLAYER REMUNERATIONS**

After the audit process that has been carried out by our auditing firm(hereinafter the “Auditing Firm”), in which the accounts of the company (hereinafter the “Club”) have been duly audited according to the fiscal year running from 1 July [year] to 30 June [year], and following the requirements established in the Euroleague Basketball Financial Stability and Fair Play Regulations (hereinafter “FSFPR”), we hereby confirm to have sufficient basis to conclude the following:

As of 30 June [year], the amount considered within the gross player remunerations of the Club for the relevant season according to the definition of Article 2 of the FSFPR is_____.

Within the above-mentioned amount, the total amount of tax payments related to player remunerations (individual personal taxation and social security contributions made by the employee and the employer) is_____.

In order to reach the conclusion above, the Auditing Firm has based the analysis on the concepts appearing in Article 2 of the FSFPR, mainly the ones related to the following:

- a) **PLAYER:** Any individual who has been under a labour contract with the club within the reporting period which may enable him to participate as a player in any basketball game during this period.
- b) **PLAYER REMUNERATIONS:** The following concepts will be included within the player remunerations for the relevant season:
 - Gross remuneration received by players
 - Player’s registration costs allocated to expenses
 - Any fee paid by the club to the agent of the players related to the provision of services towards the players. Players’ agent fees are considered to be paid directly by the player.
 - Any additional income and/or benefit that the Players receive for their activity for the Club as a basketball player for the relevant season, including those from third parties.

The gross remuneration of the season will be fully registered in the profit and loss account of that season on an accrual basis.

Only with regard to compliance with the provisions of Article 3e) of the FSFPR, the Net Player Transfer Balance will be taken into account.

- c) **GROSS REMUNERATION:** aggregate amount of wages received by an individual on a regular basis, usually monthly, including any tax payments made by the club originating from the net remuneration. In addition, social security contributions, payments according to image rights, compensation for early termination, provisions for any bonuses and payments in kind must be included in the gross remuneration.
- d) **IMAGE RIGHTS PAYMENTS:** the amounts due to employees (either directly or indirectly) as a result of contractual agreements with the clubs for the right to exploit the image or reputation of the employees in relation to basketball and/or non-basketball activities.
- e) **PAYMENT IN KIND:** the use of goods or services as payment instead of cash (such as housing, cars and free or subsidised goods or services) plus any applicable taxes.
- f) **NET PLAYER TRANSFER REVENUES:** the profit/(loss) on the disposal of a player's registration to another club to be recognised in the profit and loss account is the difference between the disposal proceeds and the residual carrying value of the player's registration in the balance sheet as at the date of the transfer. In the event that the result of this operation is a negative amount, this amount will be considered within the player's registration costs allocated to expenses for the relevant season.
- g) **NET PLAYER TRANSFER BALANCE:** the difference between the net player transfer revenues of the club for the relevant season and the player's registration costs allocated to expenses for the same season.

The following concepts will be considered within the player remunerations for the relevant season:

- If the net player transfer revenues of a specific season are greater than the player's registration costs allocated to expenses of the same period, then the club has a surplus transfer balance. This surplus will be used to reduce the cumulative player remuneration cost of the relevant season.
- If the net player transfer revenues of a specific season are lower than the player's registration costs allocated to expenses of the same period, then the club has a deficit transfer balance. This deficit increases the cumulative player remuneration cost of the relevant season.

- h) **COSTS OF ACQUIRING A PLAYER'S REGISTRATION**: amounts paid and/or payable to another club and/or a third party for the acquisition of a player's registration, including training compensation and solidarity contributions and excluding any internal development or other costs.

Accounting requirements for player registrations:

1. Notwithstanding that each club has to prepare audited annual financial statements under its own national accounting practice for incorporated companies, the International Financial Reporting Standards or the International Financial Reporting Standard for Small and Medium-sized Entities, these regulations include specific accounting requirements for player registrations carried as intangible fixed assets.
2. Clubs that capitalise the costs of acquiring a player's registration must apply certain minimum accounting requirements as described in paragraph 4.
3. If a club has an accounting policy to expense the costs of acquiring a player's registration rather than capitalise them, and this is permitted under its national accounting practice, there is no requirement for this club to apply the minimum accounting requirements set out below and it does not have to prepare restated figures. In this case, the total amount would be considered as an expense of the relevant season.
4. The minimum accounting requirements for clubs that capitalise the costs of acquiring a player's registration are as follows:
 - a. In respect of each individual player's registration, the depreciable amount must be allocated on a systematic basis over its useful life. This is achieved by the systematic allocation of the cost of the asset as an expense over the period of the player's contract.
 - b. Only direct costs of acquiring a player's registration can be capitalised. For accounting purposes, the carrying value of an individual player must not be revalued upwards, even though management may believe market value is higher than carrying value. In addition, whilst it is acknowledged that a club may be able to generate some value from the use and/or transfer of locally trained players, for accounting purposes costs relating to a club's own youth sector must not be included in the balance sheet – as only the cost of players purchased is to be capitalised.
 - c. Amortisation must begin when the player's registration is acquired. Amortisation ceases when the asset is classified as held for sale or when the asset is derecognised (i.e. the registration is transferred to another club), whichever comes first.
 - d. All capitalised player values must be reviewed individually each year by management for impairment. If the recoverable amount for an

individual player is lower than the carrying amount on the balance sheet, the carrying amount must be adjusted to the recoverable amount and the adjustment charged to the profit and loss account as an impairment cost. It is recommended for each club to apply consistent accounting policies in respect of player registration costs.

5. The club must prepare supplementary information (to be submitted to the Management Control Commission) if the accounting requirements described in these regulations are not met by the disclosures and accounting treatment in the audited annual financial statements. The supplementary information must include a restated balance sheet, profit and loss account and any associated notes to meet the requirements set out above. There must also be included a note (or notes) reconciling the results and financial position shown in the supplementary information document to those shown in the audited financial statements (that were prepared under the national accounting practice). The restated financial information must be assessed by the auditor by way of agreed-upon procedures.

EUROLEAGUE REGULATIONS

EUROLEAGUE REGULATIONS

CHAPTER I

General Regulations

Article 1 Company structure

1.1 Euroleague Commercial Assets S.A. is the limited liability company (hereinafter “ECA”), acting pursuant to Luxembourg law, with registered office at 60, Grand-Rue, L-1660 Luxembourg. It is governed by its Statutes and the resolutions of its governing bodies, and its shareholders are the licensed clubs and a number of leagues.

1.1.1 The General Assembly is the ECA body of representation and governance, where the ECA shareholders meet with the associated clubs, which is responsible for the general supervision of the topics regarding the EuroLeague and the EuroCup (hereinafter the “Euroleague Basketball competitions”) and for approving the relevant bylaws, as stipulated in the EuroLeague Club Licensing Rules. In addition, it ensures the coordination of the clubs and has the authority to make decisions and confer functions on the Shareholders Executive Board.

Any regularly constituted meeting of the ECA shareholders will represent the entire body of shareholders of the company. Resolutions of the shareholders are made by the General Assembly and are recorded in the minutes that are deposited in the registered office of ECA.

General meetings of the General Assembly will be held in the place, on the day and at the time specified in the notice of the meeting. If an amendment of any provision of the articles of the ECA Statutes is needed, an extraordinary meeting of the General Assembly will be held.

Written notices convening a meeting of the General Assembly will be sent by email to each shareholder at least eight days before the meeting, except for the annual meeting of the General Assembly to approve the annual accounts of ECA, for which the notice will be sent by registered letter at least 21 days prior to the date of the meeting.

If all shareholders are present or represented at the meeting of the General Assembly and state that they have been duly informed regarding the agenda of the meeting, the meeting of the General Assembly may be held without prior notice.

Any shareholder entitled to attend a meeting of the General Assembly may appoint as proxy another person who does not need to be a shareholder. This appointment will be made by the shareholder in writing (by email or fax) prior to the commencement of the meeting of the General Assembly.

Decisions in ordinary meetings of the General Assembly will be made by the majority of the votes of the members present or represented.

Extraordinary meetings of the General Assembly will not validly deliberate unless at least one half of the capital is represented and the agenda indicates the proposed amendments to the articles of the ECA Statutes and, where applicable, the text of those articles concerning the object or the form of the company. If the first of these conditions is not satisfied, a second extraordinary meeting of the General Assembly may be convened by means of a notice published twice, at a 15-day interval at least and 15 days before the meeting, in the *Mémorial Recueil des Sociétés et Associations* and in two Luxembourg newspapers. Such convening notice will reproduce the agenda and indicate the date and the results of the previous meeting. The second meeting will validly deliberate regardless of the proportion of the capital represented. At both meetings, resolutions, in order to be adopted, must be carried by at least two-thirds of the votes cast. Votes cast will not include votes attaching to shares in respect of which the shareholder has not taken part in the vote or has abstained or has returned a blank or invalid vote.

- 1.1.2 The General Assembly constituted the Shareholders Executive Board and granted it the duties to submit proposals and recommendations to the General Assembly, monitor and control the observance of the resolutions made by the General Assembly, take urgent measures when there is no time to convene a meeting of the General Assembly (subject to the subsequent ratification of the General Assembly), and exercise any further functions conferred on it by the General Assembly.

The Shareholders Executive Board will consist of the following members, elected by the General Assembly, for a three-year term of office:

- 13 representatives of the licensed clubs that participate in the EuroLeague.

- The Chief Executive Officer, who will act as chairman of the Shareholders Executive Board. The chairman is only empowered to vote in the event of equality of votes, in which case they will have the casting vote only.

The clubs will appoint their representatives for the General Assembly, and if appropriate for the Shareholders Executive Board, when registering. This representation is personal during the entire season and may only be changed with the authorisation of the Company.

Any person sanctioned for the commission of any serious infringements in the course of the three previous seasons in accordance with the Euroleague Basketball Disciplinary Code may not be appointed as club representative and/or attend the General Assembly, the Shareholders Executive Board and/or any other clubs meeting.

1.2 Euroleague Properties S.A., or any of its relevant permitted successors, licensees or assignees (hereinafter “EP”), is the limited liability company, controlled by ECA, responsible for managing and organising the Euroleague Basketball competitions in which the EuroLeague and EuroCup clubs participate, as well as for commercialising the properties of these competitions (to deal with the promotion and development of the commercial activities linked to these competitions), in accordance with what is established in the relevant bylaws.

1.3 EP has designated the company Euroleague Entertainment & Services, S.L.U. (hereinafter the “Company”), controlled by ECA, as the body responsible for the management and administrative organisation of the Euroleague Basketball competitions in accordance with what is established in the relevant bylaws. The Company must adhere to the EuroLeague Regulations (hereinafter these “Regulations”) and any future modifications, amendments or derogations whenever the governing bodies approve them.

Article 2 Management and organisation of the competition

2.1 The Company will set up an office, the “Euroleague Basketball office”, which will be the unit of operation and administrative assistance for the undertaking of the objectives of the EuroLeague. It is understood that all administrative procedures the participating clubs have in relation to their participation in the competition, either provided in the EuroLeague Club Licensing Rules or in these Regulations, will be carried out with the Company.

2.2 The executive functions of the Company will be entrusted to its Chief Executive Officer (hereinafter “Euroleague Basketball CEO”) who will be appointed by ECA and who will report to this body. The Euroleague Basketball CEO will be the executive responsible for organising the competition and develop any other functions entrusted by the governing bodies of the Euroleague Basketball competitions. To these effects, the Euroleague Basketball CEO will adopt all necessary agreements and resolutions for the execution of these Regulations.

The president (hereinafter "Euroleague Basketball President") who will be appointed by ECA and will report to this body, will be responsible for representing Euroleague Basketball, and for the institutional relationships of Euroleague Basketball in the global basketball community. In addition, he will ensure proper transparency and sound relationships amongst ECA shareholders, and develop any other functions entrusted by the governing bodies of the Euroleague Basketball competitions.

2.3 Each season the Company, in addition to dealing with the organisation and administration of the Euroleague Basketball competitions, may organise the SuperCup competition, to be played between the EuroLeague champion and the EuroCup champion from the previous season.

2.4 The Company may also organise games or tournaments of friendly nature with the participation of EuroLeague clubs, players and coaches, as well as any other promotional event.

Article 3 Object of these regulations

The object of these Regulations is to regulate the development of the EuroLeague in each and all of its phases and to establish the relationship between the participating clubs and the Company throughout the season, without prejudice to what is stipulated in the EuroLeague Bylaws (including its appendices) and in any decisions adopted by the governing bodies.

This declaration will follow the model shown in Appendix IV to the EuroLeague Club Licensing Rules and will be certified by an auditing firm.

- f) Provision of an express declaration of sound legal position of the club, stating that the club, its managers and/or employees do not fall into the incompatibility situations established in Appendix V to the EuroLeague Club Licensing Rules.

- j) Provision of a document to demonstrate the existence of an international airport at a maximum distance of 100km by road from the arena, with enough daily flights to allow the visiting team and referees to have access to the city under the right conditions, without significant disruption to their schedule. High-quality high-speed train service within the area may be exceptionally authorised.
- k) Submission of documents including the Arena Short Form to demonstrate that the club has use of an arena to hold its home games with the minimum capacity established in the EuroLeague Club Licencing Rules, including a certificate issued by the competent local authority specifying the maximum all-seater capacity of the arena authorised in basketball format, which is less than a four-hour commercial flight from Frankfurt and with all necessary technical elements duly approved for the game of basketball, as well as all other requirements set forth in these Regulations. If it is necessary, the Company may request the club to provide information regarding another arena that might replace the first one in the case that it cannot be used. Both must comply with the provisions of these Regulations. If requested by the Company, the documents that the club submits concerning its arena(s) will require the approval from its league.

The minimum arena capacity for EuroLeague licensed clubs is 10,000 seated spectators.

The minimum arena capacity for EuroLeague associated clubs is 5,000 seated spectators.

The club must also send floor plans of all floors in the arena and the digital photographs of key areas of the arena as requested by the Company, including but not limited to the team bench area, scorer's table area, arena seating area, media in-arena seating area, locker rooms, doping control room, press conference room, hospitality area, suites and any other areas that have been renovated in the previous two years.

In addition, the club must send photos and videos of the shot clocks and additional game clocks showing how they operate.

- m) Submission of the Club Pre-Registration Form, or the EuroLeague Club Licensed Verification Form when appropriate, duly completed in all boxes and signed.

7.2 Other requirements are included in Article 5 and Article 11 of the EuroLeague Club Licensing Rules.

Article 8 Period and procedures for admission

8.1 The period for the clubs to present documents to the Euroleague Basketball office for registration will end on 30 April for their participation the following season. If this day were to be a holiday, the deadline would be the following working day. In the event that on this date it is not possible to register the teams because the domestic championships have not finished, the Euroleague Basketball CEO may set another date.

8.2 The Company may reject the registration of a club in the event that a sanction from FIBA for not honouring a BAT Award is in force, banning the club from registering new players coming from other countries and/or participating in international club competitions.

8.3 The Company will approve or reject the registration of a club once it has been verified that the requirements set forth in these Regulations and in the EuroLeague Club Licensing Rules have been fulfilled.

8.4 If the Company should find a formal omission in the documentation, it may grant a period of no more than fifteen calendar days for the club to correct it.

8.5 The registration will be rejected if the requirements are not fulfilled or when the formal omissions have not been corrected within the given time.

8.6 Should a vacancy become available in the competition, either because of a club's refusal, through the provisions of Article 8.5, or due to a disciplinary sanction, the advisability of a substitution and the procedure to carry it out will be decided in accordance with what is established in Article 7 and Article 12 of the EuroLeague Club Licensing Rules, depending on the type of licence that the club has left vacant.

Article 9 Name of the team

9.1 The clubs may register their team in the competition with either the name of the sports entity (the club) or its trade name, or with that of the title or naming or presenting partner, with both of them or the name of the city only, depending on the club's decision. In all cases, the name of the city must be included in English in the name of the team. This name, which must be written in Latin characters, will be the official one in regard to all effects related to or derived from the competition. Should two or more clubs request to register their team with the name of the same city only, the Company will have full discretion to ask them to make all the necessary modifications to avoid any likelihood of confusion.

9.2 The Company may authorise the abbreviation of the name of the city in the name of the team, further boundary line, back of the playing uniform shirt and back of the warm-up shirt. The name of the city or its abbreviation must be exactly the same (either the name or the abbreviation) in all advertising spaces where it is to be displayed.

9.3 The name of one commercial company at most may appear in the name of the team, without detriment to what is provided in Article 73 that governs advertising exposure on the playing uniforms.

- 9.4 No change in the name of the team will be allowed after 31 July, unless caused by the change of the title or naming or presenting partner and only if the club is signing an agreement with a new partner for at least two seasons. If the club loses the title or naming or presenting partner for any reason not attributable to the club, the Company may waive the requirement for the agreement with a new partner as mentioned above. In whatever case, the prior approval of the Company will be required before proceeding to the change. If a change is made after the mentioned deadline, the club will pay for all related costs for its implementation on all platforms. Implementations will be made by the deadlines determined by the Company.

CHAPTER III

Registration of Teams

Article 10 Documentation and periods

- 10.1** The clubs must register their members through the Euroleague Basketball registration platform together with the documentation necessary to apply for registration of their teams in the competition, including a minimum of 10 players, at least 3 weeks prior to Round 1. The registration documents, including a minimum of 13 players and the other team members, must be submitted, through the Euroleague Basketball registration platform, one week before the first Regular Season game. Any addition or change in the roster after the registration documents have been completed one week before the start of the season will be computed within the maximum number of players allowed during the entire season.
- 10.2** Each individual must sign the registration documents. Within the registration documents, the clubs will include the name and surname of the team members to be used in all public communications, as well as the name or alias to be included on the back of the playing uniform, which may differ from the name featured in their passport. The name on the playing uniform and alias will have to be approved by the Company before being used and cannot be changed during the entire season. It is highly recommended that the alias does not change during the entire career of the player.
- 10.3** The registration documents of each team will include the following members:
- a) A minimum of 13 and a maximum of 16 players
 - b) One head coach
 - c) A minimum of one assistant coach
 - d) One team manager
 - e) A minimum of one doctor
 - f) Additional team followers

- 10.4** The position of coach, player or team follower will not be compatible with a managerial or executive position in the club, nor with the club representative position at the General Assembly and/or the Shareholders Executive Board.
- 10.5** The maximum number of players that may be registered in a team during the entire season will be 20, commencing one week before the first Regular Season game, when the registration documents are submitted. At no time may there be more than 16 players registered simultaneously.
- 10.6** During the Regular Season, player additions to the team roster may be made up to and including Round 27. For rounds where games are in the calendar on Tuesday/Wednesday the deadline is Monday at 18:00 CET. For rounds where games are in the calendar on Thursday/Friday the deadline is Wednesday at 18:00 CET.
These deadlines refer to the arrival of the documentation at the Euroleague Basketball office.
- 10.7** During the same season, a player registered in the competition may only transfer once to another EuroLeague club prior to Round 27 of the Regular Season until Wednesday at 18:00 CET on the week of the calendar date for the game in question, provided he was deregistered prior to Round 18. Should the round be played on Tuesday/Wednesday, the deadline will be Monday at 18:00 CET.
- 10.8** During the competition, the clubs will be obligated to communicate all player transactions, indicating whether a player release is temporary (for example, in the case of a short-term injury) or permanent, the same day that they occur.
A player who has been inactive due to injury may be added to the roster after the deadline to register players. A club must deregister a player if they are above the limit of 16 registered players. A player who is inactive is considered registered; however, he does not count for the maximum of 16 players a team may have registered at any time.
- 10.9** For the other team members included in the registration documents, the deadline for new registrations or replacements will be Wednesday at 18:00 (CEST) on the week of the Final Four. Before the deadline above, changes will be allowed until 18:00 (CET or CEST) on the Wednesday of the week of the calendar date for the game in question. Should the round be played on Tuesday/Wednesday the deadline will be Monday at 18:00. These deadlines refer to the arrival of the documentation at the Euroleague Basketball office.

10.10 The Euroleague Basketball CEO may request any other information that may be required in relation to the club's participation requirements.

Article 11 **Players**

11.1 Only those players who are duly registered with their clubs will be entitled to participate.

11.2 The minimum of 13 registered players applies during the entire season.

11.3 The clubs must submit the following documents through the Euroleague Basketball registration platform:

- Individual Registration Form duly signed by the club and the player.
- Letter(s) of Clearance.
- Passport(s) showing the full names of the player [and, if applicable, his former name(s)], date and place of birth, nationality and date of expiry.
- Contract signed by the club and the player in accordance with the Standard Player Contract.
- Any other documents required by the Company in order to guarantee the fulfilment of these Regulations.

Under no circumstances will documents received in any language other than English be accepted. The sworn translation into English of documents originally written in another language will be submitted.

The Company may request original documents when it considers it essential.

11.4 A player registration request will be answered within a maximum period of five days from the time the request has been submitted. A request may be rejected in the event that the club has any overdue payables with the Company.

- 11.5** A player will not be allowed to play simultaneously for two different clubs, even if they are from different competitions. The exceptions are those players that can play with two teams of different category in their country, in accordance with the internal rules of the domestic championship. In all cases, the player must be registered for the EuroLeague and be authorised by the Company. When registering the player, the club will provide the documents supporting this circumstance.
- 11.6** The clubs may register players who are 20 years old and under during the season (U20 players), 1 January being the cut-off date of birth, provided that they abide by what is set forth in Article 11.5, without any limitation on the number of U20 players. The U20 players will be counted in the minimum of 12 per game and minimum of 13 registered players at any time during the season and will not be counted in the maximum of 16 registered simultaneously or the maximum of 20 per season stated in Article 10.5. The cut-off date of birth for the U20 players for the 2024–25 season will be set at 1 January 2005.

- 12.4** The deadline for the registration of the team members mentioned in 10.3b), c), d), and e) will be 3 weeks prior to Round 1 of the Regular Season.
- 12.5** The team manager will be responsible for submitting the Authorisation List, as approved by the Company, and the Game List, duly completed, to the Euroleague Basketball delegate at least 40 minutes before the tip-off time of the game.

Article 13 Team member authorisation

After all the documents required in this chapter have been submitted and approved, the Company will provide the corresponding Authorisation List for each game.

Article 14 Deregistration of team members

Upon termination of a contract, in addition to notifying the economic information as per Article 4.2a) of the FSFPR, the club must inform of the terms of any sporting and/or economic rights reserved in favour of the club, if any.

Euroleague Basketball will hold an updated list of reserved rights available, upon request, to clubs, registered in the Euroleague Basketball competitions.

Article 15 Disputes

The clubs or players/coaches will inform the Company in the event of any dispute related to the breach or termination of their employment contracts, sporting and/or economic rights, and will keep the Company updated of any change in the status of the dispute.

Euroleague Basketball will hold an updated list of active disputes available, upon request, to clubs, players or coaches registered in the Euroleague Basketball competitions.

The fact that a player or coach has an active dispute with a club may not prevent his registration with a club participating in the Euroleague Basketball competitions.

In the case that a player/coach is required to pay compensation to a club by any final decision by any juridical or arbitration instance or by a settlement agreement, the player/coach and the new club that has hired him will be jointly and severally liable for its payment.

The decision or settlement will be enforceable from any first instance decision, irrespective of whether any appeals instances may be available.

The new club will be liable until the player registers with any other club from the Euroleague Basketball competitions.

The Company may deduct from and accrue to the economic distribution of the clubs any amounts owed as a consequence of the aforementioned joint and several liability of a club participating in the Euroleague Basketball competitions.

Article 16 Mediation Regulation

In the event of any dispute between clubs (participating in the EuroLeague and/or the EuroCup) arising out of or in connection with the hiring and transfer of a player or coach, the clubs must submit the matter to amicable settlement proceedings under the Mediation Regulation, included as Appendix X to these Regulations, prior to resorting to any other authority or mechanism of adjudication or settlement.

The dispute of a club registered in the Euroleague Basketball competitions with a player or coach, or with any other club not registered for the Euroleague Basketball competitions, may likewise be submitted to this mechanism on a voluntary basis.

In the event of any prior compulsory proceeding as per the internal regulations of a country, the parties will inform Euroleague Basketball of the result of the dispute.

CHAPTER IV

Competition

Article 17 **General rules**

The General Assembly is the competent body to approve and modify the competition system of the EuroLeague.

Article 18 **Competition system**

The competition will be played in four different phases as follows: Regular Season, Play-In, Playoffs and Final Four.

18.1 **Regular Season**

18.1.1 **Regular Season calendar**

The Regular Season calendar (pairings) will be determined through a computer draw taking into consideration the availability of the arenas and promotional or commercial events.

18.1.2 **System of play**

The 18 teams will play in a round-robin format (each team against all the others both home and away).

18.1.3 **Regular Season standings**

After each round and at the end of the Regular Season, a standing will be established based on the number of games won by each team, with ties being resolved according to what is provided in Article 19.

At the end of the Regular Season, the top six teams will move on to the next Playoffs. Teams between seventh and tenth place will move on to the Play-In phase. The rest of the teams will be eliminated from the competition.

18.2 **Play-In**

The teams in positions seventh to tenth from the Regular Season will play the Play-In.

18.2.1 **System of play**

The Play-In will be held in a single format on the playing court of the best-placed teams. The pairings for the Playoffs will be as follows:

- **Play-In A:** 7th place Regular Season vs 8th place Regular Season
- **Play-In B:** 9th place Regular Season vs 10th place Regular Season
- **Play-In C:** Loser of Play-In A vs Winner of Play-in B

The winners of Play-In A and C will advance to the Playoffs.

The rest of the teams will be eliminated from the competition.

18.3 Playoffs

The six qualified teams from the Regular Season and the two qualified teams from the Play-In will play the Playoffs.

18.3.1 System of play

The Playoffs will be held in a best of five games format. The team that wins the series will be the first team to win three games. The first two games will be played on the playing court of the four highest-place teams, the third game and, if necessary, the fourth, will be played on the playing court of the next four highest-place teams and the fifth game, if necessary, will be played on the playing court of the four highest-place teams. The pairings for the Playoffs will be as follows:

- **Playoff A:**
1st place Regular Season vs Winner of Play-In C
- **Playoff B:**
4th place Regular Season vs 5th place Regular Season
- **Playoff C:**
3rd place Regular Season vs 6th place Regular Season
- **Playoff D:**
2nd place Regular Season vs Winner of Play-In A

The winners of the Playoffs will advance to the Final Four.

The rest of the teams will be eliminated from the competition.

18.4 Final Four

18.4.1 System of play

The four teams remaining in the competition after the Playoffs will play the Final Four. This event will be held in a venue to be

determined by the Company. The pairings for the Semifinals will be as follows:

- **Semifinal A:** Winner of Playoff A vs Winner of Playoff B
- **Semifinal B:** Winner of Playoff D vs Winner of Playoff C

The order of play for the Semifinals will be decided by the Company.

The losers of the Semifinals will play the Third Place Game as follows:

- **Third Place Game:** Loser of Semifinal A vs Loser of Semifinal B

The winners of the Semifinals will play the Championship Game as follows:

- **Championship Game:**
Winner of Semifinal A vs Winner of Semifinal B

The winner of the Championship Game will be the EuroLeague champion.

If a team(s) from the host area participates in the Final Four, they will be treated as the home team in all the games they will play, except if they play each other, in which case the criteria mentioned above will prevail.

18.4.2 **General principles**

The Final Four will be considered as a whole in terms of organisation, and the Company will be responsible for organising it.

Responsibilities related to the organisation of the Final Four may be delegated only under the supervision and approval of the Company with the understanding that the progress and results will remain subject to the supervision and approval of the Company.

Depending on the capacity of the arena and ticket demand, the Company may decide that the two Semifinals will be played and ticketed separately as two different sessions played on the same day and in the same arena.

EP will be the owner of all audiovisual, advertising and marketing rights for the Final Four event.

The Company will establish the financial and infrastructural conditions for selecting the venue for the event.

The Company may carry out various activities both inside and outside the venues with the goal of promoting and commercialising

the Final Four and will supervise all decisions related to communication, advertising and public relations.

The clubs will participate and collaborate in the press conferences and other events of the Final Four when they are required to do so by the Company.

EP will reserve a minimum of 600 tickets for each of the participating clubs, so that the clubs can purchase them exclusively for their fans.

The clubs cannot resell the tickets without the prior authorisation of EP. In the case that the clubs do not sell all tickets to their customers, they will return them to EP to redistribute them.

Each participating club must appoint a fan security coordinator, who must understand and speak English fluently, will travel with the fans and will be the liaison with them. The position of fan security coordinator will not be compatible with any other Final Four position.

At the Company's request, the club will provide the Company with all the information regarding its fans attending the Final Four, such as their profile, travel plans and accommodation, as well as any other information that the Company considers necessary for the smooth running of the event. The club will also follow the instructions of the Company concerning the trip of the fans to the arena and the city area where they should be accommodated.

The clubs may not organise any fan zone or other activity for their fans without the previous authorisation of the Company.

At the Company's request, each club will take all necessary steps so that the police from its country accompany its team fans during the entire Final Four and cooperate with the police from the Host's country.

The Company will establish the rules that the clubs participating in the Final Four must fulfil. These rules include but are not limited to the following areas:

- a) Game and practice schedules.
- b) Benches and locker rooms.
- c) Playing uniform colours.
- d) Accreditation and invitation system for games and other activities organised during the event.

- e) Use of the Final Four logos.
- f) Means of transport (including arrival and departure dates) and accommodation in the host city of the Final Four.
- g) Activities that require the participation of the clubs, their players, coaches and representatives.
- h) Requirements of EuroLeague.net, EuroLeague TV and other media.
- i) Number of tickets reserved for each participating club and their location in the arena, as well as the deadlines for acquiring them.
- j) Attendance at Final Four meetings.

The Company reserves the right to adjust the pre-game timing and the duration of the team presentation and to increase the rest time between the second and third quarters of the games from 15 to 20 minutes.

18.5 EuroLeague champion

The EuroLeague champion will participate in the competition the following season provided that the club fulfils the requirements of the EuroLeague Club Licensing Rules.

18.6 Final standings

At the end of the competition, the final standings will be established as follows:

First place will correspond to the EuroLeague champion. Second place will be occupied by the runner-up. The winning team in the Third Place Game will occupy third place, and the loser will occupy fourth place.

Fifth to eighth places will correspond to the losing teams in the Playoffs ranked according to their standings at the end of the Regular Season.

Loser of Play-In C will occupy the ninth place. Loser of Play-In B will occupy the tenth place.

Eleventh to eighteenth places will correspond to the other eight teams that played the Regular Season, ranked according to their standings at the end of the Regular Season.

Should one or more teams withdraw from the competition or be sanctioned with a disqualification, all the results against this team(s) will be annulled.

18.7 Non-completion of the competition

Should the competition not be completed due to exceptional circumstances, the General Assembly will decide on the final standings of the season, if any.

Article 19 Tie breakers

19.1 Should a team have been sanctioned with the loss of a game or points or victories discounted from its standings by the disciplinary bodies on its season record, this team will occupy, in any case, the last place of all the teams with whom it may be tied in victories.

19.2 Should one of the tied teams have fewer games, this team will occupy the first place of all the teams tied with the same number of victories, without prejudice to what is provided in Article 19.1.

19.3 Applying the same criteria, should there be two or more teams that have played fewer games than other teams involved in the tie, they will receive the higher ranking, and ties between two or more such teams will be resolved according to the following paragraphs.

19.4 All points scored in overtime(s) will not be counted in the standings nor for any tie-break situation.

19.5 When establishing the ranking at the end of a round or at the end of a phase of the competition, and when the home advantage has to be determined for the Playoffs and there are two or more teams tied in the number of victories, the following will be applied without detriment to what is provided in the three previous paragraphs:

19.5.1 When the tied teams have not met or they have only done so on one occasion:

- a) Should the tie in the number of victories occur between teams that, not having finished the phase in question, have not faced all the other teams or have met only once, the tie will be resolved, firstly, by the greatest goal difference (score difference), considering all the games played in that phase. If the tie is not entirely resolved, the ranking of those that are still tied will be resolved by the greatest number of points scored, taking into account all the games played in that phase.

- b) Should the tie persist, the goal average (sum of the quotients of points in favour divided by points against) of each game played in that phase will be determined for each team, and the teams will be ranked according to this number, with the team with the higher number being awarded the higher ranking.

19.5.2 When all of the tied teams have met twice, both home and away:

I) WHEN ONLY TWO TEAMS ARE TIED

- a) The ranking will be established taking into account firstly the number of victories in the games played between them, with the winner being the one with the most victories. If the two teams have the same number of victories, the tie will be resolved by the goal difference in the games played between them. Should the tie persist, the tie will be broken by taking into account all the games played in the current phase of competition firstly by using the overall goal difference and then, if necessary, the greatest number of points scored.
- b) Should the tie persist, the goal average of each game played in that phase will be determined for each team, and the teams will be ranked according to this number, with the team with the higher number being awarded the higher ranking.

II) WHEN MORE THAN TWO TEAMS ARE TIED

- a) The ranking will be established taking into account the victories obtained in the games played only among them. Should the tie persist among some, but not all, of the teams, the ranking of the teams still tied will be determined by again taking into account the victories in the games played only among them, and repeating this same procedure until the tie is entirely resolved.
- b) If a tie persists, the ranking will be determined by the goal difference in favour and against in the games played only among the teams still tied.
- c) Should the tie fail to be resolved through the previous procedures, the tie will be broken by taking into account all the games played in the current phase of the competition firstly by using the goal difference, secondly by the greatest number of points scored and lastly, if necessary, by the goal average.

- d) If, in the course of applying any of the criteria provided in the three previous paragraphs, the tie were to be resolved partially but still with more than two teams remaining tied, the entire procedure will be applied again beginning with paragraph a), applying the greatest number of victories in the games played only among the teams still tied.
- e) If, in the course of applying any of the criteria provided in paragraphs a), b) or c) the tie were to be resolved partially so that only two teams remain tied, the entire procedure will be applied again beginning with Section I), paragraph a), applying the greatest number of victories in only the games played between the two remaining tied teams.

19.5.3 Reference to the quotient of goal average in favour and against is understood as having a level of precision of one-hundred thousandths.

19.6 When resolving a tie between two or more teams, if one of the teams tied has a winning score of 20-0 against a specific team and the criteria to be applied to break the tie must be one of the following:

- a) the goal difference of each game played in that phase
- b) the greatest number of points scored in all games played in that phase
- c) the greatest goal average of all games played in that phase

then none of the scores of the games played between the teams tied and that specific team that has a losing score of 0-20 will be taken into account.

CHAPTER V

Calendar, Dates and Times of the Games

Article 20 **Calendar**

The General Assembly will approve the official calendar of the competition. This calendar is enclosed with these Regulations as Appendix I.

Article 21 **Dates and times of the games and arenas**

21.1 The games will be held on the official dates established in the calendar.

21.2 Taking into account the interests of broadcasting, optimising ticket sales and the competition itself, the Euroleague Basketball CEO will set the day on which the games are held.

21.3 All games will be considered held on the date that appears on the official calendar, even when they are held on another date. As a result, to all regulatory effects – including players appearing on the Authorisation List –, the date appearing on the calendar will be adhered to by all.

21.4 Exceptions to the provisions of this article will be anything related to the fulfilment of sanctions, for which the provisions of the corresponding article in the Disciplinary Code will be abided by.

21.5 The clubs may request only once during the season not to play at home on a calendar date due to the unavailability of the arena. The Company will comply with or refuse the request after evaluating its effects on the calendar.

21.6 Under exceptional circumstances, the Euroleague Basketball CEO may designate an alternative arena to hold the games and, if necessary, decide which costs are attributable to each party.

Games may not be relocated to an arena in another territory unless authorised by the Euroleague Basketball CEO.

21.7 Tip-off times of the games

a) The Euroleague Basketball CEO will establish the tip-off times of all games. If a club would like a home game to start at a particular time, it must submit a request to the Euroleague Basketball CEO.

- b) On the last round of the Regular Season, the Euroleague Basketball CEO reserves the right to schedule all games on the same day and at the same time (CEST).

21.8

Without detriment to what is provided in the previous paragraphs, the Euroleague Basketball CEO may exceptionally authorise the request for a change of the arena, date or time of a game, bearing in mind the following conditions:

- a) When the requesting club has not complied with the provision stated in the second bullet point of 121.1 d), its request for a date or time change will not be attended to.
- b) The arena, date and/or time may be changed within the limits established in this article when the home club requests this at least 15 days before the game is held. When this request is made less than 15 days in advance, the approval of the visiting club will be required. The home club will compensate any additional travelling expenses of the visiting team, officials and IFPC.
- c) A change in date requested by the visiting club will, in all cases, require the acceptance of the home club. The visiting club will compensate any additional expenses of the home team, officials and IFPC.
- d) The time may be changed when the visiting club requests this at least 15 days before the game is held. The approval of the home club will be required in all cases.
- e) A request by the home team rights holder to change the date and/or time of a game made less than 15 days before the original date scheduled for the game will require the authorisation of the home club and visiting club in order for the change to be approved by the Euroleague Basketball CEO. The rights holder will compensate any additional expenses of the home team, visiting team and officials.
- f) A request by the visiting team rights holder to change the date and/or time of a game made less than 15 days before the original date scheduled for the game will require the authorisation of the home club and visiting club in order for the change to be approved by the Euroleague Basketball CEO. The rights holder will compensate any additional expenses of the home team, visiting team and officials.

- g) Before authorising any change, the Euroleague Basketball CEO will evaluate the effect that the modification may have on the competition, on the programming schedules of the rights holders and on the optimisation of ticket sales.
- h) All changes of date and time will be reported to the other clubs and the media within 24 hours following authorisation.

21.9 An inability to reach the city where the game is to be held will not be considered a case of force majeure that would be reason for the suspension of the game, if the team's travel plan does not include a scheduled arrival in that city before midnight on the night prior to the game and/or in the case that the club has not submitted the team's travel plan.

21.10 A game may only be suspended when, due to injury or illness, the club does not have a minimum of eight of the players included on the Authorisation List and fit to play prior to the tip-off of the game. The Company may require or make any ascertainment it deems suitable concerning the diagnosis of the injuries or illnesses.

Article 22 Standard pre-game timing format

22.1 The arena must be prepared and available for the teams 90 minutes before the game is scheduled to begin.

22.2 Regardless of the scheduled tip-off time, all games must follow a standard pre-game timing format in line with the example below:

Example, for a game that has a scheduled tip-off time of 20:45:

	TIME	TIME TO TIP-OFF
Court Available for Teams, Clock Starts	19:15:00	(01:30:00)
Referees and team captains briefing	20:35:00	(00:10:00)
Horn Sounds and Teams to Benches & EuroLeague Anthem	20:38:30	(00:06:30)
Visiting Team Presentation	20:39:00	(00:06:00)
Home Team Presentation	20:40:00	(00:05:00)
Teams to Bench Area	20:43:00	(00:02:00)
Players and Referees Enter Court	20:44:15	(00:00:45)
Tip-Off	20:45:00	(00:00:00)

- 22.2.1 All pre-game activities scheduled by the club must take place before the team presentation in order to preserve the standard pre-game timing format and the team presentation.

The clubs cannot alter under any circumstance the last 15 minutes of the standard pre-game timing format without the Company's approval, which must be requested at least 24 hours before the game.

- 22.2.2 Clubs must introduce the players in accordance with what is set forth in Appendix VIII. In all cases, the order of the line-ups must be provided to the rights holders no later than one hour prior to tip-off. Only uniformed players are permitted to stand inside the playing court during the team presentations.

- 22.2.3 Players must come on to the playing court as they are introduced and stand at the free-throw line, facing the opposite basket, lining up side by side.

- 22.2.4 The use of different lighting, as considered most suitable for the event, will be allowed only during the presentation of the teams, provided that before tip-off, the lighting must be in accordance with the applicable arena rules and have the prior authorisation of the Company. Once the game has started, the lighting in the playing court area may not be altered, except during half-time after the on-court interviews are finished, and only while the two teams are in the locker rooms. Additionally, during time-outs and quarter breaks both bench areas must remain lit with sufficient lighting. Lighting changes on the playing court and in its immediate surroundings are not authorised until 15 minutes after the final buzzer.

- 22.2.5 During the game day practices, the home club will provide the Euroleague Basketball office and the visiting club with information in English regarding the pre-game procedure for the presentation of the teams and, in general, of the activities that will take place during time-outs and intervals of play between quarters.
- 22.2.6 No events or ceremonies will be authorised during the last seven minutes before the start of the third quarter.

CHAPTER VI

Games

Article 23 Rules of the game

The Official Basketball Rules as approved by FIBA will apply in all games, except for those modifications approved by the General Assembly, enclosed as Appendix XI.

Article 24 Playing uniforms

24.1 The player uniforms will be authorised by the Company as stated in Articles 73.3, 73.4 and 73.5.

24.2 The home team will wear its main playing uniform unless requested by the Company to wear its reserve playing uniform.

24.3 At all games, the colours of the playing uniforms must be clearly different: as a result, one team will wear a dark colour and the other a light colour. The Company will specify for each game whether the visiting team will wear the main or reserve playing uniforms.

24.4 Both teams must appear at all games with their main and reserve playing uniforms. If the team is flying, the players must keep them in their hand luggage, along with their socks and shoes.

Article 25 Authorised persons

25.1 The only people who can be in the playing court area and its surroundings and sit on the respective team benches are the team members registered in the registration documents approved by the Company and included on the Game List. They will be identified by their passport, the Game List and the Authorisation List provided by the Company. Individuals holding management positions within the club may not be in these areas.

A minimum of one head coach, one assistant coach, one doctor and a maximum of one team manager will be included on the Game List.

25.2 The crew chief will order any person not complying with these conditions to leave the team bench area or any place close thereto. Likewise, the crew chief will order any person having been sanctioned with a disqualifying foul to leave the playing court area and the team bench area.

Any players who are registered with their club and not included on the scoresheet of a game will not sit in the team bench area. The fourth paragraph of Article 55 establishes a special area available for them to sit.

The participation of a player not included in the registration documents approved by the Company will be considered as an improper fielding of a player.

25.3 During games no other personnel, with the exception of security personnel, can be located between and behind the scorer's table, team bench areas and the seating area along the same sideline.

In addition, one camera from the international feed production company (hereinafter "IFPC") is authorised to approach the team benches only during time-outs and intervals of play between quarters.

25.4 The scoresheet must include all people on the team bench, with 12 players unless injuries are documented that prevent their presence in the game, plus up to 10 staff members, all of them included on the Game List. The players must be present, appropriately dressed, must warm-up pre-game and be fit to play.

25.5 The clubs must ensure that the players in the best shape available for every game are included on the scoresheet.

Article 26 Anthems

Only the EuroLeague anthem and the club's anthem will be allowed to be played at games, always following the instructions of the Company.

Article 27 Beginning of the game, game clock and time-outs

27.1 The teams may not use any excuse for not holding a game or delaying its start. Any refusal to comply with the referees' order may be considered as failure to appear.

27.2 The game clock must always display the countdown until the beginning of play in the following situations: during pre-game, intervals of play between quarters and half-time and before any overtime.

27.3 **TV Time-Outs:** The Company reserves the right to apply TV time-outs in all games. In such a case four mandatory TV time-outs will be applied per game, one in each quarter.

The timer will be the person responsible for calling all TV time-outs.

The speaker must announce using the public address system whether it is a TV time-out or a regular time-out charged to either team.

Article 28 Suspension of the game and preventive measures

28.1 No game may be suspended by anyone other than the Euroleague Basketball CEO. Best efforts will be made so that all games are played on the date and in the arena established by the Euroleague Basketball CEO. For this purpose, the Euroleague Basketball CEO may request to take the necessary preventive measures to guarantee the smooth running of the game, including ordering a game being played behind closed doors or in a different arena, or allowing the referees to take the necessary measures they deem appropriate to guarantee the normal completion of the game.

28.2 In the event of force majeure and in the cases expressly stated in these Regulations, as a pre-emptive measure, the Euroleague Basketball CEO, or the crew chief by delegation of the Euroleague Basketball CEO, will be empowered to suspend the game. The crew chief must immediately inform the Euroleague Basketball CEO concerning the reasons that caused the suspension and the measures adopted.

In the event that the Euroleague Basketball CEO suspends a game prior to its celebration, he will decide which costs are attributable to each party in case the game is rescheduled to another arena and/or date.

Article 29 Suspension due to the absence of safety measures

29.1 The absence of safety measures may, in highly exceptional cases, cause the suspension of the game before it begins, if the crew chief believes, under their own responsibility, that there are no guarantees for its normal completion. In light of such a circumstance, the Disciplinary Judge will at his own discretion decide whether the game will be played or whether the home team loses by the result of zero to twenty (0-20).

29.2 If the Disciplinary Judge decides that the game must be played, he will also establish the conditions under which it will be held, as well as any compensation and sanctions that might apply.

Article 30 Suspension of a game due to the spectators

- 30.1** If a game is suspended by the crew chief due to seriously inappropriate behaviour on the part of the spectators, the Disciplinary Judge, assessing without coercion all the circumstances that are involved in the case, and mainly the safety measures adopted, the severity of the disturbances and the spectators causing them, will at his own discretion resolve whether the game must resume or whether the visiting team will be declared as the winner with the score standing at the time when the game was stopped if they are leading, else the score will be recorded as 0-20 in its favour.
- 30.2** Should it be decided to resume the game, the Disciplinary Judge will also decide the conditions and the form in which it has to be held, as well as the compensation and sanctions that might apply.

Article 31 Suspension due to a reason attributable to the teams

- 31.1** If the game is suspended by the crew chief due to the attitude of the members of the two opposing teams, the Disciplinary Judge will at his own discretion resolve whether the game has to be resumed or whether it is given as concluded with the result on the scoresheet at the time of the suspension. If the incorrect behaviour that is the reason for the suspension is attributable to the behaviour of only one of the teams, the non-infringing team will be declared as the winner with the score standing at the time when the game was stopped if they are leading, else the score will be recorded as 20-0 in its favour.
- 31.2** If the Disciplinary Judge decides that the game must be resumed, he will also establish the conditions under which it will be held, as well as any compensation and sanctions that might apply.

Article 32 Suspension due to an unsuitable arena

- 32.1** Should the crew chief be obliged to suspend the game because the home club has no playing court or its playing court is not in a suitable condition or lacks the necessary technical elements, the Euroleague Basketball CEO, after considering the circumstances, will decide whether the game has to be played on another date. In such a case all the officiating costs will be at the expense of the home club, which must also compensate the visiting club with the amounts that the Euroleague Basketball CEO deems appropriate.

32.2 Notwithstanding the above, if the Euroleague Basketball CEO considers that an intentional infringement may have been committed, he will submit the matter to the Disciplinary Judge. In the event that the Disciplinary Judge at his own discretion considers the intentional infringement proved, he will declare the loss of the game by the result of zero to twenty (0-20) without detriment to any compensations or sanctions that might apply in accordance with the Disciplinary Code.

Article 33 Failure of the referees to appear

When a game is not played due to the failure of the referees to appear, the Euroleague Basketball CEO will provide for the game to be replayed. The Company will cover the cost of travel or any other expense incurred by the visiting club and referees as long as they are duly justified, without detriment to any sanctions that might apply.

Article 34 Determination of new date, time and place in case of suspension of a game

34.1 In all cases that a game is suspended, either before the game starts or after it has started, the Euroleague Basketball CEO will decide on the place, date and time at which it will be held or resumed, as the case might be. The game will be played under the conditions established by the Disciplinary Judge, if any.

34.2 If the suspension of the game is attributable to one of the two clubs involved, without prejudice to the sanction that may be applied, the infringing club will pay for the officiating expenses and any other expense related to the suspension of the game, in addition to any new travel expenses of the opposing club if necessary. In the event that the suspension of the game is attributable to both clubs, the two clubs will assume the above-mentioned expenses in equal parts.

Article 35 Arena change due to a sanction

Should the Disciplinary Judge determine, by sanction, the closing of a club's arena, the club must inform the Euroleague Basketball office, in the 72 hours following the notification of the sanction, of the arena(s) for the game(s) to which the sanction applies, which will likewise comply with the EuroLeague Regulations.

CHAPTER VII

Arenas

Article 36 General rules

- 36.1** The arenas where competitions organised by the Company are to be held, will be covered and enclosed premises and must comply with the minimum technical and safety conditions provided in the following articles. For anything not covered herein, the Official Basketball Rules as approved by FIBA will be abided by.
- 36.2** Authorisation to use an arena is the decision of the Euroleague Basketball CEO, and to this effect checks and inspections may be made that are deemed necessary by the Company for ensuring compliance with this chapter, at the club's expense.
- 36.3** Any arena modifications will require the previous authorisation of the Euroleague Basketball CEO.
- 36.4** For special games or events, the Company will adapt the requirements for facilities according to specific needs.

Article 37 Playing court area (see Graphic 10)

The playing court area must meet the following requirements:

- 37.1** Basketball playing court: The arena must provide a like-new condition parquet (wood) basketball playing court, duly installed, which must meet the requirements established by the standard DIN 18032-2 / EN 14904. The basketball playing court may have permanent wooden flooring or mobile wooden flooring. It must have an antiglare surface. The Company may authorise the use of a digital, LED or similar product, which must fulfil all FIBA Level 1 regulations.
- 37.2** The playing court area must be adapted to the dimensions and the markings established by FIBA.

- 37.3** **Playing court colours:** The whole playing court surface must be of the colour of the wood parquet floor (Hevea Ruber Wood – natural colour – is recommended), and the restricted areas must be of the same colour of the area outside the 3-point line. The area beyond the restricted area and up to the 3-point line will be of the same wood parquet colour but varnished in a whitened and lighter shade to ensure the contrast between the two areas. Clubs will be authorized to include design elements in the area outside the 3-point lines, using this same lighter parquet colour tone. These elements must be linked to the club brand identity, or alternatively to its territory. This contrast must be clearly visible on TV. All paintings and varnishes must be matte.
- 37.4** **Playing court lines:** The lines marking the playing court must be at least 2m from the spectators, signage or any other obstacle, except for the provision stipulated below for the courtside seats. The marking lines will be 5cm in width and white- or black-coloured. With the prior approval of the Company, the marking lines can be other than white or black. All lines must be the same colour and in high contrast with the wood. The 5cm width of the lines must be completely painted except when the lines are on top of a graphic design, like the central line of the free-throw circles when it contains a design, or the central circle lines on top of the central team logo. In these cases, only two 1cm grey continuous lines will be painted to demarcate the 5cm width of the official line. The 3cm of the inside area will keep the artwork of the graphic design.
- No lines other than those of the basketball playing court are permitted.
- 37.5** **Boundary area:** Around the playing court there will be a further boundary line in a sharply contrasting colour, or in the same colour as the parquet floor of the playing court, or alternatively in a maximum of 3 different colours, marking an area of at least 2m in width.
- When only one contrasting colour is used, it is recommended that the further boundary line is painted in one of the two main identifying colours of the club, or alternatively black. The use of white colour is not allowed.
- When more than one colour is used, the main colour of the club must be always dominant throughout the whole further boundary line. The second club colour and, alternatively, a third one can be included with minor presence and for design purposes.

37.6 The playing court design, including colours, lines, design elements and branding, needs to be approved by the Company. The clubs are requested to send a digital design of the playing court including colours, lines and branding no later than 31 August, and pictures of the playing court with all elements no later than three weeks prior to their first home game of the season. Any further changes or modifications to the playing court or any of its branding and commercial elements will not be authorised during the season, unless approved by the Company.

Clubs must paint the lines of the playing court and the boundary area before the start of the season.

37.7 The height of the ceiling or lowest obstruction above the playing floor will be at least 7m.

37.8 The clubs are responsible for keeping the playing court area clean at all times.

37.9 **Escape lanes**

The space between the basket and the courtside seats along the endlines must include a space for the escape lanes as well as for the under the basket camera and camera operator. The escape lanes will be at least 0.8m in width and 2m in length and will be marked. The camera operator space will be at least 1m in width for a total space of at least 1.8m as shown in Graphic 10 and Graphic 12. The size of these spaces may be reduced only with the prior authorisation of the Company.

The surface of the escape lanes will be flat and at the same level as the playing court.

The Company will provide the clubs with the design of the sticker to be placed on the floor to demarcate the escape lanes and the camera operator space.

Article 38 **Backstop units**

Each backstop unit consists of the following elements: one backboard, one basket ring with a ring mounting plate, one basket net, one basket support structure and the padding.

The backstop units must be the Spalding Arena Renegade model. Prior to the start of each season, each backstop unit must undergo a calibrating test to be carried out by Spalding, at the club's expense.

The clubs must follow the manufacturer's guidelines regarding maintenance and replacement of all equipment.

The clubs are also responsible for keeping the backstop unit elements clean and well-painted during the entire season. When necessary, these elements will be cleaned before the start of each game and before the third quarter of the game.

38.1 Backboards

The technical characteristics, marking and padding of the backboard will be as established by FIBA.

The backboards must have a protective framework of the backstop unit around the outer edge.

The lines painted on the backboard must be white.

38.2 LED lights in backboard

Each backboard must be equipped with red LED lights outlining the inside of the four sides of the perimeter of the backboard to indicate the expiration of time in each quarter or overtime. The LED lights will be mounted on the inside borders of the backboards no more than 7cm inside the edge of the backboard, flushing up against the inside of the tempered glass, and will be of a bright red colour.

The red LED lights installed in each backboard must be synchronised with the game clock in such a way that they light up, and stay lit, brightly when each quarter or overtime expires. These must be synchronised to light up in the same video frame when the game clock displays 0.0. The red LED lights must not light up when the 24-second period expires.

Also, each backboard must be equipped with a horizontal strip of yellow LED light immediately beneath the upper red LED lights to indicate the expiration of the 24-second possession. These must be synchronised to light up in the same video frame when the shot clock displays 0.0.

The installation of these lights must be done in such a way that it ensures the safety of players and referees.

38.3 Basket support structures

The backboards must be firmly fixed on basket support structures on the floor at a right angle thereto and parallel to the endlines.

The basket support structures (including the padding) will lie at least 200cm from the exterior edge of the endline.

The entire backstop unit that is behind the backboard must be padded at the bottom from the surface of the backboard to a

distance of 120cm. The minimum thickness of the padding will be 2.5cm.

The base of the backstop unit facing the playing court will also be padded from the floor to a height of at least 215cm. The minimum thickness of the padding will be 10cm. Both lateral surfaces of the backstop unit will also be padded with the same minimum thickness requirements.

All padding will be constructed in such a way as to prevent limbs from becoming trapped. It will have a maximum indentation factor of 50%. This means that when a force is applied suddenly to the padding, the indentation in the padding does not exceed 50% of its original thickness. All padding must be of the same single colour. The colour and design of the padding of both backstop units must be identical. The design must be approved by the Company.

Under no circumstances may ceiling-mounted backboards be used. Only floor-fixed or mobile basket support structures are permitted.

Once the backstop unit has been adjusted, the top edge of the ring must be at a height of 305cm.

The whole backstop unit will meet the requirements of rigidity and elasticity established by FIBA.

The backstop unit will be suitably installed on the floor to ensure the safety of the players and referees.

38.4 Replacement equipment

The arena must have one backstop unit with the LED lights already installed, for replacement in the event of breakage.

In addition, the arena will also have one backup backboard with the ring and LED lights already duly installed.

The backup equipment must be the same model from the same manufacturer as the one installed.

The club will have the necessary technical and personal means for the replacement to be made with the utmost speed.

38.5 Rings

The rings, which will be of pressure-release type, must comply with the technical conditions and specifications established by FIBA. The rings will be installed in such a way that no force applied to the ring will be transferred to the backboard. Therefore, there will be no direct contact between the ring mounting plate and the backboard.

When the force above is no longer applied, the ring will return automatically and instantly to the original position.

The arena must have at least two backup rings for replacement in case of damage.

Rings must be painted before the start of the season.

38.6 Nets

Six nets will be provided by the Company each season for their compulsory use during games. The nets will comply with the technical conditions approved by FIBA.

There must be two new backup nets in the backup material storage area at all times.

Article 39 Measuring and indicator devices

The arena must have an apparatus to measure the height of the ring, a dynamometer, a manometer, a ball pressure gauge and a level.

In addition, the arena must have a metal measuring tape (from 0 to 50m) to measure the playing court, or any other electronic equipment that measures the dimensions of the playing court accurately.

Article 40 Scorer's table and team benches

40.1 The arena must provide the scorer's table, with a maximum of 10 chairs and with a length of 8m, in accordance with the specifications of the Company. The scorer's table will be positioned at court level and may not be raised on a platform/podium. No substitution chairs or benches are permitted. The home club will use a black cloth to cover the scorer's table.

40.2 This area will be equipped as follows:

- One colour laser printer, which prints at a minimum of 20 pages per minute.
- Three dedicated high bandwidth internet connections with the download and upload speeds as listed below, with the necessary hardware to enable connections to the router, hub, modems, etc. Wi-Fi networks are not permitted. One line dedicated to the Euroleague Basketball digital scoresheet of 50 Mbps. A second line dedicated to all other scorer's table internet connection of 100 Mbps. The third dedicated line will be a backup of 100 Mbps.

- The necessary hardware to share the internet connections with other computers if provided by the Company.
- A minimum of 10 electrical power sockets. Electrical power must be provided via a UPS (Uninterruptible Power Supply).
- One laptop with only the authorised software installed.
- Two wide screen computer monitors, 21” in size.
- One Pen Tablet.
- Two digital manually operated clocks.
- One telephone with international dialling functionality.
- One thermometer.
- One backup laptop with only the authorised software installed.
- One backup electronic equipment manufacturer hardware interface module positioned beneath the scorer’s table.
- Adequate paper supply must be provided.

All equipment cables must be properly and tidily rigged.

40.3 The positions at the scorer’s table for all games will be set up in accordance with Graphic 11.

No other person may sit at the scorer’s table unless previously approved by the Company.

40.4 No unauthorised messages or advertising/brands other than Company brands may be displayed at the scorer’s table directly or indirectly through product or equipment placement.

40.5 On the same side as the scorer’s table, opposite the main TV cameras, there will be a marked area for the chairs of the two teams. This area will be defined by a line of at least 2m in length traced as an extension of the endline and by another line 2m in length, traced 5m from the centre line and perpendicular to the sideline. The lines marking this area must be the same colour as those marking the playing court.

Located immediately behind these areas defined by the marking lines, in a symmetrical form, will be the chairs to be used by the teams, with a length of 9m. The number of chairs in each team bench area will be 17. The bench seats area will be surrounded by a Tensabarrier or similar retractable belt stanchion. If the technical staff wants to be behind the players, the 17 chairs may be distributed in two rows, always respecting the security distance from the spectator seats.

As stipulated in Article 55, four courtside seats will be available for the visiting team for use by its members not included on the Game List, and/or its employees/club members.

Without detriment to the indications of Article 37, the team benches must be located at a minimum distance of 2m from the spectators.

40.6 All coaches and team followers must only use the official coaching board provided by the Company during games in the case that the Company provides one.

Article 41 Electronic equipment

The arena must have the following electronic equipment correctly installed and working properly, which will be clearly visible from the scorer's table, from the playing court, from the team benches and for any other person involved in the game including the spectators.

41.1 Scoreboards

Two large synchronised scoreboards will be installed one at each end of the court with synchronised and clearly visible displays. The scoreboards will contain a digital countdown game clock with a very powerful acoustic signal to indicate the end of each quarter or overtime. For the last 60 seconds of each quarter and overtime, the game clock must indicate the time in tenths of a second.

The scoreboards must indicate the points scored by each team, the number of each player from 0/00 to 99 (and preferably their corresponding surnames), the points scored by each player and the fouls committed by each player.

The scoreboards will have a luminous mechanism that will indicate the number of fouls committed by each team, with numbers of team fouls from 1 to 5. This mechanism will not replace the red team foul markers used by the data entry scorer to indicate the five fouls by one team. The luminous counter will stop when it reaches the fifth foul.

The scoreboards will also indicate the number of charged time-outs.

All the clocks and scoreboards installed in the arena must be synchronised, even those of the centre-hung cube when used also as a scoreboard.

The display of the clocks and scoreboards will be in bright contrasting colours. The background of the displays will be antiglare.

The scoreboards must be configured to continuously receive live data from the digital scoresheet.

The clocks and scoreboards must be mounted securely and must be able to withstand severe impact from any ball.

41.2 Shot clocks and additional game clocks (see Graphic 9)

Two automatic four-sided shot clocks, to apply the "24-second rule" with an additional game clock, which will be installed above and behind the backboard so that they are perfectly visible (between 30 and 50cm from the front of the backboard). Alternatively, four two-sided shot clocks can be installed, with two shot clocks to be installed above and behind each backboard and two to be installed on basket arm of each backstop unit with the display facing the main camera.

The shot clock and additional game clock must be automatic, with a digital countdown to indicate the time in full seconds only until the countdown reaches 4.9, at which point it will indicate the time including tenths of a second from 4.9 until 0.0, as well as a very powerful acoustic signal to indicate the end of the 24-second period. The shot clock is prohibited from counting down when the game clock is stopped.

Once the game clock drops below 10 seconds, all devices displaying the game clock in the arena will show the same information, with one digit indicating the seconds and another one indicating the tenths of a second (e.g. 9.7) left on the game clock. In no case, once the game clock drops below 10 seconds, should the game clock indicate the seconds or tenths of a second with two digits (e.g. *09.7 or *9.70).

The colour of the numbers of the shot clock and the numbers of the additional game clock will be different. The shot clock numbers will be red and the additional game clock numbers yellow. The numbers of the display units will have a minimum height of 25cm and a minimum width of 12.5cm.

The time-out countdown may not be displayed on the shot clock nor on the game clock.

The game clock, shot clocks and additional game clocks must be able to be reset immediately to any time in the game including full seconds and/or decimals.

The arena must have a third four-sided shot clock and additional game clock as backup, which will be identical to those installed.

In addition, there will be two backup shot clocks and additional game clocks to be placed at the left corner of each half court, just off the playing court, in the event of a permanent malfunction of the shot clocks and additional game clocks. Therefore, backup wiring for the backup shot clocks and additional game clocks will be placed at these locations.

41.3 Whistle-controlled time system

A Precision Time System 900EK model including latest software updates must be used in all games. All the arenas must have the necessary equipment approved by the Company, composed of one device and at least four belt packs. One of them will be a backup belt pack. This equipment will be duly connected to the game clock and work properly. The system must be serviced prior to the start of the season by sending the device and the belt packs to the Precision Time System headquarters in the United States of America.

Clubs cannot share the same equipment to other clubs. Should a club acquire the equipment from another club, the equipment will not be accepted for use unless first serviced/approved for use by the manufacturer in time to be set up in the arena and tested prior to the start of the season.

41.4 Acoustic signals

Two separate acoustic signals are required with different, very powerful sounds:

- One for the timer. It will sound automatically at the end of playing time for a quarter, overtime and/or game.
- One for the shot clock operator, which will sound automatically at the end of the 24-second period.

These two signals must have a minimum acoustic power of 100dBA to be heard easily in noisy conditions and must be connected to the public address system of the arena. The Company will request the club to make the acoustic signals louder when it considers that they cannot be easily heard.

41.5 Instant replay system

The Instant Replay System (IRS) will be used by the referees in all games of the season. The IRS will be used according to the rules set forth in Appendix XII.

The Company will decide on the technology to be used for the IRS, which will be installed at the scorer's table.

In the case of using the IRS, only the referees and the IRS operator will be present in the area where the IRS is installed. The crew chief will order any other person not complying with these requirements to leave the area.

41.6 Technical conditions and electronic equipment check

All of these electronic devices must comply with the technical conditions approved by FIBA, save those exceptions approved by the Company.

The clubs will be obliged to check all of their electronic devices to always have them in optimum condition for use. Likewise, the clubs will have a backup console for each of the electronic devices. The backup equipment must be of same manufacturer as the one installed.

Any cabling must be covered securely and must not create a tripping hazard.

Article 42 Storage. Backup material placement

An area will be designated on the arena floor level, below the seating area and adjacent to the playing court area, for the storage of backup basketball-related equipment.

The backup backstop unit, backboard, ring, nets and shot clocks and additional game clocks will be stored in this area immediately adjacent to the playing court area, on the arena floor level.

The backup digital scoresheet laptop, as well as the whistle-controlled time system backup belt pack, will be located at the scorer's table.

The backup personal foul markers must be located underneath the scorer's table.

When determining the floor plan for the seating around the playing court, adequate space will be available to bring the backstop unit, on to the playing court, without delay.

All backup material must be configured identically as the game equipment.

Article 43 Loading docks

The arena will have adequate covered loading docks that will accommodate the loading and unloading of deliveries.

The arena will have a parking area that is adjacent to the loading docks.

Article 44 Arena audio systems

- 44.1** The arena must have a high-quality audio system that is clearly audible from all locations within the arena seating area.
- 44.2** Audio must be of a high quality for voice, music and sound effects.
- 44.3** The arena must have a public address system with a microphone located at the scorer's table for the speaker.
- 44.4** The arena will provide two high-quality wireless hand-held microphones and two high-quality wireless lapel or headset microphones that can be used on the playing court and at other locations within the arena seating area for on-court presentations, promotions and entertainment during pre-game, intervals of play between quarters, half-time and time-outs.
- 44.5** The arena must have an audiovisual control room to replay music from a digital format, to include at least one computer that will have the memory and speed to support extensive audio files, as well as a cart machine to play additional audio files.
- 44.6** Depending on the quality of the permanent audio system, the Company may request the club to supply an ancillary audio system for purposes of the on-court entertainment during pre-game, intervals of play between quarters and half-time ceremonies and shows.
- 44.7** Profanity and explicit lyrics in any language are prohibited (with or without accompanying music) in all arena audio systems.
- 44.8** Clubs will ensure rights clearance in favour of EP for all audio and audiovisual material played in the arena on the occasion of the games.
- 44.9** The public address system inside the arena may be used to inform the spectators of incidents arising during the game on the playing court and in emergency situations. In no case may it be used as a means to negatively alter the emotional state of the spectators or directly or indirectly incite violence, which means that aggressive, disrespectful, offensive or any other negative messages are not allowed.
- 44.10** Its use is only authorised when the game clock is stopped and under the following conditions:

- 44.10.1 The speaker must notify fans, anytime a multiple foul situation occurs, of what was called on the court by the referees through the public address system. Likewise, the speaker must inform of the IRS situation that is being checked by the referees
 - 44.10.2 After every home team's basket scored, the speaker and the DJ will together have a total of five seconds to celebrate it and play music respectively.
 - 44.10.3 The speaker may use the public address system anytime the game clock is stopped, except for during free throws, in order to positively encourage the spectators.
 - 44.10.4 The public address system may also be used for promotional actions during time-outs and intervals of play between quarters.
 - 44.10.5 In the event of a malfunction of the scoreboard, the speaker must announce the score after every basket in English language.
- 44.11** Without prejudice to what is established in Article 44.9, during the games, music may only be played through the public address system in time-outs and intervals of play between quarters. Any other use and obviously a use that might negatively affect the emotions of the spectators or incite violence is entirely prohibited. The installation of musical instruments and/or loudspeakers within 5m from the team benches and scorer's table is not authorised.
- 44.12** Without detriment to any disciplinary measures that might be applicable, the Company may prohibit the use of the public address system or musical instruments for clubs that fail to comply with the provisions of the two previous sections.

Article 45 Game operations

The club will have a sufficient number of staff members who are experienced in the area of game operations. They will work in order to guarantee the smooth running of the entire event.

The arena must have a backup generator installed in case of electrical power failure, guaranteeing that the game can be completed including all minimum elements. Minimum elements are defined as shot clocks and additional game clocks, scoreboard, scorer's table power, heating, cooling and ventilation systems, internet connection and IFPC equipment.

Clubs may not use any material element (CO₂, paper streams, etc.) whilst the ball is in play or whilst the game clock is running.

Article 46 Lighting (see Graphic 13)

- 46.1** The arena will meet the following lighting requirements:
- The horizontal illumination on the playing court area, measured 1m above the floor, will be an average maintained lux level of 2,500. Illumination measured facing the main and reverse angle cameras will be an average maintained lux level of 1,500.
 - The illumination measured facing the endline cameras will be an average maintained lux level of 1,000.
 - The horizontal illumination immediately outside the further boundary line, measured 1m above the floor, will be an average maintained lux level of 2,000 lux.
 - The horizontal illumination will gradually decrease following these guidelines: row 1 to 7 will be an average maintained lux level of 1,250, row 8 to 14 will be an average maintained lux level of 625, row 15 to 21 will be an average maintained lux level of 375, and row 22 and beyond will be an average maintained lux level of 125.
 - Full arena lighting must be provided beginning 90 minutes prior to each game and must be maintained until 30 minutes following the end of the game.
 - During team practices the illumination will be the same as during games.
- 46.2** Lighting must be specifically focused for basketball, based on the configuration and placement of the playing court.
- 46.3** Any glare that may disturb the sight of the players and referees or affect the quality of the TV broadcast must be avoided.
- 46.4** The club will identify locations above the playing court, typically located on the catwalk level (recommended height of 15m), for the placement of up to four sets of strobe lighting, one in each of the four corners. These sets will be temporarily installed by Company accredited photographers under the supervision of the arena personnel.
- Each set of strobe lighting will include up to four separate strobe “heads.” At each corner, the strobe lighting system will have a wiring harness for the installation of four lines, which will power one set of strobe lights. Each set will have synchro-cabling and be accessible to Company accredited photographers via an exchange switch located in the vicinity of the backstop unit.

- The strobe lighting and related equipment will be provided at the expense of the Company accredited photographers. Installation will be supervised by the arena lighting technician.
- These locations will provide adequate power (minimum of 800 amp; 3 phase), as well as backup power, to ensure the simultaneous operation of the strobe lights, which will be operated by the photographers.

46.5 The arena will have emergency backup lighting of at least 1,000 lux.

46.6 The club must ensure that the arena has no spill-over of exterior light from windows, skylights, corridors and entries and will take whatever steps necessary to prevent these light sources from entering the playing court area and seating area.

46.7 The club must ensure that the arena lighting system has instant restrike capability, allowing the lights to be turned off during pre-game presentations, special ceremonies and entertainment (during pre-game, quarter breaks, half-time and time-outs) and then immediately turned on at full illumination. During time-outs and quarter breaks both bench areas must remain lit with sufficient lighting. If the arena lighting system does not have instant restrike capability, dimming the playing court area lights once the game has begun will not be allowed.

46.8 Lighting in all areas of the arena outside of the seating area must be maintained at a minimum of 380 lux and 90cm from the floor.

The proper heating, cooling and ventilation systems will be provided in the arena, and control checks will be performed, in order to ensure that these temperature levels are maintained at all times.

With regard to games, these temperatures are understood to be those when the seating area is occupied. To these effects, the arena must have all necessary heating, cooling and ventilation systems.

The crew chief may suspend a game if the temperature of the playing court area is below 16°C or above 25°C.

The licensed clubs must adhere to the Arena Customer Experience Standards that will be provided by the Company. These standards consist of the Customer Service Standards and the Additional Arena Infrastructure Standards that relate to customer experience, and the Arena Lease Terms that must be adhered to in any future negotiation between a club and a prospective arena.

The Company will monitor the club's adherence to the Arena Customer Experience Standards and issue approvals of compliance over the course of the season. Clubs that do not observe the standards will be required to meet with the Company management and consultants to formulate an action plan designed to achieve compliance.

The Arena Customer Experience Standards will periodically be updated to keep up with the newest trends approved by both the Company and the licensed clubs. These revisions will be issued by the Company periodically and clubs should make sure that they adhere to the latest version of the Arena Customer Experience Standards. In the case that revisions to these standards happen after the club has received formal approval that its arena adheres to them, the club will make its best efforts in order to comply with the revised sections of these standards.

Clubs holding an associated club licence are encouraged to follow the Arena Customer Experience Standards. Notwithstanding this, Article 52, Article 53, and Article 54 will apply.

- 52.8** Apart from other reproductions for entertainment, advertising or promoting basketball, live footage of the game being played and game action replays may be shown on the video screens of the arena. In no case will the teams be shown during a time-out. When game replays are shown on the video screens, the treatment of the content must be balanced. Game replays cannot be used as a means to give support to the home team or in such a manner as to alter the emotional state of the spectators or to incite violence.
- If necessary, the club will block any footage on the screen not abiding by what is stated above.
- 52.9** It is not allowed to use the video screens to distract players during a game, including but not limited to playing time and/or during free throws.
- 52.10** Without detriment to any disciplinary measures that might be applicable, the Company may prohibit game action replays being shown on the video screens whenever the club is making an inappropriate use of them.

52.11 Anytime the referees are performing a review through the IRS, the unaltered footage coming directly from the IRS monitor will be shown on the arena video screen(s) for spectators. No other replays coming from any other source including the international feed and in-house cameras may be displayed prior to, during, or immediately after the referees' review.

Article 53 **Wayfinding signage**

Throughout the arena there will be wayfinding signage, both temporary and permanent, which directs spectators to their seats, to toilets, to concessions, to merchandise stands, to shuttle buses, to VIP hospitality areas, to parking areas, to emergency exits and generally provides easy access for all spectators and guests.

Signage must also be displayed to guide teams and referees to the playing court, locker rooms, press conference room, medical room, doping control room and exits. The signage for teams and referees must be in the local language and in English and must be in accordance with the design instructions provided by the Company.

The signage for the spectators must be in the local language and in English.

Article 54 **VIP hospitality area**

The club must have at least one VIP hospitality area, with capacity for a minimum of 200 people.

The area will be located in proximity to the VIP seats whenever possible.

In the case that there is not enough room inside the arena to set up a VIP hospitality area, the club may use outdoor spaces or venues in close proximity to the arena.

Catering services will be provided in the VIP hospitality area and/or suites. If the Company reaches an agreement with a catering provider, food supplier or partner producing food products, those clubs without a contract with a provider for these services or with this contract close to its end will be given the option to agree on the catering services with the Company's provider.

Article 55 Courtside seating (see Graphic 10a)

55.1 Courtside seating is defined as the grouping of seats that is physically separated from the fixed tribune of the arena, beginning with the row of seats that is closest to the playing court and the successive rows that physically form part of one single group or section of seating (provided that these rows are in between the fixed tribune of the arena and the playing court according to the measurements below).

55.2 Courtside seats may be placed along the entire length of the sideline opposite the team benches – leaving a space of 3m between seats in the centre (a space of 1.5m in width from each side of the centre line) in the first row of courtside seats; this space between seats may be 2.5m in width in the second row of the courtside seats— and along approximately the entire length of each endline, with the exception of the escape lanes on both sides of the backstop unit.

Instead of leaving a space of 3m between seats in the centre, a space of up to 2.5m x 2.5m perpendicularly in front of each free-throw line may be agreed between the Company and the club.

The courtside seats along the sideline may be placed directly on the playing floor, but the feet of a person sitting in the seats may not be closer than 1.5m from the playing court. The courtside seats on the endlines may be placed directly on the playing floor, but the feet of a person sitting in these seats may not be closer than 2m from the playing court. Those courtside seats along the endlines between the backstop unit and the team bench area must be placed behind the electronic advertising system boards.

Besides the described above, any camera positioned close to the courtside seats must have an operational space plus a backwards space of at least 1 meter.

55.3 The clubs must also place four courtside seats on each side of the scorer's table, named bench seats, leaving a space of at least 1.2m to the side of the of the team bench (see Graphic 10a). It is compulsory that these seats are sold (preferably as full season ticket packages) and occupied for every home game.

Once the club has sold its eight bench seats, it will also be permitted to place four more bench seats behind them (second row) on either or both sides of the scorer's table, subject to the club receiving the Company's authorisation for the request to install these seats, which will have been made to the Company well in advance.

If a club has sold the 16 permitted bench seats (8 on either side of the scorer's table, divided in 2 rows of 4 seats each), they will be

permitted to install an additional 2 seats per row and per side of the scorer's table, for a total of 24 seats (12 on each side of the scorer's table, divided in 2 rows of 6 seats each). If a club wishes to install and sell these additional seats, they must install and sell them on both sides of the scorer's table.

These bench seats may not be occupied by executives, managers or other club members nor used as an advertising platform in any way.

The Company reserves the right not to authorise a person to occupy one of these seats or to prohibit the use of the bench seats in case of serious or repeated incidents, without detriment to any disciplinary measures that may be applicable for not complying with any of the requirements set forth in this article.

The club must send to the Company a request adjoining a detailed playing court area layout that shows the dimensions of the bench seats and the distance from them to the team bench, to the scorer's table and to the playing court. Permission to use bench seats will not be granted in any case if the above documentation is not provided.

After receiving the request, the Euroleague Basketball CEO will evaluate all the circumstances, including the effects on the playing court area layout, in order to make a decision. The authorisation, if given, may be withdrawn at any time if the Company notices any type of incidents or actions affecting the course of the game, its participants or the image of the competition.

The club must provide the Company with the information about each of the bench seat ticket holders for approval, prior to the first home game when the ticket is for the entire season, or the day before the game in question when the bench seats are sold on a game per game basis.

55.4

In the first row of the courtside seats located along the endline next to the visiting team bench, the home club will reserve the first four seats next to the visiting team bench for use by employees/club members of the visiting team/club.

The visiting team/club must notify the home club of the full names of the employees/club members who will be occupying these four seats no later than its official practice time on the game day.

55.5 As set forth in Article 145 of these Regulations, the clubs will be responsible for complying with the Euroleague Basketball In-Arena Code of Conduct included as Appendix VII, which establishes special provisions for the courtside and bench seat ticket holders, and for any related infringements committed by them. The home club must identify the fans holding a courtside seat or a bench seat who persistently fail to respect the Euroleague Basketball In-Arena Code of Conduct, sharing the full name and photo with the Company.

In the case that the Company notices any kind of public incidents due to the proximity of the spectators, it may request the club to eliminate the spectator seats closer to the playing court and/or the team bench area.

Article 56 Arena capacity

56.1 The arena must be all-seater and have the minimum capacity established in the EuroLeague Club Licensing Rules as mentioned in Article 7.1 k) of these Regulations. All seats must be numbered.

Corridors, halls, staircases or any other area where people circulate must be unoccupied.

This capacity may include seats that are removed from public sale for media seating and other special purposes. In these cases, the club will inform the Company regarding the number of seats not included in the sellable capacity and their specific use.

56.2 The arena will have the necessary permits to comply with all local regulations and laws.

In case of any change in capacity that may happen over the course of the season, the club must submit to the Company the blueprints of the updated seating area, noting the change in order to have it approved.

If the club wishes to close certain seating sections of its arena (or cover them) and limit the arena capacity as part of its long-term ticketing strategy, it must inform the Company in this respect.

The club is also allowed to have alternative and/or unconventional options to installed seats instead of regular seating sections. These include, but are not limited to, cushions, pouffes, and club and bar seating arrangements. If the club wishes to install an alternative seating option to actual seats, it must ensure that these are fixed to the floor and cannot be easily removed or thrown on to the playing court. In whatever case, all instances of unconventional seating

sections will be reported to the Company, for approval, before the product is sold to the public by the club.

The club may also be allowed to present to the Company a business case for opening one or more standing sections in its seating area. These sections must be provided with safety measures. The Company reserves the right to reject the installation of any standing section that might be deemed unsafe.

Both visiting and home team representatives may record video footage of the fans throughout the entire game. The visiting team security manager and the home team security manager must perform together a walkthrough of the arena seats allocated to the visiting team fans before and after the game, to evaluate if any damage has occurred during the game. The walkthrough of the arena areas will take place immediately before the doors are opened to the public, and again after the game has ended and all visiting team fans have left the arena. In accordance with the guidelines given in the EuroLeague Style Guide, which may be amended at any time by the Company, the following list includes, but is not limited to, the items on which the EuroLeague logo must appear (“EuroLeague logo” means the competition logo provided by the Company). - Media promotions and press releases
- EuroLeague tickets (whether game tickets, season tickets or other types of tickets)
- Posters
- Media Guide
- Official Game Programme

All the online visuals and creativities used by the clubs for promotion and related to the EuroLeague must integrate the EuroLeague logo. In addition, in the visuals and creativities that

include the players' image, the players must wear the official playing uniform of the EuroLeague and use any other official product of the competition (balls, etc.).

- 70.3** The EuroLeague brand cannot be used in other competitions (EuroCup, domestic championship, domestic cup, friendly games or any other) unless authorised by the Company.

73.1 General rules

- 73.1.1 No advertising on the player uniforms will be allowed other than that expressly authorised in this chapter.
- 73.1.2 No brand entering into conflict with the exclusive EuroLeague partners may appear on the player uniforms, except for the brand of the title or naming or presenting partner of the club, or alternatively, if none of the above exist, the main partner of the club, which for the avoidance of doubt will be considered as the brand appearing on the front of the playing uniform with the greatest exposure (hereinafter referred to as “main partner”).
- 73.1.3 The player uniforms must be identical for all the members of the team, and prohibition is made of the use of any element, garment or equipment that fails to comply with the official playing uniform of the team.
- 73.1.4 It is not allowed to include any type of logo or brand on the background of the player uniforms.
- 73.1.5 The numbers permitted to be used for the player uniforms will be: 0 and 00 and from 1 to 99. A team may not have both 0 and 00 in the roster at the same time. The colour of the numbers cannot be the same colour as the uniform and in clear contrast with the rest of the uniform.
- 73.1.6 Any commercial brand authorised on the player uniforms may be displayed with its original official brand or, as a second option, with its name in English. The club that wishes to use the second option or both during the season will notify the Company prior to the start of the season. In addition, every time that the language of the logo is changed, the club will inform the Company 48 hours prior the game.
- 73.1.7 On the occasion of the One Team actions, special branding requirements will be established, as set forth in Article 86.

73.2 Distinctive marking of playing uniforms

The distinctive marking of the playing uniform will be set out as follows:

73.2.1 Front of the shirt (see Graphic 1)

- a) The number of the player must be at least 10cm in height and be situated in the centre and right above the partner or name of the team/club.
- b) No other distinctive marking may be placed within 5cm of the number of the player.
- c) The advertising space (a maximum of two commercial brands – whether included or not in the name of the team – on a maximum of three lines) will be a maximum size of 16cm in height and 30cm in width.
- d) The badge with the EuroLeague logo must be displayed on the upper left part and will occupy 7.5cm in height and 5cm in width. No distinctive markings other than the One Team badge may appear next to the EuroLeague badge. The Company will provide the clubs with the EuroLeague badges that must be applied on the playing uniforms. The badges may not be printed directly on the uniforms. The EuroLeague champion of the previous season will be provided with a special and exclusive EuroLeague badge for its playing uniforms.
- e) The badge with the One Team logo must be displayed on the upper left part, just below the EuroLeague badge, and will occupy a maximum of 1.5cm in height and 7cm in width. No distinctive markings other than the EuroLeague badge may appear next to the One Team badge. The Company will provide One Team badges to the clubs.
- f) The club logo may be displayed on the upper right part. The club logo will not occupy more than 25cm².
- g) The manufacturer logo may be displayed on the upper right part of the shirt, below the club logo, but it may be no larger than 12cm².
- h) For the Final Four, the clubs will be provided with a unique and special badge that must be displayed on the playing uniforms.

73.2.2 **Back of the shirt** (see Graphic 2)

- a) The centre of the back of the shirt must display the number of the player, which will be at least 18cm in height. No other distinctive marking may be placed within 5cm of the number of the player.
- b) Above the number, the name of the player will be inserted in upper-case letters on a single line of text that will be a maximum of 6cm in height. The name used for each player on the back of the shirt will be the one stated on the Individual Registration Form as “playing uniform name”, which will require the approval of the Company and may not be changed during the season.

The name of the player on the back of the shirt must be written in Latin characters, using diacritics when appropriate.

- c) Under the number, one line of text must be displayed in upper-case letters 8cm in height, which must be the name of the city exactly as included in the name of the team. If the text is over one line, the inclusion of two lines, each 6cm in height, may be authorised. Only text will be authorised in this area. This text must be placed at a minimum distance of 3cm and a maximum of 5cm from the number.

The name of the city on the back of the shirt must be written in Latin characters and in English.

- d) Within the space between the name of the player and the number, the clubs will be allowed to advertise one commercial brand on one single line that will be a maximum size of 6cm in height and 25cm in width.
- e) The national or regional flag or a distinctive non-commercial emblem of the club (team motto or similar) may be displayed on the centre of the hem on the back of the shirt. The area occupied by the flag or the emblem will be no larger than 4cm². Only one element, either the flag or the emblem, may be displayed, and in all cases must be approved by the Company.

73.2.3 **Shorts** (see Graphic 3)

- a) The official logo of one commercial brand is allowed on the lower side of the front right leg, up to 22cm² in size.
- b) The manufacturer logo is allowed to a size of no more than 12cm² on the left side of the right leg.

- c) The number of the player must be displayed, 10cm in height on the left side of the left leg.
- d) The EuroLeague logo (7.5cm in height and 5cm in width) must be displayed on the right side of the left leg. The Company will provide playing uniform badges to the clubs.
- e) No advertising is allowed on the back of the shorts.

73.2.4 The two lateral sides of the playing uniform are considered parts of the front and back of the shirt and shorts. Therefore, the lateral sides of the playing uniform cannot be used as an additional advertising space, neither for the club and its partners nor for the apparel manufacturer.

73.2.5 **Socks**

Players may wear either black or white socks. They are also allowed to wear socks of the same dominant colour as the playing uniform or of two colours, provided that these are the official uniform colours of the club. Both socks must be of the same colour, and all players on the same team must wear the same colour socks.

No logo and/or advertising may be displayed other than the EuroLeague logo.

73.2.6 **Shoes**

The only logo that may be displayed is the manufacturer's.

Shoes with lights or similar types of accessories will not be allowed.

73.3 Main and reserve playing uniforms

- 73.3.1 All the teams must have a minimum of two distinct playing uniforms, one of a light colour and one of a dark colour. Only one of the main or reserve playing uniforms can be striped. It is recommended that teams have a third distinct playing uniform in order to avoid a coincidence with playing uniforms whose design includes two distinct colours. If the front of the shirt is striped, the back of the shirt must be the same as shorts: one single colour with the same shade. The club will state which uniform is the main playing uniform, and the other(s) will be the reserve playing uniform(s). The main and reserve playing uniforms may not be of different shades of the same colour. The clubs are obliged to send to the Euroleague Basketball office the digital design of each playing uniform including shirt and shorts no later than 15 July and the sample of each of them no later than 31 August. Sending to the Company the design of the playing uniforms in a digital file does not substitute the shipment of the samples. Following the authorisation of the Company, the playing uniforms must be produced to be used on the Media Day.
- 73.3.2 Badges on the names, numbers or logos of the playing uniforms will not be allowed, except for what is established in Article 73.2.

73.4 Modification of the playing uniforms

- 73.4.1 No modification of the colours of the playing uniforms will be allowed after 1 August, unless caused by a change in the title or naming or presenting or main partner. Even in this case, the modification will not be authorised if made repeatedly during the same season.
- 73.4.2 No change in the number of a player will be allowed once the season has started. Two different players may not use the same number in the same season.
- 73.4.3 No modifications on the playing uniforms will be allowed once the season has started, unless caused by the change of the title or naming or presenting or main partner and only if the club is signing an agreement with a new partner for at least two years. If the club loses the title or naming or presenting or main partner for any reason not attributable to the club, the Company may waive the requirement for the agreement with a new partner as mentioned above. In whatever case, the prior approval of the Company will be required before proceeding to the change.
- 73.4.4 Changing any of the distinctive markings of the playing uniforms is not authorised, even if it is for including non-commercial brands or entities or for corporate or solidarity purposes, unless it is approved by the Company.

73.5 Distinctive marking of the warm-up shirt

The distinctive marking of the warm-up shirt is set forth in the following manner:

73.5.1 Front of the warm-up shirt (see Graphic 4)

- a) The number of the player must be at least 10cm in height and be situated in the centre and right above the advertising.
- b) No other distinctive marking may be placed within 5cm of the number of the player.
- c) The advertising space (a maximum of two commercial brands – whether included or not in the name of the team – on a maximum of three lines) will be a maximum size of 16cm in height and 30cm in width.
- d) The EuroLeague logo must be displayed on the upper left part and will occupy 7.5cm in height and 5cm in width. In no case may any other distinctive marking appear next to the EuroLeague logo. The Company will provide warm-up uniform badges to the clubs.
- e) The club logo may be displayed on the upper right part. The club logo will not occupy more than 25cm².
- f) The manufacturer logo may be displayed on the upper right part of the shirt, but it may be no larger than 12cm².
- g) The clubs will be allowed to advertise one commercial brand on the lower part of the outer side of the right sleeve, but the logo may be no larger than 22cm².
- h) For the Final Four, the clubs may be provided with a unique and special badge that must be displayed on the warm-up shirt.

73.5.2 Back of the warm-up shirt (see Graphic 5)

- a) The upper part of the back of the warm-up shirt must display the name of the player in upper-case letters, on a single line of text that will be from a minimum of 6cm to a maximum of 8cm in height. The name used for each player on the back of the shirt may include diacritics when appropriate and will require the approval of the Company and may not be changed during the season.

- b) In the centre of the back of the warm-up shirt the clubs will be allowed to advertise a maximum of two commercial brands – whether included or not in the name of the team – on a maximum of three lines. The total dimensions will be a maximum of 16cm in height and 30cm in width.
- c) Under the advertising mentioned in paragraph b) above, there must be one line of text in upper-case letters 8cm in height, which must be the name of the city exactly as included in the name of the team. If the text is over one line, the inclusion of two lines, each 6cm in height, may be authorised. Only text will be authorised in this area.
- d) The name of the city on the back of the warm-up shirt must be written in Latin characters and in English.
- e) The name of the player on the back of the shirt must be written in Latin characters, using diacritics when appropriate.

73.5.3 Changing any of the distinctive markings of the warm-up shirt is not authorised, even if it is for including non-commercial brands or entities or for corporate or solidarity purposes, unless it is approved by the Company.

73.5.4 The clubs are obliged to send to the Euroleague Basketball office the digital design of their warm-up shirt no later than 15 July, and a sample no later than 31 August, and then they must be expressly authorised by the Company before going to production. Sending to the Company the design of the warm-up shirt in a digital file does not substitute the shipment of the samples. The same steps will apply to all further modifications.

Article 74 Other garments and equipment

74.1 The following garments and equipment are permitted provided that they do not pose a danger to other players and are the same dominant colour as the playing uniform, as a primary option or, if not, black. All garments or equipment used by players of the same team will be the same colour. In no case may they display any advertising or logo different from that of the manufacturer, club or EuroLeague competition:

- protective equipment if the material is sufficiently padded
- compression sleeves and stockings
- knee braces, mouthguards
- spectacles

- headbands of a maximum size of 5cm in width
- taping, which will be skin-coloured, preferably, or either the same dominant colour as the playing uniform or black.

74.2 No other garment or equipment different from that specified in the previous paragraph may be used in the games unless by medical prescription. Their use must be authorised by the Company, following the assessment of the Company's medical officer and the approval from the Company's Competitions Department. To request the authorisation, the medical prescription must be sent to the Euroleague Basketball office by the medical staff of the club within 48 hours before the game. In case of a last-minute need, the club will contact the Company's medical officer by telephone.

Bandanas, hair beads and hard material are expressly prohibited.

Article 75 **Players and coaches dress code**

It is recommended that the players wear casual dressy attire whenever they are arriving or leaving the arena for playing or attending EuroLeague games.

The head coach and assistant coaches must wear a suit during games.

Article 76 **Courtside advertising**

76.1 **General principles**

Exploitation of courtside advertisements in the arenas will be ruled by the following regulations and will have to respect the exclusivity granted to EuroLeague partners (see the relevant contract).

No advertising within the playing court area and immediate surroundings, including the team bench and scorer's table areas, may be allowed other than that expressly authorised in this chapter.

76.2 **Technical equipment** (see Graphic 6, Graphic 7 and Graphic 8)

Only advertising that is specifically mentioned in this article will be permitted on backstop units.

- a) Only the manufacturer name, logo or trademark is permitted on the backstop unit and with a maximum size of 250cm² (only one name, logo or trademark on each structure).

- b) One EuroLeague logo sticker must be displayed on the top edge of each ring support. One competition sticker must be placed on the top edge of each backboard. Both stickers must be in a position suitable for “Slam Cam” TV cameras coverage. The Company will provide the clubs with these stickers.
- c) One EuroLeague logo sticker must be displayed on the lower left corner of each backboard when facing it from centre court, and the same logo sticker on the lower right corner of the reverse side of each backboard. The Company will provide these logo stickers to the clubs.
- d) A One Team logo sticker must be displayed on the lower right corner of each backboard when facing it from centre court, and the same logo sticker on the lower left corner of the reverse side of each backboard. The Company will provide these logo stickers to the clubs.
- e) The advertising of two brands (the same for both baskets) is permitted on the basket support padding. The second brand may be displayed on the two lateral surfaces.

Additionally, the team logo may be placed on the upper part of the front padding. The logo may not exceed 30cm in height and 30cm in width.

No modification of the size of the regular padding will be permitted.

- f) One advertising space for the EuroLeague partners or for EuroLeague self-promotion is reserved on both sides of the arm of each basket support. The Company will provide the relevant canvases. It is not allowed to display any other advertising on the arms of the basket supports.
- g) Advertising is permitted on the scoreboards provided it does not obstruct or interfere with their functioning.
- h) One advertising board may be placed on each of the shot clocks and additional game clocks, below the area where the shot clock is displayed. The advertising of only one brand (the same for both baskets) is permitted. The dimensions of this advertising board may not exceed the width of the shot clock and additional game clock.
- i) All designs and mockups must be provided to the Company for approval before 31 August. Any design that has not been previously approved by then will not be allowed.

76.3 **Playing court area** (see Graphic 10)

Advertising is not permitted on the playing court and within the area delimited by the further boundary line, except that specifically mentioned in this article.

- a) The team logo must be displayed inside the centre circle, and no advertising will be permitted inside this area. This team logo may occupy a diameter larger than 3.5m with the prior approval of the Company, which will determine the exact measure of the logo.
- b) Advertising is permitted inside the free-throw circles. The advertising must be the same for both free-throw circles during the entire season and must be painted. In any case, all lines marking centre and free-throw circles must be clearly visible.

No change in this advertising will be allowed unless caused by the change of the advertised partner, and only if the club is signing an agreement with the new partner for at least two seasons.

- c) The name of the city where the club is registered and which appears in the name of the team must be displayed within the entire area delimited by the further boundary line corresponding to the side of the team benches and the scorer's table, with a maximum length of 10m and in standard white capitalised Latin characters, outside the playing court and perpendicular to the centre line. The name of the city must always be written in English and must have significantly larger characters than those of the name of the arena in the case that the name of the arena, which should be preferably placed above the name of the city, is included in this area, as shown in Graphic 10a. This prominent size of the name of the city will need to be approved by the Company. No logos or other texts are permitted in this area.

The name of the city must be legible for TV cameras and may be displayed only once.

The requirements set forth in this point are also applicable when the team plays in a city other than the one in which the team is registered, unless an exception is approved by the Company.

- d) It is allowed to include a non-commercial motto, corporate pattern or a special artwork in the opposite side of the teams' benches for design purposes. Only capitalised Latin characters are allowed. Placement needs to be perpendicular to the centre line. The layout needs to be approved by Company.
- e) One EuroLeague self-promotion sticker, or one advertising space for the EuroLeague partners must be positioned facing the playing court, on the upper side of each endline (so as to be within the TV cameras coverage) and between the team bench area and the backstop unit. The Company will provide the clubs with these stickers.
- f) Two advertising 2D stickers (the same for both positions) may be displayed in front of each of the team benches within the area delimited by the further boundary line. The stickers must be transparent. No coloured backgrounds in the design will be allowed. The advertising must be the same for the entire season. The advertising will consist of corporate logos of club partners only (no other symbols, messages or sub-logos may be displayed). The advertising stickers will be a maximum of 3m in width and 1.5m in height and must be placed starting at 2m from the endline.
- g) Two transparent 2D advertising stickers (the same for both positions) of a maximum of 5m in width and 1m in height can be displayed on the lower side of both endlines. The stickers must be transparent. No coloured backgrounds in the design will be allowed. The advertising must be the same for the entire season. The advertising will consist of corporate logos of club partners only (no other symbols, messages or sub-logos may be displayed).
- h) One advertising space for the EuroLeague partners must be reserved on each end of the playing court area, behind the endlines and in front of the backstop units (the Company will provide the clubs with the design of the relevant logo sticker, and the clubs will be responsible for its production and placement).

- i) Two transparent EuroLeague (or, in their place, the name and/or logo of EuroLeague partners or any other content in the reasonable discretion of the Company) logo stickers must be displayed (dimensions to be decided by the Company) within the playing court. They will be placed on opposite sides of the playing court facing the TV cameras platform as shown in Graphic 10, each being positioned in an area limited by the endline, the centre line and the 3-point line (the Company will provide the clubs with the design of these logo stickers, and the clubs will be responsible for their production and placement). These logo stickers may be different in the Regular Season, Play-In, and Playoffs if requested by the Company.
- j) No other advertising and/or branding is permitted outside the perimeter of both free-throw circles and centre circle, even if this is an extension of the advertising and/or branding that appears inside the circles.

In the cases when there are stickers applied on the playing court, it is compulsory to use proven safety anti-slip laminated stickers.

It is also compulsory to take good care of the stickers, cleaning them up and changing them whenever necessary.

If a club changes its arena where usually its home games are held, it will be the club's responsibility to bear the cost of reproducing all corporate or advertising stickers of EuroLeague partners already produced.

- k) **Basket Arm LED Boards:** It is mandatory that the clubs have an electronic advertising system installed on the basket arm of both backstop units. The Company will provide the clubs with the equipment of the basket arm LED boards as well as an installation crew prior to the start of the competition. The clubs will be responsible for the appropriate maintenance of the equipment as well as for the management of the advertising software during the EuroLeague games. The clubs will also be responsible for covering any costs related to the maintenance and/or repairs of the basket arm LED boards. The necessary time to display the official graphic of the competition on the basket arm LED boards, which the Company will provide, will be made available by the clubs prior to the start of each game and prior to the start of the third quarter. This graphic must be the only one shown during the last 10 minutes prior to the tip-off time of the game, and during the last six minutes before the third quarter. It will not be counted as part of the 36 minutes reserved to EP during game time that is established below.

The following specifications are compulsory:

- Only still footage may be displayed on the basket arm LED boards during game time. No animations will be permitted.
- The displayed content must be the same for both basket arm LED boards.
- The exposure time of the contents displayed on the electronic advertising system of the basket arm LED boards will be shared between the Company and the home club in equal parts during game time (36 minutes of advertising time for each party).
- Each party will be allowed to display a maximum of four different brands per quarter for a maximum of eight different brands within its assigned 36-minute exposure.
- Advertising must be static when the ball is alive, meaning that transitions from one advertisement to another will only be allowed when the game clock is stopped.
- For the avoidance of doubt, the eight club brands will respect the exclusive categories reserved for the EuroLeague partners, as stipulated in Article 76.1 and Article 78 of these Regulations.
- The Company will provide the home club with the playlist and quarter distribution prior to each game.
- During the games designated as Game of the Week, the clubs must make the entire time available on the basket arm LED boards to EP, for the EuroLeague partners. EP will make available 18 minutes of exposure on the electronic advertising system of the basket arm LED boards for the club, which will be allowed to display only four club brands, always respecting the exclusivity granted to the EuroLeague partners mentioned above.
- Advertising must be set to 50% of the maximum brightness with a recommended level of brightness of 20-25%, unless otherwise specified by the Company.
- Advertising must be able to be deactivated at the request of the referees.
- The electronic advertising system must be independently operated and may not be connected to any other competition clock.
- The advertisements of the basket arm LED boards may be different from those of the electronic advertising system around the playing court.

- Clubs are not allowed to place any advertising on the padding of the basket arm LED boards.

76.4 Outside the playing court area

- a) It is mandatory that the clubs install an electronic advertising system (LED or LCD) in their arenas, next to the playing court area, for all games. The electronic advertising system will be installed all along the TV cameras coverage, which includes the entire sideline (leaving only the necessary space to gain access to the team benches) and the upper part of the endlines, as shown in Graphic 10. No other type of advertising platform will be allowed in this area. It is also mandatory that all the electronic advertising boards simultaneously display the same image.
- b) All electronic advertising boards must be clearly visible and must be between 80cm and 90cm in height. The clubs will inform the Company regarding the characteristics, dimensions and technical specifications of the electronic advertising system in their arenas no later than three weeks before the first game of the competition. The electronic advertising boards will be positioned around the playing court area, opposite the main TV cameras, covering the sideline and the part of the endlines nearest to the team bench area, forming an inverted U. The boards will be distributed in the following way:
 - At the endlines, a minimum of 6m and a maximum of 7m will be covered on each side.
 - At the sideline, a minimum of 26m will be covered (6m to 7m on each side, 12m to 14m in the central part).
 - The open area to access each team bench area will be a minimum of 1.5m wide and a maximum of 3m wide and will be the same on both sides of the scorer's table.
 - No empty space may be left between the sideline boards and the endline boards. The boards must be installed in such a way that a 90-degree angle is formed in the corners.

Therefore, the entertainment squad, mascots, photographers or any element that may obstruct the view of the electronic advertising boards will not be positioned in front of them.

All types of advertising boards must allow easy access to the playing court and guarantee the safety of all personnel involved in the game. All boards must be adequately padded with impact absorbing material in order to guarantee all personnel's safety as detailed in Article

57.3.4. At the same time, the positioning of the advertising boards will have to comply with public safety regulations in the country in which the arena is located.

c) Electronic Advertising Rules

All the electronic advertising system animations must fulfil the following style guidelines and specifications:

- Clubs will provide the Company with the technical specifications of their electronic advertising platforms no later than 31 July.
- White, light and bright backgrounds are not recommended in the electronic court advertising animations. It is recommended to always use dark backgrounds with high contrast levels over the displayed information.
- The content screen displayed within every animation must be static for at least five seconds. For instance, an animation lasting 15 seconds and displaying different content must keep each part of the content static for at least five seconds.
- It is not permitted to display animations that may disturb the concentration of players, coaches and/or referees (i.e. flash/spark/blink animations).

The Company will provide the clubs with an extended version of these Electronic Advertising Rules containing right and wrong examples.

d) During the entire season up to the Final Four, the clubs must make available for EP:

- 24 minutes on the electronic advertising boards around the playing court within the TV cameras coverage. These minutes made available must be 24 minutes of playing time, which means that exposure during intervals of play between quarters, half-time and time-outs is not counted. These 24 minutes must also be equally distributed among the four quarters. This provision will not be applied in the Game of the Week. If the game goes to overtime, one third of the inventory on the electronic advertising boards must be available for EP.

These minutes made available must be of game time.

- The necessary time to display the official animation of the competition on the electronic advertising system, which the Company will provide, will be made available by the

clubs prior to the start of each game and prior to the start of the third quarter. This animation must be the only one shown during the last 10 minutes prior to the tip-off time of the game, and during the last six minutes before the third quarter. It will not be counted as part of the 24 minutes reserved to EP.

- The club must provide the Company with an advertising space for direct marketing actions, promotional campaigns, sample distribution and on-site sales purposes during the entire season.
- e) It is not allowed to advertise any non-Euroleague Basketball event on the electronic advertising system unless authorised by the Company.
- f) All the clubs that have electronic advertising boards on the opposite side of the team bench area and the scorer's table, as well as along the endlines furthest away from the team bench area, must synchronise the advertising animations displayed along the endlines furthest away from the team bench area with the animations played on the electronic advertising boards mentioned in paragraph a) of this article. Such electronic advertising boards cannot obstruct the playing court from any camera shot.
- g) In no case will advertising be allowed in the vicinity of the electronic advertising boards, behind the team bench area, behind the scorer's table, or in any other area within the master camera coverage, except for what is stated in point h) below.
- h) Advertising on the benches (chairs, cushions, etc.) can be managed by the club but must not interfere with the visibility of the game from the seating area and on TV. The logo of competitions other than the EuroLeague may not be displayed.
- i) Advertising is also permitted outside the TV cameras coverage and on a video screen, located away from the playing court area. If advertising announcements include audio, they may be run only during intervals of play between quarters or half-time.

- j) The Company will provide the clubs with a playlist including all EuroLeague partners and corporate animations, which will be shown on the electronic fascia boards of the arena, if any, during 24 minutes of playing time, which means that exposure during intervals of play between quarters, half-time and time-outs is not counted. These 24 minutes must also be equally distributed among the four quarters. The Company will also provide the clubs with a playlist with similar content to be shown on the video screens of the arena. The Company will be entitled to one third of the commercial inventory on these platforms. No brand entering into conflict with the EuroLeague partners may appear on the electronic boards, except for the title or naming or presenting or main partner of the club.
- k) The remaining advertising is for the club, but the Company reserves the right to display banners, boards and others, bearing the EuroLeague logo or one of its partners.

76.5

General information

- a) Advertising cannot be used as a means to give support to the home team or in such a manner as to negatively alter the emotional state of the spectators or to incite violence.
- b) Advertising placed in the playing court area that is not directly painted on the floor must be fixed safely.
- c) Advertising Production Costs: If a club decides to change its electronic advertising system during the season (dimensions, specifications, etc.) it will bear the cost of reproducing all advertising of the EuroLeague or any of its partners already produced and paid for the season by EP and/or the Company.
- d) If a club, for technical reasons, is facing difficulties in placing the advertising of the EuroLeague or any of its partners, it will inform the Company at least 24 hours in advance of the game, so that the Company can find a solution.
- e) Any refrigerators by the playing court area must display only the EuroLeague Official Soft Drink Provider and must be placed in a manner that they will be visible to the TV cameras. Only the Company has the right to designate the isotonic beverage and/or bottled water that is made available to the players on the sidelines.
- f) Any type of dismantling on the playing court and in its immediate surroundings is not authorised until 15 minutes after the final buzzer of the game, so that the dismantling is not broadcast on the international feed.

76.6 Electronic advertising system exposure time report

- 76.6.1 Each home club must send the playlist 24 hours before each game, specifying the brands that are going to be displayed on all the electronic advertising platforms, the length of the videos in seconds and the times when the videos are scheduled to be played.
- 76.6.2 Within 24 hours after each home game, the clubs must provide the Company with a detailed report documenting the time of exposure received by each of the EuroLeague partners appearing on all their electronic advertising platforms. This report must include detailed quarter by quarter information regarding each game.

76.7 Official ball and ball carts

- 76.7.1 The official ball designated by the General Assembly will be the only one that may be used in the games and practices and will be supplied by the Company.
- 76.7.2 The official ball may not be used in competitions, exhibition or friendly games other than the EuroLeague, unless it is approved by the Company.
- 76.7.3 No markings that may be visible in photos or on TV footage will be allowed on the ball.
- 76.7.4 The balls used in each game must have all branding in proper conditions, without significant deterioration of their original design.
- 76.7.5 The Company will provide the ball carts and include the EuroLeague logo and the logos of any or all of its partners on their sides. The home club will provide the visiting team with two ball carts that hold a minimum of 12 basketballs.

- b) The Company will send to the clubs the proposed items/references and designs of the EuroLeague collection for the season before 15 July.

- d) The Company will approve the final design of the collection by 31 August, in order to produce it and launch it no later than 15 October. In the case that there is a new partner after 15 October, the Company will approve the final design of the collection within 15 days following the communication by the club.
- e) The main method of sale will be through the Euroleague Basketball online merchandise platform. Once the collection has been launched online each club and the Company will discuss on how to access in-market opportunities meant to grow the EuroLeague points of purchase (POP) in local retail channels and speciality stores.
- f) The clubs must have a EuroLeague dedicated area within their own permanent merchandise store (offline and online) to display and sell the EuroLeague merchandise. In the event that the club does not own any permanent merchandise store, this area will be placed both in the merchandise stands inside the arena where the team plays the EuroLeague games and in at least one local specialised basketball store.

The clubs that have a permanent merchandise store must delimit a EuroLeague merchandise dedicated area (minimum of 2m in height × 1.5m in width). The top of this area must be properly branded with a Euroleague Basketball and club creativity (the design will be provided by the Company).

In the case of the merchandise stands inside the arena, these will feature a EuroLeague dedicated area (minimum of 1.5m in height × 1.5m in width) to display and sell the EuroLeague merchandise.

In all cases, the club will be responsible for managing the EuroLeague merchandise dedicated area. In the case of the local specialised basketball store, the club will reach the necessary commercial agreements with the store management.

The Company will inform the clubs of the products that they have to sell in the EuroLeague merchandise dedicated area.

In addition, each club will send a maximum of 50 official shirts to the Euroleague Basketball online merchandise platform no later than 30 September and at no cost to the Company. The Company will make the request for the final number of units to each club based on demand estimations. The Company will send to each club quarterly reports detailing the status of the shirts and the sales made. The clubs will receive the retail price of each shirt sold no later than 30 June. If at the end of the season the shirts have not been sold, the club and the Company will agree in good faith that the Euroleague Basketball online merchandise platform keeps them in stock for one more season at a discounted rate for customers. If the shirts remain unsold at the end of the second season, the club and the Company will agree on their use.

All club partners will respect the exclusivity granted to the EuroLeague partners (see contract between EP and each club).

The clubs will not be allowed to promote, advertise or enter into agreements with any partner or company that contradicts with the exclusivity basis upon which EP defines all its partnership contracts, nor any event, entertainment or sports competition other than the EuroLeague.

Only in the case that EP signs a new partnership category contract within the season, will it allow the club to continue with its contradicting endeavour until the end of the season, always excluding any promotion during the Final Four, where all the advertising platforms are controlled by EP. When the season ends, the exclusivity basis will be the only *modus operandi* during games, according to the relevant Contract signed between EP and the clubs.

The Company will make its best efforts to collect all the requested merchandise during the Media Day at the beginning of the season.
- 78.3.4 Under no circumstances may a club conduct any type of promotional activities (for instance, contests) using and/or offering Final Four tickets, packages or similar for the purposes of the club and/or any of its partners and/or media. The Company's prior written approval will be required for these types of promotional activities.

Any modifications of backdrops during the season, due to the signing of an agreement with a new EuroLeague partner, are the responsibility of the club. The clubs have to produce on time the backdrops, according to the Company's designs, and send a photo of the finished product to the Euroleague Basketball office at least two weeks before the start of the Regular Season.

84.2 Press conference room

The club must use a front cover for the press conference room head table. The club may display its brands on the front cover of the head table on the understanding that no brand entering into conflict with the EuroLeague partners may appear on this platform.

Article 90 Arena access for media

The clubs must provide the media covering the game or event with accreditations and arena access totally free of charge. In the case that some type of payment might arise, the home club will be the one responsible for paying it directly to the arena management.

Only certified journalists working for media outlets that conduct communication activities will be evaluated to obtain a media accreditation. The Company may grant authorisation for accreditations to individuals not meeting the aforementioned criteria.

The Company will be entitled to submit a list of the media that must be granted accreditations and arena access totally free of charge.

The clubs must send a complete list of all accredited media three hours prior to the tip-off time of the game to the Company's Communications Department, so that they are informed regarding the exact coverage of the game and can agree with the clubs concerning the authorised coverage of the non-rights holders.

The Company is entitled to revoke the accreditation of a media member for that specific game and/or for the rest of the season, in the case that this media member goes around areas in the arena where the media are not allowed to circulate, breaches the copyright rules or does not follow the Code of Conduct.

Any accredited media will not be allowed to be on court once the game has finished until the world feed has finished except the official photographer and social media manager of the Company and both the home and visiting teams, and the IFPC crew to cover any possible celebration on court after the final buzzer.

Article 91 Photographers

The club must make sure that all accredited photographers will only have permission to take pictures for editorial distribution or sale.

Space for photographers will be provided behind the endlines at both ends of the playing court area, on the side of the backstop units

nearest to the team benches and behind the advertising boards, as displayed in Graphic 10a and Graphic 12.

Under no circumstances may photographers be located occupying the escape lanes, nor blocking the visibility of the electronic advertising system boards.

Space for approximately two Company accredited photographers will be guaranteed at court level.

The Company accredited photographers will be seated directly on the floor or on low chairs directly behind the advertising boards, without obstructing the spectators' view of the playing court from courtside seats. The home club will create the necessary space for courtside seats and the photographers' area.

The Company accredited photographers will be authorised to circulate freely around the arena throughout the game.

Company accredited photographers will have the right to install remote-control cameras on the backstop units, below the centre-hung cube and at other locations in the arena (subject to the photographers securing their own cameras).

The clubs will provide power supply and one dedicated high bandwidth internet connection with download and upload speeds of at least 200Mbps for the Company accredited photographers. This line must be installed in close proximity to the playing court area, preferably in the back area of the photographers' benches or seats. The power supply and internet connection must remain active and available until at least 1 hour and 30 minutes after the final buzzer.

The home club will accommodate the temporary installation of strobe lighting, which will be operated by remote control, for all the Company accredited photographers. The installation will consist of all necessary electronic cabling, so that when Company accredited photographers arrive on the day of the game, they can install their portable strobe lights safely and easily.

The club will provide one parking slot for the Company accredited photographers inside the arena, in a comfortable area for them to be able to carry their professional equipment to their area inside the arena.

Article 92 Set-up of remote cameras

92.1 Remote cameras behind the Backboards

Cameras triggered by remote control can be set up behind each backboard.

Cameras behind the backboards must be set up in a proper way to avoid any interference among them and/or between them and the rest of IFPC's or rights holders' cameras. All the equipment may not stick out of the edges of the backboard.

Photographers' cameras behind the backboards must be powered only by batteries. Power adapters may not be used under any circumstance.

All requests for setting up cameras must be sent to the Company's Communications Department (mediacommunication@euroleague.net and television@euroleague.net) at least 10 days before the game in the case that a camera has to be set up on the backstop unit. Every request must include the name of the person who will do the set-up and the person responsible for the camera. The set-up of all the cameras must meet all the relevant safety standards, and any necessary safety certificates must be provided. The photographers' installation must always be supervised and approved by the home club.

No cameras overhanging the backstop unit will be allowed.

Each camera must have two magic arms (with magic clamps of the Manfrotto 035 type or similar), one of them holding the bottom of the camera, and the other being fixed at the backstop unit.

To avoid the reflections of the backboard glass in the photos, photographers will use Cinefoil or similar, attached on one side to the periphery of the camera lens and on the other side to the back of the backboard glass with transparent self-adhesive tape.

In all cases, the Cinefoil size must be the minimum possible in order not to obstruct the view of the TV cameras or spectators.

All the materials used to set up the cameras must be black with no glare.

Photographers and IFPC staff members setting up the cameras must leave the court 90 minutes before tip-off. Photographers and IFPC staff members will only have access to the cameras during the first five minutes of half-time and after the end of the game.

The home club will be responsible for immediately removing any camera(s) that do not comply with this article. The Euroleague Basketball delegate or the referees may request the removal of the installation of the cameras in the case that there is a risk related to safety and security.

Any photographer not complying with these rules will immediately have their accreditation revoked and will not be allowed to cover future Euroleague Basketball games.

The priority order to set up the approved cameras will be the following:

- IFPC's camera or rights holders' camera
- Camera of the Company accredited photographer
- Camera of the official photographer of the home team

The maximum number of approved cameras in this space is one per backstop unit, with maximum one camera per organisation.

The set-up of all the cameras must meet all the relevant safety standards, and any necessary safety certificates must be provided. The photographers' installation must always be supervised and approved by the Euroleague Basketball delegate.

The camera must be set up when no players are using the backstop unit, and all equipment must remain entirely inside the backstop unit. The space must be covered using a shatter resistant acrylic glass/plexiglass or similar material approved by the Company that is completely aligned with the padding, cannot move should a player or referee make contact with it, and is therefore safe for all participants.

Photographers and IFPC staff members setting up the cameras must leave the court 30 minutes before tip-off. Photographers and IFPC staff members will only have access to the cameras during half-time and after the end of the game.

The home club will be responsible for immediately removing any camera(s) that do not comply with this article. The Euroleague Basketball delegate or the referees may request the removal of the installation of the cameras in the case that there is a risk related to safety and security.

Article 98 Access to team practices for the media and pre-game press conference

98.1 The 15-minute practice access for media is mandatory starting one or two days before the first game of each team, for both home and visiting teams, and will be in force during the entire season. Depending on whether the team is local or visiting, media access will be one or two days before.

98.2 Home team

The 15-minute practice access will be open to all accredited media (local media and media from abroad) one day before each game. Practice access will take place during the first or the last 15 minutes of the practice. All players and the head coach will be available to the media for at least 15 minutes following the team practice. In the case that the home team practices during the morning and the afternoon, the practice open to the media must be in the afternoon, permitting coverage by the media who have travelled from abroad. If the home team decides not to practice the day before the game,

the access to team practices for the media will be open the morning of the game day shoot around session.

98.3 Visiting team

- a) **HOME PRACTICE.** The 15-minute practice access two days before each game will be open to the local media. Practice access will take place during the first or the last 15 minutes of practice. All players and the head coach will be available for the media during at least 15 minutes.
- b) **AWAY PRACTICE.** The 15-minute practice access one day before each game will be open to all accredited media (local media and media from abroad). All players and the head coach will be available for the media during at least 15 minutes. Practice access will take place during the first or the last 15 minutes of practice. The visiting team usually trains the day before the game at the scheduled tip-off time of the game. For this reason, the Company recommends that practice access should take place during the first 15 minutes of the practice. If the visiting team decides not to practice the day before the game, the access to team practices for the media will be open the morning of the game day shoot around session.

98.4 The home club will send to the Company's Communications Department the schedule of both teams' practices, the 15-minute practice access for media and the pre-game press conference.

98.5 Only those media previously accredited and approved by each club may have access to practices. Media directors must contact the club their team is visiting to identify accredited travelling media members. Likewise, visiting teams must be able to identify the properly accredited local media who wish to attend practice.

98.6 A pre-game press conference with the head coach and a player from each team will be held in the arena press conference room, during the afternoon one day prior to the game.

The media director of the home club will send the transcription or audio file of the press conference in English to the following addresses: mediacommunication@euroleague.net; news@euroleague.net.

Article 99 Recording, reproducing and sharing limitations

It is completely forbidden for all accredited media, except rights holders, to record, reproduce and/or share on any platform any footage inside the arena from 30 minutes before the tip-off time of the game until 10 minutes after the end of the game. Any member of the media recording, reproducing and/or sharing on any platform

footage recorded beyond the time limits stated above, will have their accreditation revoked for the rest of the event and the Company will evaluate revoking their accreditation for the rest of the season.

10 minutes after the end of the game, all accredited media will be allowed to record, reproduce and/or share footage in the mixed zone, the press conference room and, if they have the corresponding accreditation, in the locker rooms.

The media director of the home club will be responsible for ensuring that these practices are conducted according to the regulations stated above.

Article 100 Access to team locker rooms for the media

100.1 Five minutes after the final buzzer, the head coach or media director will announce to the accredited media that their team locker room is open. The team manager, media director or other representative from each club will tell the players when the media are about to enter the locker room, and also if any women are among the accredited media.

At that time, the IFPC will be entitled to access the winning team locker room on an exclusive basis to record/broadcast the head coach's post-game speech or the players' celebration.

Then the locker room must be opened to properly accredited media, with local security thoroughly briefed to conform with the regulation and ensure accreditation enforcement.

The first five minutes after the locker room has been opened are reserved for the rights holders. Once these five minutes have expired, the rest of the media accredited with access to the locker room will be allowed to enter.

100.2 The locker room will remain open to the accredited media for a minimum of 15 minutes, and the players will have to attend to them during this entire period at least.

100.3 If space allows, all accredited media – and only accredited media – will be allowed to enter both locker rooms.

Due to, and only to, potential space problems, each club may decide before the season on a minimum number of accredited media – never less than 15 per locker room – to be given special locker room accreditations for each game. If the number does not meet the demand (16 or more accredited media want to enter locker rooms), the access will be awarded on a rotating game-to-game basis. Those

not in the rotation for the locker room of the home team will be given accreditation to enter the locker room of the visiting team.

Locker room accreditations will be distributed equally to all media types, with at least the IFPC, the visiting team rights holders, the official premium media partner, one major daily newspaper, and one radio station allowed in the locker rooms of the home and visiting team after each game. The EuroLeague.net correspondent of each club will always be included in the rotation. The Company will reserve the right to raise the minimum of 15 accredited media per locker room for certain games.

All visiting media approved by the media director of the visiting club will be given accreditation at least to the locker room of the visiting team, and also to that of the home team, if space allows.

All accredited media allowed to enter the locker rooms must follow the guidelines below:

- All media, except photographers, will only enter the locker room for interviews.
- All media, except photographers and rights holders that are not interviewing any player, will exit the locker room. The IFPC will be allowed to shoot footage inside the locker rooms without the obligation to interview players or head coaches.
- All footage shot inside the locker room must be starting from the waist upwards. No footage shot below the waist will be allowed.

The IFPC may also shoot footage of the teams' arrival at the arena, their walk from the bus to the locker rooms and inside the locker rooms before the start of the game. The IFPC's camera may shoot up to three minutes with all the players inside the locker room, including the head coach's speech, without any interviews and always with the maximum respect for the players' usual routine.

Article 101 Post-game press conference

101.1 The press conference room will be located in proximity to the locker rooms and the media work room. A press conference with the head coach of the visiting team will begin within a maximum of 20 minutes following the final buzzer. Immediately following the conclusion of this, a press conference with the head coach of the home team will start. The head coaches will attend to the media separately. The press conference times will not affect the opening of the team locker rooms.

Throughout the entire season, the media directors of the clubs are free to bring a player that had an outstanding performance during the game to the post-game press conference to attend the local and international media requests.

It is recommended that the players of the home and visiting teams who attend the press conference wear the EuroLeague apparel and accessories (cap, headphones and others) that will be provided by the Company. Coaches and players may appear wearing team apparel.

At all post-game press conferences, head coaches and players must begin their participation with an opening speech in English, followed by a second one in the local language if desired.

- 101.2** The coordination work for the correct functioning of the press conference and locker room policy will fall upon the media director of each club.
- 101.3** The media director or a staff member of each club will accompany their head coach and players to the press conference and will be responsible for the translation from/into English of all questions and statements.
- 101.4** The media director of the home club will be responsible for the translation of all questions and statements from/into English and the official language of the home club's country.
- 101.5** A statement of post-game media access rules as provided by the Company will be posted, in English, on locker room doors and in the media work room of each arena before, during and after all games.
- 101.6** The post-game press conferences will entirely be broadcast live on YouTube or on any other platform that is free, accessible for users internationally and that stores the press conference at least until the end of the season, as approved by the Company. The URL address of the press conference will be sent to the Company (by email to mediacommunication@euroleague.net, news@euroleague.net and socialmedia@euroleague.net) no later than two days before the game.
- The Company reserves the right to embed the press conferences on EuroLeague digital platforms and on the website of the official premium media partner from each territory.
- 101.7** It is mandatory to use a static image when the stream starts, between coaches' appearances and at the end of the press conference.

Mobile phone recording in vertical orientation is not allowed. The camera frame must never exceed the official backdrop from any of the four edges.

The press conference coach will always be placed in the centre of the frame. If the coach, media director and/or interpreter are at the speakers table, they can all appear in the frame as long as prominence is provided to the coach.

The camera should be placed on a tripod to avoid any movement or vibration, providing total stability. The view of the camera may not be obstructed by any object or person.

The audio feed used on the stream should come directly from the table microphones.

Article 102 Disqualified head coach or player

If a head coach or player is disqualified or banned from participating in a game, he may not take part in the IFPC interviews, pre-game and post-game press conferences or any other official media activity on the occasion of the game. In the case of the head coach being disqualified, the assistant coach or the person replacing him during the game will meet any media activity obligations.

For the purpose of these Regulations, and specifically for the provisions of this chapter, the applicable definitions of terms are the following:

- a) “International feed production company” (hereinafter “IFPC”): any company in charge of the TV production of the EuroLeague games or any other events organised by EP, being either an external production company hired by EP or any host broadcaster or rights holder.
- b) “Rights holder”: any broadcaster or agency that has acquired the audiovisual rights of the EuroLeague.
- c) “Home team rights holder”: any rights holder that has acquired the audiovisual rights from the home team’s territory.
- d) “Visiting team rights holder”: any rights holder that has acquired the audiovisual rights from the visiting team’s territory.
- e) “Rights holders of the two participating teams”: those rights holders that have acquired the audiovisual rights of the two teams participating in a game.

Article 111 Audiovisual rights and footage

111.1 At the beginning of each season, EP will determine the rights holders.

The Company will authorise the personnel of the various rights holders to access the arenas and shoot the games live and/or record any type of footage in accordance with the terms and conditions established by the Company.

111.2 EP may at its own discretion authorise access and the recording of footage to the non-rights holders that have previously requested it, under the terms and conditions agreed with EP after consultation with the clubs.

111.3 Additionally, the clubs may request the Company's authorisation for other non-rights holders to access the arenas and record any type of footage under the terms and conditions agreed with EP.

111.4 All media (including TV broadcasters) associated directly with the clubs will be considered as non-rights holders, and may request the Company's authorisation to access the arenas and shoot any type of footage, under the terms and conditions agreed with EP.

Notwithstanding the above, during the season the Company will distribute the selected footage related to the games, free of charge and through an online platform, to the official digital platforms (website, applications, social media) of the clubs that formally request this service, for use only by those platforms. The footage to be distributed will vary in each country and territory depending on the existing rights holders contracts and exclusive categories.

111.5 Clubs will be allowed to stream live the pre-game and post-game shows only on their own digital platforms including their official websites and their social media channels.

In no case will the clubs be allowed to broadcast or stream any live footage of the game within the period comprised between tip-off and the end of the game. Any stream must be stopped before tip-off and may only be resumed after the final buzzer, on the understanding that no game action is allowed.

Clubs will not be allowed to use the live international feed produced by the IFPC.

If the clubs require using footage from previous games from the season, they will inform the Company in advance for approval according to the existing broadcast agreements in each territory.

A commercial brand may be included in each pre-game and postgame show. This brand will be the same across the season (one for pre-game and one for post-game, or the same brand for both). These commercial brands cannot imply that they are associated with or endorsed by the EuroLeague, the broadcast or the broadcaster themselves.

In the event that the club makes use of this right, it must inform the Company in advance and provide details on the format, platform and commercial brand.

Article 112 EuroLeague floor manager

The home club must provide a seated position close to the team bench area for the person responsible for the coordination of all on-

site activities related to the broadcast within the TV production plan and taking place during each game (EuroLeague floor manager). No later than 10 days before the beginning of the competition, the home club must inform Euroleague Basketball about the exact position, which must remain the same during the entire season.

Article 113 Club duties in relation to game broadcasting

113.1 The home club will provide a parking area for up to six TV vehicles, including production trucks, OB van and satellite uplink truck, and five parking spots for the production staff. This TV compound must be provided on the arena floor level, on the same side of the arena as the main TV cameras.

The TV compound area must have adequate power (minimum of 3000 amp; 3 phase), the exact specifications of which will be determined by the IFPC or the Company, which must inform the home club. Access to each game venue, for the IFPC and any rights holder with personalisation facilities will be provided free of charge beginning 24 hours prior to each game. There will be no fee or facility charge whatsoever for the provision of access for the IFPC and any rights holder with personalisation facilities as required herein, including any fee for the home club, the home club's arena, the owner or operator of the arena or any other party (should there be any fees or charges, these must be paid solely by the home club). For the proper fibre-optic distribution of the international feed, the home club will provide access to the arena and a safe indoor area with power supply to place a 60 × 80 × 190cm cabinet to permanently keep the broadcasting equipment. The home club will also provide a spot for a wall box on the outside wall for the TV compound as well as at courtside.

There will be no fee for these two spaces, the access to the arena or the power supply for the fibre-optic connection.

113.4 The required and optional camera locations are specified in Graphic 12.

113.5 Only the IFPC's cameras will be permitted to shoot the time-outs and intervals of play between quarters with audio and video during games. No other cameras will be permitted in the team bench area, except when authorised by the Company.

113.6 All camera positions will have a clean unobstructed image directly to the playing court. The master camera and the close-up camera will be placed on the side of the court opposite the team benches, on an elevated platform so that the view is not obstructed when spectators stand, centred exactly at the centre line. This platform must have enough space for up to five video cameras. In the event that the arena does not provide an acceptable location for these cameras, it is the responsibility of the club to provide a platform and the optimum location for these cameras for the integrity of the TV product.

113.7 The clubs will fully cooperate in helping the IFPC place TV cameras included in its camera plan (see Graphic 12) inside the arena (including but not limited to the reverse angle camera, other possible cameras in the main platform, the pole cam, the crane cam, the team benches' cams, the super slow motion cameras next to the playing court and the mini cams attached to the backstop units) and place microphones for the International Feed (see Graphic 14). The clubs will always help find the best location available for both the required and optional cameras that the IFPC may opt to use.

These cameras will not obstruct the spectators' view of the playing court and will be placed in compliance with the relevant safety and security measures.

In addition, and apart from what is established for the IFPC, the clubs will cooperate to place any camera from the Company, any rights holder or any other partner as requested by the Company.

- 113.8** Of all possible commentary positions for home team and visiting team rights holders installed in each arena, at least four positions (with a total of eight seats) will be provided at the lowest level of the seating area behind the courtside seats, with good visibility of the playing court, located at the sideline on the opposite side of the team benches and perpendicular to the centre line. In the case that this area is not available, the Company will authorise providing the commentary positions at the endline or at the corners. In this case, the commentary positions will be located in a slightly elevated seating area behind the courtside seats.
- 113.9** All commentary positions must be equipped with a dedicated high bandwidth internet connection (DSL or cable) with download and upload speeds of at least 10Mbps, with one Ethernet cable for every two seats.
- 113.10** The clubs will be responsible for providing a telephone operator and an appropriate service to set up a commentary position including ISDN lines inside the arena, at their expense.
- 113.11** The Company will provide a unified and standard protocol to synchronise the game clock and the shot clock and additional game clock with the TV graphics.
- 113.12** The clubs must be responsible for guaranteeing that their timer makes the necessary changes and arrangements to follow the mentioned standard protocol.
- 113.13** When required, the clubs must provide the Company and EP with two quiet rooms inside the arena with an adequate and minimum space to hold meetings and interviews the day before the game and the game day.

Every head coach will hold a wild card available in every game that can be used to prevent one time-out in every game from being recorded and/or aired live. If desired, the head coach or the team manager will need to warn the Euroleague Basketball delegate that one given time-out cannot be recorded/aired. Once the wild card has been used, the head coach will not be able to prevent any other time-out from being recorded/aired.

114.3

MICROPHONES ON PLAYERS AND HEAD COACHES:

The Company can request players and head coaches to wear a microphone during any games of the competition subject to prior approval of the club and the individual player or head coach in question, which shall not be unreasonably withheld or delayed.

Any audio recordings coverage may only be used after editing and not during the live broadcast. The broadcasted audio recording may include tactical conversations between players and head coaches and will avoid derogatory language. Any footage produced in the final audio edit will be subject to prior approval of the club and the individual player or head coach in question for the release.

Should this be the case, there should be a pocket incorporated into the uniform design to accommodate the player's microphone. For those selected players, clubs will need to deliver to the broadcaster two uniforms to place the microphone at least two weeks before the game. The pocket and microphone will be placed on the opposite side of the shooting hand and shall in no way cause an inconvenience to the player.

In case that during the game, the uniform is not usable anymore, the player will use the second uniform and the microphone will be placed again by the broadcaster during half-time or during an agreed moment in between quarters.

APPENDIX II

**EUROLEAGUE FRAMEWORK
AGREEMENT**

APPENDIX II**EUROLEAGUE FRAMEWORK AGREEMENT**

The EuroLeague Framework Agreement, initially entered into on 23 July 2021 in Luxembourg, is made between:

Euroleague Properties S.A., with registered address at 60, Grand-Rue, L-1660 Luxembourg (hereinafter referred to as “EP”); and

EuroLeague Players Association, with registered address at Güterplatz 1, 60327 Frankfurt am Main, Germany (hereinafter referred to as the “ELPA”).

EP and ELPA are hereinafter jointly referred to as the “Parties” or individually as “Party”.

Both Parties mutually acknowledge each other’s legal capacity to be bound by and enter into this EuroLeague Framework Agreement (“EFA”) in their respective capacities, freely and spontaneously to make the following

RECITALS

- A. WHEREAS EP is the company responsible for the management and administrative organisation of the professional basketball competition at European level named EuroLeague (hereinafter referred to as the “EuroLeague”) and is the exclusive holder of all the audio-visual, marketing and commercial exploitation rights related to the EuroLeague on an international level; and,
- B. WHEREAS ELPA is constituted as an association of professionals (Berufsverband) under German law, which has the objective to represent the professional basketball players participating in the EuroLeague.
- C. WHEREAS the Parties entered on 23 July 2021 a first agreement of the EFA, in order to regulate the relationship between the EuroLeague clubs and EuroLeague players (hereinafter jointly referred to as the “Clubs” and the “Players” respectively or individually as the “Club” and the “Player”) and to establish a standard set of regulations to govern this relationship, with successive amendments resulting in the current version of the EFA (as of 1 July 2024) as follows:

CHAPTER I

Scope

1. Scope of application

The present EFA will regulate the relationship between the Parties, in particular the relationship between the Clubs and Players.

Upon the entry into force of the present EFA, EP and its Clubs, as well as ELPA and the Players, will guarantee its observance and implementation.

Each Party will apply and enforce the EFA vis-à-vis its members (i.e. EP and ELPA will ensure that all its members comply with the EFA). Each Party will incorporate all necessary provisions into its regulations and agreements and into the club-player contracts (see Clause 4 below) in order to achieve this objective.

Any pacts or agreements between the Parties and/or their represented stakeholders which circumvent, modify and/or exclude the application of the present EFA or its related regulations, either totally or partially, will be declared ineffective.

2. Term of the EFA

The present version the EFA is set to enter into force on the 1 July 2024 and is valid for two seasons until 30 June 2026 or until the end of the 2025–26 sports season, whichever the later.

The Parties agree that at the start of the 2025–26 season they will negotiate in good faith a possible renewal of the EFA. The present EFA will be extended for a period of one additional season (until 30 June 2027 or the end of the 2026–27 sports season, whichever the later) should no agreement be reached prior to its expiry.

3. Recognition of ELPA

- a) EP and the Clubs recognise ELPA as the association exclusively representing the Players who are employed by the Clubs as professional basketball players or who may become so employed during the term of any framework agreement between the Parties or any extension thereof. This provision does not preclude any Player's right to collective representation in accordance with their domestic legislation.

- b) EP will cooperate with ELPA in respect of any change or amendment to the season calendar, health, and safety protocols, doping regulations, rules of the game, or other regulations and matters directly affecting the Players (including game ball, basket, and court surface).
- c) ELPA has the right to represent any Player and/or make any petitions to EP on his behalf upon the presentation of the Player's corresponding authorisation.
- d) EP will immediately inform ELPA about the opening, process and decision of a disciplinary proceeding by EP against a Player or of an overdue payables proceeding against a Club.

CHAPTER II

Contract

4. Club-player contract

A. TYPES OF CONTRACTS

The relationship between the Clubs and Players will be regulated by the following contract types:

- a) Professional contract, which will follow the specifications of the Standard Player Contract ("SPC" or "Contract") enclosed as an appendix hereto:
 - The maximum length of an SPC shall be five seasons, irrespective of its commencement date, entered into until 30 June or until the end of the full relevant season, whichever the later.
 - A SPC shall have a minimum duration of 30 days. In the event a contract final date is not 30 June or until the end of the full relevant season, the contract may be extended by signing another temporary contract once. Any other extension of the contract must be done until 30 June or until the end of the full relevant season.
- b) Other types:
 - YOUTH/LINKED TEAM CONTRACT (i.e. a contract for a player aged 23 or younger (1 January of each season being the cut-off date of birth) from a team pertaining to the lower structures of the Club). When a player of the youth/linked team practices or participates within the structure of the professional team, the

relationship will be ruled by the corresponding agreement between the parties, to cover the working conditions for professional contracts.

- **TRAINING AGREEMENT** (i.e. an agreement for a player enrolled on the preseason and/or training activities of the Club without being registered to participate in the EuroLeague). This agreement may be used without limitations by the Club. The player will have at least a health insurance policy/coverage for sports injuries, which will be agreed between the parties before he undertakes any physical activity.

B. REMUNERATION

The SPC will detail the net remuneration of the Player, which is understood as the aggregate amount of wages received by a Player on a regular basis, usually monthly, excluding tax payments and/or social security contributions made by the Club.

The base net remuneration encompasses all payments received by the Player for providing his services to the Club as a professional basketball player, including the transfer of his image rights to the Club in accordance with Clause 10.b) below.

The total net remuneration also includes bonuses, fringe benefits or other payments in kind made to the Player.

In addition to paying the agreed net remuneration, the Club is also responsible for paying the corresponding tax, social security and/or any other contributions as required by law in the Club's home country at any given time. The Club will provide the Player with the estimated gross amount based on the applicable tax and social security regulations at the time of signing the SPC. Any other tax obligations are the exclusive responsibility of the Player.

The Club and the Player may agree on additional clauses to offset currency depreciations to protect the Player's remuneration.

The Club will provide the Player with a detailed monthly record of payments in accordance with the terms of the Contract, including the gross and net payment, as well as taxes and social security contributions, if any.

The amount corresponding to variable bonuses related to Player and team performance may not exceed a maximum of 25% of the annual base remuneration. This limitation does not apply to contracts in the Tier 1 remuneration category (Clause 7.A.), youth/linked team contracts, contracts registered in the EuroLeague competition after Round 17, or to collectively negotiated/granted team bonuses.

Players and Clubs are prohibited from entering into additional contracts and/or side agreements, unless (i) allowed under the Club's applicable national law, (ii) the additional contracts and/or side agreements are fully disclosed to EP at the time of registering the Player in EuroLeague and (iii) do not undermine or circumvent the EFA and/or SPC.

Additionally, third party payments to Players are prohibited unless (i) the third-party payments are legal under the Club's applicable national law, (ii) the third party is clearly identified in the SPC and (iii) the amount to be paid by the third party is fully disclosed in the SPC. In any case, any additional income and/or benefit that the Player receives for his activity for the Club as a basketball player, will be considered for the purposes of the EuroLeague Financial Stability and Fair Play Regulations. EP reserves the right to request supporting documentation to verify the remuneration and/or benefits allocated to the player.

The Clubs will pay a Player's base remuneration divided into equal monthly instalments (a minimum of 10 monthly instalments for contracts lasting the entire season). For contracts ending on 30 June, the Club and the Player may deviate from the above rule in thus far as the Club may pay up to 30% of a Player's annual base remuneration in the last two equal instalments, if specifically agreed in the Contract.

The monthly remuneration payments will be payable no later than the 15th day of the following month. The total remuneration for each season will be paid no later than 15 July (or the 15th of the month after which the contract expires).

C. FRINGE BENEFITS

- a) Club will provide and cover adequate superior health insurance/coverage and basic dental care for the Player for the duration of the Contract. The Club's dental care plan must include full and adequate treatment of dental injuries obtained by a Player while performing his duties for the Club.
- b) The Club will also provide and cover basic health insurance/coverage (at Club's choice) to the Player's spouse and children, if any, in case they are continuously residing with the Player in the Club's city. This health insurance/coverage can be provided in cooperation with a medical institution cooperating with the Club.
- c) The parties may agree on the provision by the Club of housing, vehicle, and/or arrival and departure conditions during the stay of the Player while the Contract is in force. The value of each of the fringe benefits provided to a Player must be mentioned in detail in the Contract.
- d) Should the Club and the Player negotiate housing conditions upon the Player's first arrival at the Club's city, the Club will provide the Player

with hotel accommodation for up to 14 days, starting from the day of his arrival (not considering the period when the Player travels with the team outside the Club's city), if needed.

- e) If during the course of the SPC the Player and the Club agree to loan the Player to another club, both clubs will agree on the payment of the expenses related to the relocation of the Player. In case of absence of an agreement between both clubs, the original Club that is loaning the Player will bear the relocation expenses. The Player will provide written proof thereof within 30 days after the relocation. The club responsible for the payment of these expenses will be required to reimburse them up to 5,000 euros within 14 days after the Player has submitted the written proof. The relocation expenses may only include relocation of household items (i.e. furniture, furnishings, appliances, and personal effects) and one vehicle.

D. VALIDITY AND EFFECTS

The entry into force of the Contract is subject to the Player passing, at the sole and reasonable discretion of the Club's doctors, the Club's first medical check-up, which will be carried out within five days from his arrival in the Club's city as agreed with the Club and prior to any physical activity. For this purpose, the Player is required to supply all information reasonably requested of him and submit to all reasonable examinations and tests required by the Club. A Player who is aware that he has an injury, illness or condition that renders him, or that he knows will be likely to render him, physically unable to perform the playing services required under a Contract may not validly enter into it without previously submitting in writing the information about his injury, illness, or condition to the Club. The Player must likewise disclose any pending or potential disciplinary and/or doping sanctions imposed against him and/or criminal proceedings and/or convictions that could render him unable to perform his services. Should a Player's failure to disclose the above-mentioned information be detected after entry into force of the Contract, and the Player is rendered unable to perform his services because of the undisclosed fact for a substantial period of time (e.g. a severe pre-existing injury), such circumstance will constitute just cause allowing the Club to terminate the Contract.

5. Standard player contract

- a) The contract to be entered into by the Player and the Club by which he is employed will be a Standard Player Contract ("SPC" or "Contract"). The SPC creates a compulsory minimum standard for all participating Clubs and Players of the EuroLeague. In general, the Clubs and Players are allowed to deviate from the SPC only in the Players' favour, and only if the obligations towards EP and ELPA hereunder are not affected. The parties to an SPC may amend individual clauses due to (i) mandatory laws of the country in which the Club is domiciled or (ii) mandatory regulations

of the domestic basketball competition in which the Club competes, as long as the main contents of the EFA and the SPC are adhered to. Furthermore, if national law or collective bargaining agreements at a national level provide for a more favourable treatment of a Player, the more favourable rule will prevail.

- b) In the SPC, the Club and the Player declare their knowledge and acceptance of the current version of the EFA as an integral and binding part of the Contract. They acknowledge that a subsequent amendment of the EFA may require them to amend the Contract in order to reflect such amendment of the EFA.
- c) The SPC, which will not contain amendments not specifically permitted by the EFA, will be deposited with EP for a Player to be able to be registered in the EuroLeague in accordance with the dates established in the EuroLeague Bylaws. As long as the submitted Contract does not meet the requirements under the EFA and the SPC, the registration of the Player in the EuroLeague may be denied, while the validity of the Contract in general will not be affected.
- d) Any Player has the right to review his own Contract deposited at EP at any time. ELPA will have the right to access to the Player’s contracts when they have an authorisation signed by the Player.

6. Minimum remuneration

The minimum base net remuneration of a Player with a full-season professional contract is set on a scale basis considering the number of seasons in the EuroLeague with a professional contract as established in 4.A.a):

Seasons in the EuroLeague	Minimum Base Net Remuneration/Season
Season 1	€50,000
Season 2	€60,000
Season 3	€70,000
Season 4	€90,000
Season 5+	€110,000

The minimum remuneration for a temporary professional contract will be prorated in monthly instalments in relation to a 10-month full-season professional contract, (and monthly prorated in days in relation to a 30-day month) from the date of signature until 30 June.

To qualify for the minimum remuneration in seasons 2, 3, 4 and 5+, a Player who did not have a full-season professional contract must have been on the Game List of a EuroLeague team for a minimum of 10 games each season.

In any of the cases above, all seasons in which the Player has participated in the EuroLeague will be taken into consideration.

Once a Player with a youth/linked team contract has been on the Game List in at least 25 EuroLeague games (accumulated throughout different seasons of his youth/linked team contract after the start of the 2021–22 EuroLeague season), he can be registered for the following season only under a professional contract which pays him at least the minimum remuneration equivalent to Season 1. Club and Player may also agree on more favourable terms for the Player, including an extension of the original duration of the Player's Contract.

7. Contract negotiation

A. TRANSPARENCY

- a) The Players' total net remuneration category (including annual base remuneration and Player Image Rights, but excluding bonuses and fringe benefits) will be at the disposal of those Clubs that can demonstrate a legitimate interest in receiving this information from EP. The Contract length, as well as the potential renewal and/or early termination clauses will also be made available by EP to the Clubs upon request. The Player's remuneration will be provided in the following tier categories:

Tier	Player's Base Net Remuneration
1	Up to €150,000
2	between €150,001 and €300,000
3	between €300,001 and €500,000
4	between €500,001 and €750,000
5	between €750,001 and €1,000,000
6	between €1,000,001 and €1,250,000
7	between €1,250,001 and €1,500,000
8	between €1,500,001 and €1,750,000
9	between €1,750,001 and €2,000,000
10	between €2,000,001 and €2,250,000
11	between €2,250,001 and €2,500,000
12	Above €2,500,000

- b) The release of this information by EP will be subject to a data protection protocol to guarantee its confidentiality among the Clubs. The breach of said confidentiality will lead to a disciplinary sanction.
- c) The Parties commit to adapt the current transparency rules during the term of the EFA, if necessary for the sake of compatibility with the Financial Stability & Fair Play Regulations as they might be amended.

B. NEGOTIATION

- a) The Clubs are prohibited from negotiating with a player who is under contract (or his agent) with another club unless they receive prior authorisation from the club with whom the player is under contract.
- b) Neither the Player nor his agent may negotiate contracts with another club while the Player is under contract with a Club without the prior authorisation of the Club with whom the Player is under contract. The Players are required to notify EP and ELPA of the identity of the player agent(s) acting on their behalf at the start of the season. Should a Player change his player agent during the season, the identity of the player agent must be updated without delay. This information will be available to those Clubs that request it from EP.
- c) The aforementioned provisions will not apply within 60 days before the expiry of the Contract.

- d) EP has the authority to supervise the negotiation procedure and impose sanctions and precautionary measures against the Club and/or the Player.
- e) EP and ELPA undertake to develop a set of rules regulating the services provided by player agents within the EuroLeague in line with the principle that any agent fee will be borne by the party that hired the agent's services, to be implemented for the 2025–26 season and taking into consideration the collective view of player agents.

8. Overdue payables

The EuroLeague Financial Stability and Fair Play Regulations will be applied to guarantee the timely payment of the Players' remuneration.

A. MONITORING PROCESS

In case of overdue payables, the Management Control Commission (MCC) will initiate a monitoring process against a Club in the following cases:

- At the request of a Player
 - in the case that the Player's remuneration has been overdue for more than 15 days; or
 - if the Club has failed to pay the Player's total remuneration by 15 July; or
- Automatically,
 - if the Club's declarations of quarterly remuneration payment to be sent to the MCC (on 15 October, 15 January, 15 April, and 15 July) reveal that the Player's remuneration has been overdue for more than 15 days; or
 - if a Club fails to report its declarations of quarterly remuneration payment on the abovementioned dates.

An overdue payable report by a Player has to be substantiated with evidence.

The MCC will initiate a period of up to 30 days (non-extendable deadline), depending on the time elapsed from the moment the payment of the remuneration became overdue, to monitor the claim for overdue payables. The cases in which the Club's declarations of quarterly remuneration payment show that the payment of the remuneration has been overdue for at least 45 days or the cases in which the payment of the remuneration become overdue for 45 days during the MCC monitoring process will be referred to the Finance Panel ("Finance Panel") without delay.

For training agreements, each of the aforementioned overdue periods will be reduced to 10 days.

If a Player reports an overdue payment after 20 July, the monitoring process will start no earlier than 15 September.

The monitoring process by the MCC will automatically stop from the moment that a legal claim has been brought or contested to the competent authority to deal with the club-player contract. If the MCC considers that this claim or contestation has been brought or the relevant proceedings have been opened for the sole purpose of avoiding the deadlines set out in the EuroLeague Financial Stability and Fair Play Regulations (i.e. in order to buy time) and/or that this claim or contestation is unfounded, the relevant amount will still be considered as an overdue payable.

In the event that a Club does not report its quarterly remuneration payments accurately, the Club will be forced to submit a file with all monthly payment slips issued for its registered players in the following 4 quarterly declarations period, which must also include information on past overdue payables, if any.

B. ADJUDICATORY PROCEEDING

Upon the case being referred to the Finance Panel, a temporary ban on the registration of Players will automatically be imposed on the Club with immediate effect.

A Player may notify the MCC of additional remuneration payments that become overdue once the adjudicatory proceeding has been opened.

The Finance Panel will issue the operative part of the decision in respect of overdue payables within 20 days of its referral. This deadline may be extended by the Finance Panel for a maximum of 15 days when there are justified reasons.

C. SUSPENSION OF SERVICES

In the case that the payment of a Player's remuneration has been overdue for more than 45 days, the Player may stop rendering his services to the Club (e.g. participating in practices and games). For contracts with a duration of less than four months, this period will be reduced to 15 days.

D. UNILATERAL TERMINATION

In the case that the payment of a Player's remuneration has been overdue for more than 60 days, the Player may unilaterally terminate his contract and seek compensation for its remaining value while taking into consideration the duty to mitigate. For temporary contracts with a duration of less than four months, this period will be reduced to 30 days.

The Player's unilateral termination will not have any effect on an adjudicatory proceeding of the Finance Panel that is already pending.

The Club may seek remedy before the competent jurisdiction in the event that it considers that the Player wrongfully terminated the contract.

9. Force majeure situations

- a) If the performance of the contractual duties under the SPC is wholly or partially unfeasible or is provided in a reduced or modified form (e.g. cancellation of games; games with partial or complete exclusion of spectators) for reasons for which neither the Club nor the Player is responsible (e.g. in case of a pandemic, government measures or other official interventions or similar circumstances), the Parties agree that a disruption of performance due to force majeure exists. Any further legal consequences of a disruption of performance due to force majeure will depend on the respective contractual duties of the Parties, which may be affected by said disruption in different ways.
- b) In case of an alteration or cancellation of the EuroLeague season by EP (not merely the postponement of games) or the complete or partial exclusion of spectators from official games of the Club either by EP or by a local authority as a direct result of force majeure, the Club will be entitled to adjust the total net remuneration of the Player as follows:
 - i. Adjustment of the Player's yearly total net remuneration (excluding bonuses and fringe benefits):
 - In the event of any cancelled EuroLeague Regular Season games of the Club: 2.25% per game.
 - In the event of any EuroLeague Regular Season home games of the Club played behind closed doors (i.e. complete exclusion of spectators) or with limited attendance (i.e. up to 30% of the Club's usual arena capacity): 1% per home game.
 - ii. Additional adjustment of bonuses in case of cancelled games:
 - A bonus for a team's performance in the EuroLeague may be reduced if EP prematurely cancels or otherwise modifies the EuroLeague, unless the respective bonus was already achieved before the cancellation or modification. A bonus for reaching the EuroLeague Playoffs or the EuroLeague Final Four may be fully or partially reduced if the phase for which its qualification was obtained does not take place.

- Individual bonuses will be awarded in full if the respective bonus of each Player has already been achieved before the EuroLeague is cancelled or modified. If the condition precedent for an individual bonus is only partially met at the time of the cancellation or modification of the EuroLeague, the bonus will be reduced on a pro rata basis according to the number of games played until that time.
- c) The adjustment of a Player's remuneration must not exceed the total percentage of the force majeure related reduction of the Club's net income (understood as the reduction of income caused due to the force majeure event minus the balance of costs caused by such circumstances) for the relevant EuroLeague season in comparison to the net income of the last season that was not affected by the force majeure event. In order for a Club to reduce the Player's remuneration, the Club must submit to EP and ELPA verifiable financial statements for the relevant EuroLeague season and the season not affected by the force majeure event. EP and ELPA reserve the right to request an independent audit of the Club to verify the submitted financial information.
 - d) If the Club exercises its right to adjust the remuneration as set out above due to the cancellation of games, and if the number of cancelled games is above 12, the Parties agree to enter into good faith negotiations regarding the excess reduction in the remuneration stated above.
 - e) The abovementioned percentages will be renegotiated in good faith in the case that other competitions in which the Club participates (including domestic competitions) are partially or totally cancelled due to a force majeure event during the same season.
 - f) To the extent possible, the remuneration reduction will be prorated over the season's monthly payments and adjusted on the basis of the updated figures of revenue reduction presented by the Club.
 - g) The above will be a compulsory minimum standard principle for all Clubs, i.e. the Clubs will not be allowed to reduce the Players' remuneration by higher percentages based on individual agreements with the Players.
 - h) These provisions will apply to all contracts in force during the 2021-22 and following seasons, excluding those contracts that came into effect prior to the 2021-22 season with a clause that allows a reduction of the individual remuneration for similar situations more favourable to the Player.
 - i) In the event that a Club and a Player have already renegotiated an existing contract prior to the 2021-22 season due to the financial implications of the COVID-19 pandemic and did not entail a contract extension, the reduced percentage will be taken into consideration before applying any additional reduction based on the above.

10. Image rights

- a) The Clubs and EP acknowledge that the Players are the owners of their image rights.
- b) The Player grants the Club the abovementioned rights during their contractual relationship with regard to all the activities of the Club to exploit these rights, declaring and ensuring that he has not assigned these rights to any third party. These rights include the Player's name, nickname, initials, signature, number, image, likeness (photograph, caricature, etc.), voice, personal or biographical data or any combination, reproduction or simulation thereof ("Player Image Rights"). It is understood that the Player's trademarks (e.g. registered personal logo) are excluded. In the case that the Player has granted the Player Image Rights to an image rights company, he will be responsible that the image rights company grants them to the Club.
- c) The Player acknowledges that the Club has granted EP all the commercial and advertising exploitation of the Player Image Rights for all the activities of the Club exclusively relating to the management, organisation, promotion and commercialisation of the EuroLeague, including but not limited to filming and broadcasting audiovisual content related to the EuroLeague, licensing this content (including all scoring, statistical, performance or other data relating to the EuroLeague) to third parties, entering into partnership arrangements, producing, advertising, distributing, selling, promoting and marketing products and services including those of any EuroLeague sponsors, licensees, TV broadcasters and other business parties (hereinafter collectively referred to as "EuroLeague Partners") and including merchandise, by any means at EP's sole discretion.
- d) The Club will maintain the right to commercialise and transfer the Player Image Rights in the above context to EP or the relevant domestic league also for the time period after the expiry or termination of this Contract, provided that such exploitation clearly refers to the period of time during which the Player was under contract with the Club, as well as to the Player's position as former player of the Club.
- e) EP and the EuroLeague Partners will use the Players IP and the Player Image Rights with a minimum of three Players from three different EuroLeague teams appearing in equal prominence and without implying any direct endorsement. In the case that the promotion of a EuroLeague Partner is conducted only on a regional basis and there are two EuroLeague teams in that region, it is accepted that the creativity may include only two Players, one from each Club of the region.
- f) In case of advertising for alcoholic beverages (alcohol-free drinks are excluded), tobacco products or medical products and/or procedures, a Player shall be notified before his image rights are used for a campaign.

The Player has the right to refuse that his image rights are used for such campaign whenever a valid reason exists.

- g) The ELPA and EP may enter into an agency agreement to reward ELPA's involvement in assisting EP in reaching a licensing and/or partnership agreement with a business party as per Clause 10.c) above on the sole or joint initiative of ELPA.
- h) EP and ELPA will likewise reach good faith royalty-based revenue-share agreements in cross-promotion marketing activities in order to maximize the benefits of potential EP marketing deals, in which the Player's image rights are the main feature of a product (e.g. trading cards, video games, Player-specific NFTs, Player-specific data obtained from wearables, or Player-specific merchandise). When reaching such a revenue-share agreement, Parties will take into account the rights contributed and obligations undertaken by each respective Party.
- i) The Players retain the image rights that are not related to the activity of their Club ("Personal Image Rights"). Nonetheless, the Players may not exercise them by entering into agreements with partners competing with the seven designated partners of each Club and/or the five designated EuroLeague Partners, nor use either the Club brands and/or logos or the EuroLeague brands and/or logos when exploiting their Personal Image Rights, unless otherwise agreed with the Club and/or EP following consultation with their respective partners.
- j) On a yearly basis, each Club/EP will announce its seven/five designated partners before the first EuroLeague game of the season to the Players and ELPA. In case that the Club/EP does not announce and notify the Player and ELPA of its seven/five designated partners by the due date, it will be deemed as if the Club/EP does not have these designated partners. Any new designated partner will be communicated by the Club/EP as soon as possible. In the event that the Player already has an existing agreement with a partner of the same category of the designated partners, the partnerships may coexist on a non-exclusive basis, provided that the Player has notified this partnership to the Club/EP before signing the Contract.
- k) Prior to signing an agreement regarding his Personal Image Rights with a direct competitor of an existing partner of the Club that is not one of the designated partners above, the Player will inform the Club in order for the latter to grant a matching right to the relevant partner of the Club to be exercised within 10 days of the notification by the Player to the Club.
- l) The technical apparel category is excluded; therefore, the Players are free to associate their Personal Image Rights with any technical apparel company.

- m) The Players are prohibited from associating their Personal Image Rights with any other basketball league, federation or competition without EP's and the Club's prior authorisation. It is understood that associations with the Club's domestic competition and with the Players' national team are allowed.
- n) The Players will have limited rights to use the IP of EP and the Club. In particular they will be entitled to the following:
- Use of the EP and Club logos on the Player's digital channels (for brand building purposes only, not to be sponsored by a partner of the Player).
 - Use of the game action pictures for free on the Player's digital channels (for brand building purposes only, not to be sponsored by a partner of the Player).
 - Use of up to two minutes of personal highlights per EuroLeague game on the Player's digital channels (for brand building purposes only, not to be sponsored by a partner of the Player). This content will be provided upon the Player's request within EP's reasonable capacity, subject to the restrictions of EP's broadcast agreements.
 - The content may be edited, subject to EP's right to demand take-down of unsuitable content.
 - Use of up to 10 minutes of EuroLeague game footage per season in the Player's content (e.g. docu-series, video podcasts, etc.). This content will be provided upon the Player's request within EP's reasonable timings capacity, and subject to the restrictions of EP's broadcast agreements.
 - Use of up to five merchandise items of the Club (e.g. official warm-up shirt, playing uniform or similar) per season, to be used by Players for giveaways (fan contests and charity gifts) but not for resale.
- o) ELPA will have limited rights to use the IP of EP and the Club. In particular it will be entitled to the following:
- Use of the EP and Club logos on ELPA's digital channels (for brand building purposes only, not to be sponsored by a partner).
 - Use of the EP logos for ELPA's events, subject to EP's discretionary approval.

- Use of the game action pictures for free on ELPA's digital channels (for brand building purposes only, not to be sponsored by a partner).
 - Use of up to two minutes of personal highlights per EuroLeague game on ELPA's digital channels (for brand building purposes only, not to be sponsored by a partner). This content will be provided upon ELPA's request within EP's reasonable capacity, subject to the restrictions of EP's broadcast agreements.
 - The content may be edited, subject to EP's right to demand take-down of unsuitable content.
 - Use of up to 10 minutes of EuroLeague game footage per season in ELPA's content (e.g. docu-series, video podcasts, etc.). This content will be provided upon ELPA's request within EP's reasonable timings capacity, and subject to the restrictions of EP's broadcast agreements.
 - Use of up to 30 seconds of EuroLeague game footage per up to two (2) ELPA partners to be used to create a partnership announcement trailer.
- p) The title of the content produced by each respective Party must be different to content title created by the other Party.
- q) EP and ELPA undertake to inform each other whenever they intend to use content produced by the other Party, which is subject to the prior approval by the other Party.

11. Applicable rules

- a) The Clubs and Players fully accept the EuroLeague Bylaws in force for the relevant season, including full compliance with the Euroleague Basketball Disciplinary Code.
- b) The Clubs and Players undertake to cooperate in any inquiry and/or investigation initiated by EP.
- c) The non-fulfilment of the provisions foreseen in the EFA or any attempt by either the Club or the Player to circumvent them may be considered as an infringement pursuant to the Euroleague Basketball Disciplinary Code.
- d) The Contract must contain a provision providing for an alternative jurisdiction to the Euroleague Basketball Dispute Resolution Chamber or the Basketball Arbitral Tribunal to hear any dispute arising from or

related to the Contract, depending on the claimant's choice of forum. The jurisdiction of state courts will be excluded to the extent permissible under applicable law.

- e) The Players agree to comply with the anti-doping regulations in force throughout each season.
- f) The Player and the Club accept that the personal data resulting from the application of the EFA may be managed by the different bodies of the EuroLeague and ELPA in accordance with the Information on Data Protection attached to the SPC as ANNEX I.
- g) At the beginning of each season, all Players will be provided with a copy of the applicable rules and regulations.

12. Team rules

- a) Each Club may maintain or establish internal team rules ("Team Rules") with which its Players will comply at all times, whether on or off the court, provided that the Team Rules are in writing, are reasonable and do not violate the provisions hereof and/or the SPC.
- b) In case of breach by the Player, the Club may impose disciplinary sanctions on him, including but not limited to a warning, fine, penalty or suspension. The Club's disciplinary actions will not be degrading and will not endanger or harm the Player. The Team Rules will be applied in a uniform and non-discriminatory manner.
- c) The Club's Team Rules may not be based on the following concepts and therefore no Club may sanction a Player for, including but not limited to:
 - poor performance in a game or practice;
 - losing a game(s);
 - not attending the Club's activities on a day off not provided for under the EFA;
 - not participating in any unofficial practice and/or activity not provided for under the EFA;
 - absence to receive a neutral second medical opinion in accordance with the Second Medical Opinion provisions;
 - absence due to the birth of the Player's child or death of a Player's close relative as per what is established in the EFA.

- d) The Club may not restrict or control in any way the Player's use of his private social media accounts, apart from setting general behavioural rules and guidelines to avoid a reputational damage to the Club and/or EP.
- e) In the case that a Club intends to discipline and/or sanction a Player based on its Team Rules, the corresponding sanction must be stated therein. The Club must provide the Player with a written notification and an opportunity to be heard prior to issuing the sanction. The Club will inform EP and ELPA of the outcome of any disciplinary proceeding initiated against the Player.
- f) Any established Team Rules will be provided to the Club's Players as an appendix when signing the SPC. The final version of the Team Rules of the relevant season will be delivered to the Players, EP and ELPA no later than the first day of the training camp.
- g) A Player may file an appeal to the Euroleague Basketball Dispute Resolution Chamber challenging the Club's decision to impose a disciplinary sanction on him for violating a provision of the Team Rules within 15 days of the written notification of the sanction being received by the Player.

CHAPTER III

Working conditions

13. Practices and games

A. GENERAL RULES

- a) The Player will be available to participate in all games (official and/or friendly games) in which the Club participates, as well as those organized by EP (or its assignees) which the Player may be summoned.
- b) The Player will attend all practices, either individual or collective, as organised by the Club in accordance with the rules determined in this EFA.
- c) No Player may use the Club's facilities without informing the Club, which will unilaterally decide whether the Player's activity must be supervised by its coaching staff.
- d) Basketball and physical conditioning activities will not deviate from generally accepted safe practices. By way of illustration only, the Player will not participate in running exercises in the mountains or on other

uneven terrain, in basketball activities on any unsafe playing surface (e.g. slippery floors) or in any other activity where there is reasonable medical concern that the Player's participation in these exercises or activities will put him at a risk of injury, illness or other harm (e.g. training or playing in facilities with inappropriate temperatures, hazardous objects or walls surrounding the court).

B. WEEKLY SCHEDULE

The Club will provide the Player with a weekly schedule in writing including all games and practices, meetings, any promotional or commercial events, approximate travel times, as well as days off. Starting before the start of pre-season and throughout the whole season, the weekly schedule for the following week must be notified to the Players by the end of each week. Adjustments to the schedule may be feasible in Playoffs/Play-in phase on the basis of teams' participations.

C. PRE-SEASON

- a)** The training camp may begin up to a maximum of 35 days prior to Regular Season Round 1 of the EuroLeague or of the Club's domestic league competition (not including domestic Cup and/or Super Cup games), whichever the earliest. EP and ELPA will determine and announce the exact date for the start of each season's training camp by 1 July of that season (or immediately after the schedule of the EuroLeague games has been announced).
- b)** Any other Club activity in July or August is voluntary for the Players. Under no circumstance will the Club pressure or coerce a Player into any individual and/or team activity or practice prior to the start of the training camp.
- c)** The Players are expected to attend the training camp in proper physical condition to begin the activity.
- d)** The Players are not required to arrive in the Club's city more than 72 hours prior to the first Club activity to undergo medical testing, arrange necessary paperwork, search for a house or apartment, etc., unless he must respect a longer mandatory quarantine period due to existing pandemic restrictions upon his arrival in the Club's country. In the latter case, it is the Club's obligation to inform the Player about existing pandemic restrictions and to arrange for his timely arrival in order for him to be available on the first day of the training camp.
- e)** On single practice days, practice sessions will last no longer than a total of three hours, including the time spent in the weight room stretching and participating in aerobic warm-ups and cool-downs.

- f) On double practice days, practice sessions will last no longer than an aggregate of five hours, including the time spent in the weight room stretching and participating in aerobic warm-ups and cool-downs.
- g) There will not be more than five consecutive practice sessions (i.e. never three consecutive days with two practices).
- h) All basketball practice sessions may be contact practices (ankles taped).
- i) The Players will have one day off every seven days, with media, promotional and commercial activities permitted on the day off.
- j) No practice session is permitted on the EuroLeague Media Day. If the EuroLeague Media Day is held within 72 hours prior to any official game, this rule does not apply.

D. COMPETITION SEASON

- a) The Competition Season is understood to start with the first official game of the Club – irrespective of whether it is a EuroLeague or domestic competition game.
- b) There can be a maximum of one practice per day when the team has two or more official games per week.

21. Off season

The Player will have at least 30 consecutive days off free from the Club's organised basketball activity, including any commercial or promotional activity, during the months of June and/or July.

The Clubs have the option to provide all Players with an off-season workout plan that must be followed.

22. Guaranteed contract

- a) A professional contract (either a full-season or temporary professional contract) is a fully guaranteed, no-cut agreement, which means that a Club cannot decrease the Player's remuneration or terminate the agreement should the Player fail to exhibit the expected skill, competitive ability or fail to reach an expected level of performance.
- b) In the event that the Player sustains an injury or falls ill through no fault of his own, he will also be entitled to his full remuneration. The same applies in case the Player has to undergo a mandatory quarantine due to pandemic restrictions through no fault of his own. If necessary, EP and ELPA commit to further develop guidelines regarding pandemic vaccinations for players.
- c) In case a Player has a pre-existing medical condition in a certain body part, the parties may agree on additional clauses to exclude an injury relating to such body part from the contract guarantee.
- d) Player will immediately report any injury, illness or other condition suffered either during the season or off-season to his Club and will make available any relevant medical or other records. In addition, the Player will make himself available as early as practically possible to a physician or other appointed representative of his Club so that the Club may participate in the evaluation and treatment of the injury. A Player will not

participate further in any training or competition activities unless he receives prior clearance from his Club.

- e) If the Player, because of the injury or illness, receives direct payments from social security or Club's insurance, the Club is allowed to reduce the player's remuneration payments accordingly.

This does not apply to a player's off-season participation with 5v5 national teams. CHAPTER IV

Other provisions

24. Joint Working Group

EP, the Clubs' EFA committee and ELPA undertake to set up a joint working group on a regular basis to discuss matters relating to e.g. competitive sport, governance, marketing, player transfers, player agents, player education and welfare. Each Party and the Clubs' EFA commission will independently select the members of the joint working group that will represent their respective organisations. The joint working group will be convened within a reasonable notification period at least once every six months.

25. ELPA programmes

- a) Selected Players (maximum two from each Club, which will be agreed between the Club, EP and ELPA) are permitted to attend ELPA activities for up to two days, including travel days, during the preseason.
- b) All first-year Players are obliged to attend the Euroleague Basketball-ELPA Newcomer Programme online, which will be attempted to be held at the same time as the EP and ELPA preseason activities mentioned in this clause.
- c) ELPA will conduct the annual ELPA-Team Meetings with each EuroLeague team. ELPA will contact each Club to agree on the most suitable date and venue. The Clubs will cooperate to allow the Players to attend the meeting.
- d) ELPA will conduct two in-season educational sessions for the Players, either online or in person, which will be coordinated with EP. ELPA and EP will contact all Clubs no later than 15 September each season to propose the most suitable dates, times, and venues. The Clubs will cooperate to allow the Players to attend the sessions. On the proposed dates, all team activities must end by 3pm to allow ELPA to conduct its educational sessions in the early evening hours.

26. Equal treatment, ELPA fees, check-off and enforcement

A. EQUAL TREATMENT

Commencing with the execution of the EFA, the working conditions negotiated hereunder as well as the benefits and protections guaranteed by ELPA to its members will be granted to all Players participating in the EuroLeague without discrimination, i.e. irrespective of whether a Player is an ELPA member or not. This clause does not apply to statutory rights under the ELPA Statutes reserved to ELPA members, such as voting in the General Assembly or being eligible to be elected to office. All Players participating in the EuroLeague are eligible for ELPA membership as per Section 4 of the ELPA Statutes.

B. ELPA FEE

All Players will pay an ELPA fee as follows:

- a) A Player on a professional contract who is or subsequently becomes an ELPA member will pay his annual ELPA fee to ELPA according to the ELPA Membership Fee Regulations.
- b) A Player on a professional contract (including any future Player) who is not an ELPA member will pay to ELPA an equivalent annual ELPA fee for the working conditions negotiated under the EFA as well as for the benefits and protections guaranteed by ELPA as per Section A above. The ELPA fee paid by a non-member will be in the same amount as the ELPA fee required of a Player who is an ELPA member.
- c) The current amounts of the ELPA fee will be provided to the Players at the time of signing the SPC.
- d) If a Player also pays a fee to a national players association in the country where the Club is domiciled, this fee will be deducted from the annual ELPA fee stated above. Upon the presentation of a receipt of the payment made to the national players association, ELPA will reimburse the relevant amount to the Player.
- e) The funds from ELPA fee payments stated above will be allocated for statutory purposes of ELPA only (Section 3 of the ELPA Statutes). In particular, they will be used to improve the working conditions of all Players participating in the EuroLeague as per Section A above.

C. CHECK-OFF

Players must either authorize their Club to deduct the ELPA fee from the Player's remuneration during the relevant season or opt to pay it themselves by checking the appropriate box in the ELPA Fee Payment Authorisation Form attached to the SPC.

Clubs must respect the Player's choice to authorize the Club that the ELPA fee is deducted from his remuneration.

The respective amount will be forwarded to ELPA by either the Club or the Player no later than 30 days after the date the Player has been registered in the EuroLeague.

All outstanding ELPA fees from previous seasons must be paid by the Player at the time of his registration in the EuroLeague or his registration will be denied. In case of outstanding ELPA fees, EP will notify the Player and the Club while the Player's registration is pending until all outstanding fees are paid. ELPA will provide EP with an updated list of Players for whom the ELPA fee has not been paid prior to the start of registration for the respective season.

D. ENFORCEMENT

Upon written notification to EP by ELPA that a Player's ELPA fee has not been paid, EP and ELPA will raise the matter for discussion with the Player and his Club. If there is no resolution on the case within 14 days of the notification being received, the non-payment may be considered an infringement pursuant to the Euroleague Basketball Disciplinary Code.

Furthermore, ELPA has the right to pursue a claim against (i) the Player or (ii) his Club, if a check-off authorization has been provided to the Club and it fails to pay the ELPA fee. While the payment is outstanding, ELPA has the right to withhold from the Player the benefits and protections guaranteed by ELPA.

27. Miscellanea

- a) EP, the Clubs and ELPA will establish joint initiatives to support the Players' transition from their playing career to their next step in life. During the 2024-25 season, the Joint Working Group commits to analyse and develop a EuroLeague-wide player pension plan, based on the concept of equal contributions from Clubs and Players. During the analysis and development phase, Clubs may be requested to share necessary information concerning social security obligations and private pension schemes under their respective national law. The organizational tasks and costs of the analysis and development will be jointly agreed between EP and ELPA, with the aim to implement the project by the start of the 2026-27 season.
- b) The Players will receive one complimentary EuroLeague TV season pass from EP.
- c) During the EuroLeague Regular Season and the EuroLeague Playoffs, the Players will receive a minimum of two lower bowl complimentary tickets for every home game and one complimentary ticket for every away game. If the home game tickets are used by the Player's immediate family

members, they shall be provided access to the VIP / Hospitality areas. The Players will have an option to purchase additional tickets for every home game, and the Clubs will make their best efforts to offer them the possibility of purchasing additional tickets for every away game. Players may not re-sell the tickets.

- d) Players whose teams have qualified for the EuroLeague Final Four will receive two complimentary lower bowl ticket for their Club's games at the EuroLeague Final Four from EP. The Players will have an option to purchase additional tickets in pre-sale. Players may not re-sell the tickets.

28. Officiating

EP undertakes to hold EuroLeague-wide preseason meetings individually with each team in order to present officiating rules and guidelines to the Players before the upcoming season and discuss open issues.

29. Interpretation of the EFA and dispute resolution

- a) All operational matters related to the EFA will be managed directly between EP and ELPA.
- b) Only in the event of a conflict arising from the interpretation of the present EFA, the Parties and the Clubs' EFA commission will form a trilateral commission, which will be made up of a maximum of three members from each organisation and the members of the Clubs' EFA commission, in order to discuss the matter in good faith.
- c) Should no agreement be reached, the parties agree to submit any dispute arising from or related to the present EFA exclusively to the Court of Arbitration for Sport, in Lausanne, (Switzerland), which will be resolved definitively in accordance with the Code of sports-related arbitration.
- d) If any provision of this EFA is found to be invalid, illegal or unenforceable by a forum of competent jurisdiction, the remaining provisions will not be affected or impaired thereby, except to the extent reasonably necessary to preserve the intent of the Parties, and the Parties will negotiate in good faith to seek legal remedy for the inapplicable provision.
- e) Any amendment to the EFA as well as any other matter affecting the working conditions of the Players and not yet covered hereunder will only be made by agreement between EP and ELPA. Any additional pacts between the Parties throughout the term of the present EFA or any agreements that add information and/or remove or modify its content will automatically become an integral part of it.

30. Subsidiarity

The present EFA and its implementation in the SPC will operate to the extent that they are not contrary to the mandatory laws and regulations of the country in which the Club is domiciled. In the event of conflict, the latter will prevail.

The EFA is a compulsory minimum standard agreement for all participating Clubs and Players of the EuroLeague. The Clubs and Players are allowed to deviate from the EFA (including the SPC) only in the Players' favour, and only if the obligations towards EP and ELPA hereunder are not affected.

31. No partnership or joint venture

This EFA is made between principals, and nothing herein contained will be deemed to constitute a partnership or joint venture between the Parties hereto.

32. Transitory provision

Players with existing and ongoing contracts already in force prior to 23 July 2021 may opt out from signing an SPC. In this case, a Club needs to submit a declaration by the Player stating that he was offered to sign an SPC, but freely decided not to do so ("Player Declaration Form").

A Club must present a new Player Declaration Form together with the draft SPC offered to the Player with the Player's registration for each season while the Player's Contract is in force.

APPENDIX III

STANDARD PLAYER CONTRACT **(valid as of the 2024-25 season)**

APPENDIX III**EUROLEAGUE STANDARD PLAYER CONTRACT****(valid as of 2024–25 season)**

The EuroLeague Standard Player Contract (“SPC”) is aimed at Professional Basketball Players (hereinafter referred to collectively as “Players” and individually as “Player”) playing in the EuroLeague, which is administered and organised by Euroleague Properties SA (“EP”). It is based on the EuroLeague Framework Agreement (“EFA”) reached between the EuroLeague Players Association (“ELPA”) and EP.

The SPC, including all Annexes, will provide the basis for a Player’s participation in the EuroLeague as well as in domestic competitions of the Club, irrespective of whether domestic competitions require the Player and the Club (collectively referred to as “Parties”) to sign an additional standard document at national level. In the latter case, the rights and obligations must be aligned, in order to ensure compliance with the EFA and SPC regarding the Player’s relationship with the Club.

The EFA and SPC create a compulsory minimum standard for all participating Clubs and Players of the EuroLeague. In general, the Clubs and Players are allowed to deviate from the SPC only in the Players’ favour, and only if the obligations towards EP and the ELPA hereunder are not affected. The Parties may amend individual clauses due to (i) mandatory laws of the country in which the Club is domiciled, or (ii) mandatory regulations of the domestic competition in which the Club competes, as long as the main contents of the EFA and SPC are adhered to. Furthermore, if national laws or collective bargaining agreements at a national level provide for a more favourable treatment of a Player, the more favourable rule will prevail.

The SPC has to be signed by the Player and the Club and has to be submitted to EP for the Player’s valid registration in the EuroLeague. As long as the contract submitted does not meet the requirements under the EFA and the SPC, the registration of the Player for the EuroLeague may be denied, while the validity of the SPC in general is not affected.

Players with existing and ongoing contracts already in force prior to 23 July 2021 may opt out from signing an SPC. In this case, a Club needs to submit a declaration by the Player stating that he was offered to sign an SPC, but freely decided not to do so (“Player Declaration Form”). A Club must present a new Player Declaration Form together with the draft SPC offered to the Player with the Player’s registration for each season while the Player’s Contract is in force.

- 1.3** The Parties declare their knowledge and acceptance of the current version of the EuroLeague Framework Agreement (“EFA”) between the EuroLeague Players Association (“ELPA”) and Euroleague Properties (“EP”), as an integral and binding part of this Contract. The Parties acknowledge that a subsequent amendment of the EFA may require the Parties to amend the Contract in order to reflect such amendment of the EFA.
- 1.4** The Player also acknowledges to be bound by the Team Rules of the Club, a current version has been made available to the Player prior to signing this Contract. The final version of the Team Rules for the respective season will be presented to the Player, EP and ELPA no later than the first day of training camp.

- 2.1** This Contract is temporary and has a fixed duration, commencing on *[...]* and automatically ending on 30 June *[...]*, or at the end of the *[...]* season, whichever comes later *[If shorter, cross-out and establish date]. [The parties may agree on e.g. buy-out, renewal or early termination options as per Article 7/ANNEX VII]*
- 2.2** The Contract term may at any moment be renewed and/or modified by agreement of the Parties.
- 2.3** This Contract will become effective once the Player submits to, and successfully passes, at the Club’s sole and reasonable discretion, the required medical check-up provided by the Club in accordance with the EFA.

- 2.4 The Player acknowledges that he has disclosed all known injuries, illnesses or personal conditions that render him, or that he knows will be likely to render him, unable to perform the playing services required under the Contract. The failure to do so, will entail the right for the Club to terminate the contract per just cause in accordance with Article 12.2b).

Article 3 Duties and Obligations of the Player

3.1 Participation in Games, Practices, Preparatory Meetings and Events

- a) The Player undertakes to make himself available to participate in all of the Club's games (either official, friendly or exhibition) as organised by the Club, a domestic league and/or federation and EP.

- iv. immediately inform, consult and, if possible, visit the team doctor or a doctor appointed by the Club in case of injury or illness; and
 - v. submit himself in any respect to reasonable measures which were prescribed by persons appointed by the Club from the perspective of sports medicine or sports therapy.
- c) To the extent that information is relevant for the participation in games and training sessions, the Player releases the medical personnel from their professional secrecy obligations vis-à-vis the managing body of the Club.
 - d) If, in exceptional cases (e.g., due to an illness or injury occurring abroad), the Player is not treated by the team doctor or a doctor appointed by the Club, he will permit the team doctor or a doctor appointed by the Club to carry out any and all subsequent examinations and take all measures which are, in the latter's opinion, relevant in this case. In the event that a disease or injury occurs during a release for national team games or a leave of absence for other purposes, the Player will make efforts to enable the team doctor, or a doctor appointed by the Club to carry out such examination as early as practically possible. To this extent and with respect to any information relevant for the contractual relationship, the Player releases the treating medical professionals from their professional secrecy obligations vis-à-vis the team doctor or a doctor appointed by the Club. The Player will request the treating medical professionals to provide corresponding information to the team doctor or the doctor appointed by the Club.
 - e) The right of the Player to be examined by another doctor either after or concurrently with the treatment by the team doctor or a doctor appointed by the Club ("second medical opinion") will not be affected by the preceding provisions. The Player has the explicit right to request a neutral second medical opinion regarding the treatment of any injuries and health-related concerns by the Euroleague Basketball Medical Officer.
 - f) The Player must ensure that communication between his chosen doctor and the team doctor is established and is kept up-to-date during the Player's recovery process.
 - g) In case the Player requires surgery, Club and Player will agree on the attending doctor. In the event of a lack of consensus, the Euroleague Basketball Medical Officer, will mediate between the parties.  - i. Participation in 12 commercial appearances (i.e., an event held specifically to deliver value to a sponsor) for the Club and/or EP per season. Commercial appearances are split between the Club and EP (eight appearances for the Club, four appearances for EP; EP may grant the Club up to a maximum of two of its assigned commercial appearances per season).
 - ii. One commercial appearance can last up to a maximum of 3 hours, excluding required travel time. Commercial appearances lasting longer than 3 hours will count as an additional commercial appearance per every 3 additional hours. If a Player has to travel internationally for a commercial appearance, such activity will count at least as two commercial appearances.
 - iii. The Player will be remunerated with EUR 1,000 for any additional commercial appearance for the Club or EP after the maximum number of commercial appearances for the Club or EP have been reached.
 - iv. If the Player participates in up to five brief commercial recordings or photo shoots during a Media Day, for EP and/or the Club, these recordings or photo shoots will all be accrued as one single commercial appearance for EP and/or the Club respectively.
- c) Upon the Player's approval, commercial appearances may include activation in the Player's digital/social media channels by creating content around them or sharing content provided/published by EP or the Club.

- d) Besides Player's limited commercial appearances, the Player will be available for the Club's promotional activity (i.e. activities not specifically delivering value to a sponsor), including for charity and/or community events, fan appreciation activities before and after games, full roster activities, or media events, which will not accrue to the number of the commercial appearances as long as the Player is not required to promote any sponsor, product or service. The Club's promotional activity must not interfere with the Player's preparation for games or exceed a reasonable period of time.
- e) The Player will not be required to make promotional or commercial appearances on two consecutive days, except during the Final Four, if contacted by the Club. Appearances will not occur at a time that could interfere with the Player's reasonable preparation to play on the day of a game. Promotional or commercial appearances may be scheduled on the Player's day-off only during pre-season.
- f) The Player's public and private digital channels will feature the EuroLeague brand and his Clubs' brand in a respectful way, when representing his professional activity with the Club/EuroLeague.

3.6 Apparel while on Official Club Duty

If required by the Club and/or EP, the Player undertakes to wear only clothing and other equipment as provided by the Club's or EuroLeague's sponsor or outfitter while on official club duty (i.e. playing games, training, travelling, promotional or commercial appearances).

3.7 Behaviour in Public; Confidentiality

- a) Within the framework or context of his activities for the Club, the Player will not act in an extremist, obscene, provoking or insulting manner. He will particularly refrain from violating the social lifestyle of a person or community of persons by derogatory, discriminating or disparaging statements or acts relating to race, ethnic origin, skin colour, sex, sexual identity, language, religion or belief, disability or age.
- b) The Player will not disclose information about his activities for the Club or about its internal affairs, which are not directed at or meant for outsiders. Unless the Club has given its prior written consent, any statements about internal affairs are to be avoided; this regulation will survive a termination of the contractual relationship for a period of five years. Internal affairs to be disclosed by the Player by virtue of administrative or judicial orders, however, will be excluded from this prohibition.
- c) Within the framework of his duties of loyalty and trust, the Player will at any time when making statements in the public domain or within his private life, behave in a manner that does not have a negative impact on the reputation of the Club, EP, the domestic league and/or the sport of basketball in general.

3.9 Use of Club Facilities

If the Player intends to use the Club's facilities on non-game days or outside a supervised practice session, he will inform the Club beforehand. The Club will unilaterally decide whether the Player's activity must be supervised by the Club's coaching staff.

3.10 Prohibited Activities

The Player is prohibited from:

- participating or engaging in activities involving or exposing the participant to a substantial risk of bodily injury, unless the Player received prior written consent to participate or engage in the activity by the Club. He will refrain from disclosing to any third party any betting-related information that is not in the public domain or to which only he as a Player has access.

b) MATCH-FIXING

The Player commits himself to immediately inform the Club and/or EP about any approach or offer, financial or otherwise, received from third parties in exchange for fixing a game (e.g., engineering a victory, draw, defeat, pre-determined result or performance) involving his own club or any other club. This obligation to provide information also applies if the Player has declined such approach or offer or refused to engage in any match-fixing activity.

c) **ANTI-DOPING**

- i. The Player acknowledges as binding on him the national and international anti-doping provisions, in particular the anti-doping regulations issued by WADA, *[as well as the anti-doping regulations of the domestic competitions in which the Player participates]*, as adopted and modified from time to time.
- ii. Prior to the season, the Club will hand out the list of prohibited substances and methods as well as any updates of said list to the Player; however this does not release the Player from his own obligation to educate himself about the anti-doping provisions issued by WADA, FIBA and the domestic competition, if applicable, which may be modified during the season.
- iii. If the Player is found in breach of anti-doping regulations, including but not limited to the use of a prohibited substance according to the relevant WADA LIST and the Player as a result of said breach is suspended from competitions or held ineligible by the competent FIBA or any other competent ruling body, the Player can be suspended without pay during the period of ineligibility or suspension. If the Player based on a final decision by the competent FIBA or any other competent ruling body is suspended or held ineligible for more than six (6) months, the Club may terminate the Contract for just cause.

3.12 Player Agent

Should the Player change his agent during the term of the Contract, he will inform the Club about his new agent in writing, which will be communicated to EP and ELPA.

3.13 Wearable Devices

The Club and EP may request the Player to use wearable technology in practices and/or games in accordance with the EFA. The Player has the right to refuse to use the wearable device at any time.

Article 4 Image Rights

4.1 The Club acknowledges that the Player is the owner of his image rights.

- 4.2** The Player grants the Club the abovementioned rights during their contractual relationship with regard to all the activities of the Club to exploit these rights, declaring and ensuring that he has not assigned these rights to any third party. In the case that the Player has granted the Player Image Rights to an image rights company, he will be responsible that the image rights company grants them to the Club. These rights include the Player's name, nickname, initials, signature, number, image, likeness (photograph, caricature, etc.), voice, personal or biographical data or any combination, reproduction, or simulation thereof ("Player Image Rights") and may be utilised and commercially exploited by using any technology or means currently known or hereafter invented or developed, including but not limited to TV, online platforms and video games. It is understood that the Player's trademarks (e.g., registered personal logo) are excluded, if any.
- 4.3** The Player acknowledges that the Club will grant EP all the commercial and advertising exploitation of the Player Image Rights in relation to all the activities of the Club exclusively relating to the management, organisation, promotion and commercialisation of the EuroLeague, including but not limited to filming and broadcasting audiovisual content related to the EuroLeague, licensing this content (including all scoring, statistical, performance or other data relating to the EuroLeague) to third parties, entering into partnership arrangements, producing, advertising, distributing, selling, promoting and marketing products and services including those of any EuroLeague sponsors, licensees, TV broadcasters and other business parties and including merchandise, by any means at EP's sole discretion.
- 4.4** The above rights may also be commercially exploited within the framework of a collective/centralised marketing effort undertaken by the Club in connection with any domestic competition.
- 4.5** Unless otherwise provided for in the EFA, the Club, EP or the relevant domestic league will remain the sole beneficiary of any and all profits realised from such Player Image Rights, merchandising, commercial exploitation and advertising efforts related to them.
- 4.6** The Club will maintain the right to commercialise and transfer the Player Image Rights in the above context to EP or the relevant domestic league for the time period also after the expiry or termination of this Contract, provided that such exploitation clearly refers to the period of time during which the Player was under contract with the Club, as well as to the Player's position as former player of the Club.

- 4.7** The Player remains the holder of his image rights that are not related to the activity of his Club (“Personal Image Rights”), although he may not exercise them by entering into agreements with partners competing with the seven designated partners of each Club and/or the five designated EuroLeague Partners, nor use the Club or EuroLeague brands/logos when exploiting his Personal Image Rights, unless otherwise agreed with the Club and/or EP, following consultation with the respective partner. On a yearly basis, the Club will announce which are the seven designated partners before the first EuroLeague game of the season. In the case that the Club does not announce and notify the Player and ELPA of the seven designated partners by the due date, it will be deemed as if the Club does not have such designated partner(s). Any new designated partner will be communicated by the Club as soon as possible. In the event that the Player already has an existing agreement with a sponsor of such category, the partnerships may coexist on a non-exclusive basis, provided that the Player has notified this partnership to the Club before signing the Contract. The technical apparel category is excluded; therefore, the Player is free to associate his Personal Image Rights with any technical apparel company.
- 4.8** Prior to signing an agreement regarding his Personal Image Rights with a direct competitor of an existing partner of the Club that is not one of the designated partners above, the Player will inform the Club in order for the latter to grant a matching right to the relevant partner of the Club to be exercised within 10 days of the notification by the Player to the Club.
- 4.9** Commercial activities undertaken by the Player and directly related to his status as one of the Club’s players or as a EuroLeague player – e.g., generating income by granting interviews, authoring books and other activities – will require the Club’s prior approval. Such approval will be granted provided the Player’s activities are not detrimental to the Club’s or EP’s protected interests.
- 4.10** The Player is prohibited from associating his Personal Image Rights to any other basketball league, federation or competition without EP’s and/or the Club’s previous authorisation. It is understood that associations with the Club’s domestic league and with the Player’s national team are allowed.
- 4.11** The Player will have the following rights to use the EP and Club IP, in particular:
- The EP and Club logos on the Player’s digital channels (for brand building purposes only, not to be sponsored by a partner of the Player).

- The game action pictures to be used for free on the Player's digital channels (for brand building purposes only, not to be sponsored by a partner of the Player).
- Up to two minutes of personal highlights per EuroLeague game to be used on the Player's digital channels (for brand building purposes only, not to be sponsored by a partner of the Player). This content will be provided upon the Player's request, at EP's reasonable capacity, and subject to the restrictions of EP's broadcast agreements.
- The content may be edited, subject to EP's right to demand take-down of unsuitable content.
- Up to 10 minutes of EuroLeague game footage per season to be used in the Player's content (e.g., docu-series, video podcasts, etc.). This content will be provided upon the Player's request, and at EP's reasonable timings capacity, and subject to the restrictions of EP's broadcast agreements.

In addition to the Club's obligation to pay the remuneration to the Player as established in Article 5 above, the Club commits to the following:

6.1 Club Travel and Expenses

- b) In particular, the Player will be provided with a single hotel room during all trips, including pre-season camps and/or if the Club organises a 'camp' in the home city prior to any games.
- c) The Club will cover all reasonable travel, accommodation and meal expenses of the Player when he is traveling on behalf of the Club.

6.2 Sports Equipment

The Club will provide the Player with the sports equipment necessary for him to perform his basketball-related activities. The Player is obliged to wear the sports equipment provided by the Club during the term of this Contract. It shall be the Player's choice as to what brand of basketball shoes he wears in games and practices unless Clause 16.b) of the EFA provides otherwise.

6.3 Game Tickets

During the EuroLeague Regular Season and the EuroLeague Playoffs, the Player will receive a minimum of two lower bowl complimentary tickets for every home game, and one complimentary ticket for every away game. If the home game tickets are used by the Player's immediate family members, they will be provided access to the VIP / Hospitality areas. Article 7 Additional Terms / Annex *[optional]*

The Parties agree on any other service, activity or conditions not specifically addressed in the SPC as specified under ANNEX VII *[e.g. buy-out, renewal or early termination options, etc.]*.

Article 8 Force Majeure

8.1 If the performance of contractual duties under this Contract are wholly or partially unfeasible or are provided in a reduced or modified form (e.g., cancellation of games; games with partial or complete exclusion of spectators), for reasons for which neither the Club nor the Player is responsible (e.g., in case of a pandemic, government measures or other official interventions or similar circumstances), the Parties agree that a disruption of performance due to force majeure exists. The further legal consequences of a disruption of performance due to force majeure will depend on the respective contractual duties of the Parties, which may be affected by said disruption in different ways.

8.2 In case of an alteration or cancellation of the EuroLeague season by EP (not merely the postponement of games), or the complete or partial exclusion of spectators from official games of the Club either by EP or a local authority as a direct consequence of force majeure, the Club will be entitled to adjust the total net remuneration of the Player as follows:

- a) Adjustment of the player's yearly total net remuneration (excluding bonuses and fringe benefits):
 - In the event of any cancelled EuroLeague Regular Season club's games: 2.25% per game.
 - In the event of any EuroLeague Regular Season club's home games played behind closed doors (i.e., complete exclusion of spectators) or with limited attendance (i.e., up to 30 % of the Club's usual's arena normal capacity): 1 % per home game.

b) Additional adjustment of bonuses in case of cancelled games:

- A bonus for a team's performance in the EuroLeague may be reduced if EP cancels or otherwise modifies the EuroLeague prematurely, unless the respective bonus was already achieved before the EuroLeague was cancelled or modified. A bonus for reaching the EuroLeague Playoffs or Final Four may be reduced fully or partially if the phase for which its qualification was obtained does not take place.
- Individual bonuses will be awarded in full if the respective bonus was already achieved before the EuroLeague was cancelled or modified. If the condition precedent for an individual bonus was only partially achieved at the time of cancellation or modification of the EuroLeague, the bonus is reduced on a pro-rata basis according to the number of games played until the cancellation or modification.

8.3 The adjustment of a Player's remuneration must not exceed the total percentage of the force majeure-related reduction of the Club's net income (understood as the reduction of income caused due to the force majeure event minus the balance of costs caused by such circumstances) for the respective EuroLeague season in comparison to the net income of the last season that was not affected by the force majeure event.

8.4 If the Club exercises its right to adjust the remuneration as set out above due to cancellation of games, and the number of cancelled games exceeds 12, the parties agree to enter into good faith negotiations regarding the excess of remuneration reduction agreed above.

8.5 The abovementioned percentages will be renegotiated in good faith in case other (including domestic) competitions, in which the Club participate, are cancelled partially or entirely due to a force majeure event in the same season.

8.6 To the extent possible, the remuneration reduction will be split throughout the season's monthly payments, adjusted on the basis of up-to-date income reduction figures presented by the Club.

8.7 The Club will not be allowed to reduce the Player's remuneration by higher percentages based on individual agreements with the Player.

Article 9 Days off

- 9.1** A Day off means a full calendar day on which the Player is not required or permitted to participate in any Club directed activities, including, but not limited to games, individual or team practices, individual or team video sessions, individual or team meetings, travel or media/promotional/commercial/charity activities.
- 9.2** The Player will have three (3) calendar days off per month, with only physiotherapy or medical treatments permitted on those days. On an exceptional basis, night travel immediately after a game which was played the day before can reach into the off day.
- 9.3** The Player will be released by the Club for the off season no later than five days after the last official game of the season with the Club.
- 9.4** For multi-season contracts, the Player will have at least thirty (30) consecutive calendar days off from the Club's organised basketball activity during the months of June and/or July unless otherwise previously agreed in writing by the Parties. The Club has the option to provide the Player with an off-season workout plan, which must be followed by the Player.
- 9.5** The Player is entitled to a minimum of three (3) calendar days off (including games), not including travel days, for birth leave, which must be close to the child's date of birth (15 days preceding or following the birth). The player should notify the Club on his intent to use birth leave at least 14 days in advance. In this case, Player's monthly remuneration is not prorated.
- 9.6** The Player is entitled to a minimum of three (3) complete days off (including games), not including travel days in case of a death of an immediate family member (partner, spouse, parents, grandparents, children, or siblings). In this case, Player's monthly remuneration is not prorated.
- 9.7** Any leave relating to Subsection 9.5 and 9.6 will be coordinated in good faith between the Parties.
- 9.8** After any major national team competition (i.e.: World Cup, continental championships, Olympic Games, excluding qualifying phases or tournaments) in which the Player participates, the Player is entitled to a minimum of 3 (three) full days off, not counting travel days, before joining the Club.

Article 10 Team Rules

- 10.1** If the Player fails to comply with his responsibilities arising from this Player Contract without justified reason or his responsibilities as listed in the Team Rules as ANNEX II, the Club will be entitled to impose the following penalties against the Player:
- a) a warning;
 - b) an exclusion from Club events;
 - c) a monetary penalty;
 - d) a temporary suspension, or
 - e) the termination of the contract
- 10.2** The Club acknowledges that its Team Rules must comply with the EFA.
- 10.3** The penalty for infringements will depend upon the severity of the respective violation. With respect to the severity of an infringement, especially the following aspects will be taken into account:
- a) the importance of the breach of duty;
 - b) the kind of the breach of duty and the exact fault, particularly if the infringement occurred intentionally or due to negligence or repeatedly;
 - c) the consequences of the breach of duty for the team and the Club, and
 - d) the Player's conduct after the breach of duty.
- 10.4** In the event of a permanent infringement, a monetary penalty can be increased correspondingly. A permanent infringement will not exist if the consequences of a non-recurring violation continue to have an effect and the Player is not able to put an end to such continued impact.
- 10.5** In case the Club intends to discipline and/or sanction a Player based on the Team Rules, the sanction must be stated in the Team Rules. The Club must provide the Player with a written notification and an opportunity to be heard prior to issuing the sanction. Club's disciplinary acts should not be degrading and should not endanger or harm the Player in any way. The Team Rules will be applied in a uniform and non-discriminatory manner.

10.6 The Player may file a complaint before the Euroleague Basketball Dispute Resolution Chamber (EBDRC), as the case may be, challenging the Club's imposition of a penalty against the Player for a violation of a provision of the Team Rules within fifteen (15) days from the date upon which the imposition of the penalty was notified to the Player in writing.

10.7 The Club may likewise deduct from the Player's remuneration any financial sanction imposed upon him by the corresponding disciplinary bodies (e.g. a financial sanction imposed against the Player for which the Club is held jointly liable as per Article 11 of the Euroleague Basketball Disciplinary Code) as well as any proven liabilities incurred by the Club as a result of a breach of the Player's behavioural duties.

Article 11 Fully Guaranteed Contract

11.1 The Parties agree that the contract is a fully guaranteed, no-cut agreement, which means that the Club cannot decrease the Player's remuneration or terminate the agreement should the Player fail to exhibit the expected skill, competitive ability or fails to reach an expected level of performance.

11.2 In the event that the Player sustains an injury or falls ill through no fault of his own, he will also be entitled to his remuneration. The same applies in case the Player has to undergo a mandatory quarantine due to COVID-19 restrictions during the term of the Contract. *[In case a Player has a pre-existing medical condition in a certain body part, the parties may agree on additional clauses to exclude an injury relating to such body part from the contract guarantee].*

 - the Player fails to disclose information as per Clause 4.D of the EFA. and Article 2.4 above, and the Player is rendered unable to perform his services because of the undisclosed fact for a substantial period of time (e.g. a severe pre-existing injury);

Already after 45 days *[15 days in case of a temporary contract with a duration of less than four months]* of the Club having fallen into arrears with the payment of the Player's remuneration, the Player is allowed to suspend his services for the Club.

- 12.3** A termination must be made in writing and notified to the other party. The same applies to the player's suspension of services for the club.
- 12.4** In case of the Player's unilateral termination, he has the right to seek compensation for the remaining value of the Player Contract while taking into consideration the duty to mitigate.

Article 13 Dispute Resolution and Applicable Law

- 13.1** Any controversy or claim arising out of or relating to this Contract, or the breach thereof, will be settled by arbitration, either by the Euroleague Basketball Dispute Resolution Chamber (EBDRC) or the Basketball Arbitral Tribunal (BAT), depending on the claimant's choice of forum. Once a proceeding before the competent arbitral tribunal is initiated, the chosen arbitral tribunal will have exclusive jurisdiction to resolve the matter in dispute.
- 13.2** If the claimant chooses the EBDRC, the dispute will be finally resolved in accordance with the Euroleague Basketball Arbitration Code by a single arbitrator. The arbitration will be held in English. The arbitration will be seated in Lugano, Switzerland and will be subject to Chapter 12 of the Swiss Private International Law Act irrespective of the parties' domicile. The arbitrator will decide the dispute ex aequo et bono taking into account the EuroLeague Bylaws, as well as EFA and/or other arrangements.
- 13.3** In case the claimant chooses the BAT, the dispute will be finally resolved in accordance with the BAT Arbitration Rules by a single arbitrator appointed by the BAT President. The seat of the arbitration will be Geneva, Switzerland. The arbitration will be governed by Chapter 12 of the Swiss Act on Private International Law, irrespective of the parties' domicile. The language of the arbitration will be English. The arbitrator will decide the dispute ex aequo et bono taking into account the EuroLeague Bylaws, as well as the EFA and/or other arrangements.
- 13.4** Outside a dispute resolution proceeding before the EBDRC or BAT, the Contract is governed by the law in which the Club is domiciled.

Article 14 Data Protection

- 14.1** The Club will collect, process or use personal data of the Player to the extent permitted by law, especially to the extent necessary for establishing, implementing or terminating this Player Contract.
- 14.2** The Player will be given detailed information about the collection, storage, processing and use of his personal data in ANNEX I to this Player Contract.
- 14.3** A processing or use, especially a forwarding of data to third parties, for other purposes than those mentioned in ANNEX I to this Player Contract will not take place, unless the Club is legally permitted to act in this manner or obliged to disclose data by virtue of law or administrative or judicial order or the Player has on a case-by-case basis given his explicit consent thereto.

Article 15 ELPA Fee

- 15.1** The Player hereby accepts to pay the ELPA fee for the working conditions negotiated under the EFA as well as the benefits and protections warranted by ELPA in accordance with Clause 26 of the EFA.
- 15.2** The amount payable as ELPA fee is outlined in the ELPA Fee Payment Authorization Form attached to the SPC as ANNEX IV. The Player must either authorize the Club to deduct the ELPA fee from the Player's remuneration or opt to pay it himself by checking the appropriate box. The Club must respect the Player's choice to authorize the Club that the ELPA fee is deducted from his remuneration.
- 15.3** The Player acknowledges that all outstanding ELPA fees from previous seasons must be paid by the Player at the time of his registration in the EuroLeague or his registration will be denied. In case of outstanding ELPA fees, EP will notify the Player and the Club while the Player's registration is pending until all outstanding fees are paid.
- 15.4** The Club and the Player acknowledge that the non-payment of the ELPA fee may be considered an infringement pursuant to the Euroleague Basketball Disciplinary Code. While the payment is outstanding, ELPA has the right to withhold from the Player the benefits and protections guaranteed by ELPA.

Article 16 Miscellaneous

- 16.1** The Parties will promptly cooperate to sign any necessary documents that may be required to fully execute the present Contract (including obtaining a Visa or similar work permit, if required).
- 16.2** The Parties acknowledge that the present Contract is the sole contract between them, unless (i) where the domestic competition that the Club participates in requires the Parties to sign an additional standard document at national level and/or (ii) a third party makes remuneration payments to the Player in accordance with the EFA. *[In both cases, any additional agreement must be clearly referenced in the Contract]*
- 16.3** The parties agree that the present Contract does not contain amendments not specifically permitted by the EFA. The unfulfillment of the mandatory provisions foreseen in the EFA, or its attempted circumvention by either the Club or the Player may be considered an infringement of the Euroleague Basketball Disciplinary Code.
- 16.4** In the event that a provision in this Player Contract is or becomes ineffective, the effectiveness of the other contract provisions will not be affected. The ineffective provision will be replaced by an effective one coming closest to the economically intended purpose pursued by the Parties.

Article 10	Pre- & In-Game Scorer's Table Technical Incident Protocol
-------------------	--

In order to safeguard the live nature of games and minimise possible disruptions, the following course of action must be followed anytime an incident of a technical nature occurs at the scorer's table:

1. The timer will start one of the table clocks and during one minute:
 - a) the Euroleague Basketball delegate will call the Company's Competitions Department;
 - b) the software and its configuration will be adjusted/manipulated in order to fix the problem;
 - c) in case of total primary laptop hardware failure, the backup laptop will immediately be powered up and cabled accordingly;
 - d) the Company's IT Department will call the unified scorers liaison on their mobile phone to establish a permanent and direct communication until the game is resumed.
2. If the problem remains, during a further three minutes:
 - a) the hardware will be switched off and on;
 - b) the laptop will be restarted once;
 - c) the backup shot clocks and additional game clocks will be plugged in and put into place.

If the problem remains, the game will resume using the printed paper scoresheet/backup shot clocks and additional game clocks. If the problem is laptop-related, the Company's IT Department will take remote control of the laptop and continue to troubleshoot whilst the game is being played.

The above is applicable for all scorer's table elements, with the goal that the maximum delay will be no more than five minutes. In the case of a more serious failure that does not permit the game to be

resumed (e.g. the game and shot clocks fail whilst the backup shot clocks and additional game clocks do not work either) only then may the delay be longer, as the game would be missing the minimum elements in order to be resumed.

Article 11 Post-game procedures

If the Company’s IT Department identifies that the scoresheet has not been recorded in accordance with the FIBA Official Basketball Statisticians’ Manual and the Euroleague Basketball criteria presented during the Unified Scorers Workshop, the unified scorers must repeat the scouting of the whole game within the following hours after the end of the game in order to have the statistics of the game available to be published by the Company before 9:00 am CET.

The unified scorers will review the video file of the whole game as soon as possible so that they can re-scout the game that night. The home club will provide a work area for the game to be re-scouted. The Company’s IT Department will give instructions to the unified scorers about how and when to export the data to the Company’s server in order to publish the statistics collected during the game.

Game Clock

Event

+00:00

The unified scorers liaison sends the final score via the communication channel to the Company’s IT Department; unified scorers remain at the scorer’s table until the Company tells them to end their tasks of statistics collection and go to the referees locker room.

For any incident, edition or doubt related to the game the unified scorers liaison will inform the Company’s IT Department immediately via the communication channel, who in turn will inform the Company’s Competition Department immediately. The Company’s IT Department will then inform the unified scorers liaison how to proceed; all subsequent timings are modified.

The data entry scorer will extract the Precision Time System game data file and email it to competition@euroleague.net and stats@euroleague.net.

Game Clock	Event
+15:00	The data entry scorer takes the scoresheet to the referees locker room and gives it to the crew chief, who reviews the scoresheet, completing the referees' report in case of incident/protest section.
+20:00	Umpire 1 and umpire 2 sign the scoresheet, after which the crew chief signs the scoresheet; the data entry scorer prints two copies of the scoresheet, and the Euroleague Basketball delegate gives a copy to each team manager; the data entry scorer sends the completed scoresheet to the Company.
+25:00	The unified scorers liaison logs off the communication channel after receiving confirmation from the Company's IT Department; unified scorers leave scorer's table.
Article 12	Infringements Any infringement of the above may be considered as a minor infringement as stipulated in Chapter II Section I of the Euroleague Basketball Disciplinary Code.

Primary colours

10:1 colour ratio

In order to maintain a consistent balance of colour throughout all Turkish Airlines EuroLeague brand communications, a colour ratio of 10:1 should be used. Black is the dominant colour, with orange used as a much smaller proportion. This creates an atmospheric and prestigious brand language, accentuating the vibrancy of the orange set within the black.

N.B. These ratios are a visual guide and approach and maybe adapted slightly depending on the application. All designs should be submitted for approval before publishing.

MEDIATION REGULATION

APPENDIX X**MEDIATION REGULATION**

- Article 1** The purpose of the present Mediation Regulation is to set out a fast and informal procedure in which all concerned parties must attempt in good faith to negotiate with each other, with the assistance and mediation of the Euroleague Basketball Chief Executive Officer (hereinafter “Euroleague Basketball CEO”) and/or of a mediator appointed by him, with a view to settling amicably a dispute related to the hiring and transfer of a player or coach, or between a club and a player or coach related to the termination of an agreement. Any final settlement needs the agreement of all parties concerned. The present Regulation does not affect the procedure set forth by FIBA in its transfer regulations, which remains the only procedure with a binding outcome.
- Article 2** In the event of any dispute between clubs registered in the EuroLeague or the EuroCup (jointly referred to as “Euroleague Basketball competitions”) arising out of or in connection with the hiring and transfer of one player or coach, the clubs must submit the matter to amicable settlement proceedings under the present Mediation Regulation prior to resorting to any other authority or mechanism of adjudication or settlement. The dispute of a club registered in the Euroleague Basketball competitions with a player or coach, or with any other club not registered for the Euroleague Basketball competitions may likewise be submitted to these amicable settlement proceedings on a voluntary basis. In the event of a prior compulsory proceeding in the context of any internal regulations within a country, the parties will inform the Euroleague Basketball office of the result of the dispute.
- Article 3** Any party commencing mediation proceedings pursuant to this Regulation will send to the Euroleague Basketball office (by email to secretarygeneral@euroleague.net) a written Request for Mediation, which will include:
- a) The names of the parties to the dispute and of the player or coach concerned, as well as the name, addresses, telephone and email addresses of attorneys or agents representing them, if any.

- b) A brief description of the dispute and of any relevant circumstances.
- c) A copy of any written agreement or contract upon which the requesting party relies.
- d) A copy of any other relevant document, and in particular of the denial of letter of clearance, if any.

The company designated by Euroleague Properties S.A. for the management and administrative organisation of the Euroleague Basketball competitions (hereinafter the “Company”) will promptly acknowledge receipt of the Request for Mediation and send a copy thereof to all parties concerned.

Article 4 As soon as possible, the Company will consult orally or in writing with all concerned parties and establish the date for a mediation meeting and a short time limit for submission by each concerned party to the Euroleague Basketball office of a statement summarising the position on the dispute, including a description of all facts and points of law deemed relevant, and attaching any relevant document. The Company will promptly communicate copies thereof to all other parties.

Article 5 The Euroleague Basketball CEO may at any time appoint, revoke or replace a mediator of his choice, who will be his delegate and will assist him or substitute for him in performing any tasks under this Mediation Regulation.

Article 6 In cases when a letter of clearance has already been denied by a national federation, the parties in dispute may submit petitions or appeals to the relevant FIBA bodies for the purpose of avoiding the expiry of any deadline provided by FIBA Regulations. At the same time, the parties in dispute must request the relevant FIBA bodies to suspend shortly the decision process due to the ongoing settlement negotiations between the concerned parties.

Article 7 The Euroleague Basketball CEO or the appointed mediator, with a view to keeping friendly relations between the parties:

- a) Will advance the mediation without any formality and as expeditiously and effectively as possible;

- b) Will facilitate discussion of the issues between the parties and promote the settlement of the dispute in any manner believed to be appropriate;
- c) May discretionally adopt any procedural resolutions, make any suggestions or propose any possible solutions;
- d) May discretionally talk or meet with all parties jointly, or separately with one or some of the parties or with any third parties;
- e) May not impose a binding settlement or solution of the dispute.

Article 8

Each party will take part in the mediation proceedings and negotiate with any other party in good faith and with the utmost fairness and sportsmanship. Each party will cooperate in good faith with the Euroleague Basketball CEO and with any appointed mediator and will behave so as to facilitate and expedite the performance of the Euroleague Basketball CEO's mandate. In particular, each party must attend any meeting called by the Euroleague Basketball CEO or the appointed mediator, sending a representative empowered to sign a settlement agreement. The mediator and the parties will use their best efforts to terminate the mediation proceedings within 10 days, with or without a settlement.

Article 9

The mediation proceedings will be confidential. However, the Company will hold an updated list of active disputes available, upon request, to clubs, players or coaches registered in the Euroleague Basketball competitions; then, in the case that a settlement is reached, a short press release agreed between all the parties and the Euroleague Basketball CEO may be issued. The Euroleague Basketball CEO and any staff of the Company, the mediator, the parties, their representatives and advisers, experts and any other persons present during the meetings between the parties may not disclose to any third party any information given to them during the mediation, unless required by law to do so. The parties will not compel the mediator to divulge records, reports or other documents, or to testify in regard to the mediation in any arbitral or judicial or other proceedings. The parties will not rely on, nor introduce as evidence in any sports proceedings or any arbitral or judicial or other proceedings:

- a) Views expressed or suggestions made by a party with respect to a possible settlement of the dispute;

- b) Admissions made by a party in the course of the mediation proceedings;
- c) Proposals made or views expressed by the Euroleague Basketball CEO or by the appointed mediator;
- d) The fact that a party had or had not indicated willingness to accept a proposal.

Article 10 The parties have always the right to insist on their positions and to declare that they are not willing to accept a settlement agreement; however, they may not withdraw unilaterally from the mediation proceedings. The mediation proceedings will be terminated:

- a) By the signing of a settlement agreement by the parties concerned;
- b) By a written communication to the parties by the Euroleague Basketball CEO or the appointed mediator to the effect that further efforts at mediation are no longer worthwhile;
- c) By the expiry of any deadline set by the Euroleague Basketball CEO or the appointed mediator for the attainment or signature of a settlement agreement.

Upon termination of the mediation proceedings in accordance with b) and c) above, any party to the dispute will have the right to proceed with any available adjudication or settlement proceedings at FIBA or elsewhere.

Article 11 The settlement agreement is drawn up by, or under the supervision of, the Euroleague Basketball CEO or the appointed mediator and signed by him and the parties in as many copies as needed. One signed copy of the settlement agreement will be kept at the Euroleague Basketball office and each party will receive a signed copy thereof. In the event of any breach of the settlement agreement, a party may rely on this copy before any arbitral, judicial or other authority, in addition to any penalty to be imposed to the breaching party.

Article 12 At any time, the Euroleague Basketball CEO or the appointed mediator may issue a statement informing the Disciplinary Judge of any past or present conduct that, in his opinion, is in breach of the present Mediation Regulation or of any other regulation, rule or agreement or that, in any way, runs counter to sportsmanship, good faith or fair dealing principles. The Disciplinary Judge may impose to any club or player or coach an appropriate sanction in accordance with the Euroleague Basketball Disciplinary Code. The refusal to take part in the mediation proceedings and the breach of the settlement agreement will always be considered as serious infringements.

Article 13 The mediation proceedings will be free. Each party will pay their own costs.

APPENDIX XI

TECHNICAL RULES CLARIFICATION

APPENDIX XI**TECHNICAL RULES CLARIFICATION**

1. The ball will be put into play in the centre circle by a jump ball between any two opponents at the start of the first quarter and at the start of each overtime.

The team that gains the first possession of the game will take a throw-in behind its own endline to begin the fourth quarter, whilst the other team will take a throw-in behind its own endline to begin the second and third quarters.

The ball will be put into play at the circle that is closest to the spot where a held ball occurs or when the referees are in doubt which team last touched the ball immediately before the ball goes out of bounds. The jump ball will be between the two involved players. For any other jump ball situations, the ball will be put into play in the closest circle by a jump ball between any two opponents. The shot clock will be held at the same value and only reset to 24 or 14 seconds if a new team gains possession following the jump ball.

When a goaltending or interference violation is called that is then reviewed by use of the IRS and the decision is overturned, if neither team had gained an immediate and clear control of the ball when the violation was called, the game will be restarted with a jump ball at the closest circle to where the violation occurred:

- If the team that attempted the shot restarts the game with the ball in their possession, it will have the same amount of time remaining on the shot clock as when the violation was called.
 - If the team that did not attempt the shot restarts the game with the ball in their possession, the shot clock will be reset to 24 seconds.
 - If there are less than 14 or 24 seconds remaining on the game clock respectively, the shot clock will be switched off.
2. TV time-outs will be applied in the following manner:
 - a) The first time-out requested by a team in any quarter will be considered a TV time-out. This time-out will count as both a TV time-out and a time-out for the team that has requested it.

- b) If neither team has requested a time-out before the last five minutes remaining in the quarter, then a TV time-out will be granted at the first opportunity when the ball is dead and the game clock is stopped, with the game clock displaying 04:59 or less time. This time-out will not be charged against either team.
 - c) All TV time-outs will have a duration of 60 seconds each. TV time-outs will not exist in overtimes.
- 3. Player technical fouls will not count as team fouls.
- 4. Substitute players, excluded players, or accompanying delegation members may not enter the court during a fight, or during a situation that may lead to a fight. Notwithstanding this, in the event that these individuals do not get actively involved in the fight and/or intervene to assist the referees to maintain or to restore order they shall not be disqualified, as long as the Instant Replay System is available to review the physical altercation and clearly show their non-involvement in it. In the event the IRS is not available, the physical altercation situation will be ruled according to the FIBA Official Basketball Rules.
- 5. The timer will perform the manual duties that are contained within the Official Basketball Rules, as listed in the Unified Scorers Manual for the Euroleague Basketball Competitions (Appendix V).
- 6. The head coaches will provide the list of the Starting Five players to the data entry scorer no later than 15 minutes before the tip-off time of the game.
- 7. Only the head coach may sign the official scoresheet of a game in protest.

APPENDIX XII

INSTANT REPLAY

APPENDIX XII**INSTANT REPLAY****Article 1 Procedures for all replay reviews**

- a) All replay reviews will be conducted by the referees after gathering as much information as possible from the unified scorers and the Instant Replay System (IRS) monitor. The crew chief will make the final decision.
- b) Only the referees and the IRS operator (IRSO), who must understand and speak English, will be present in the area where the IRS is installed. The crew chief will order any other person not complying with these requirements to leave the area.
- c) The decision made by the referees during play will always be signalled prior to reviewing the play (except in potential act of violence situations), and this will only be changed when the replay provides the referees with clear and conclusive visual evidence to do so.
- d) The referees can adjust the game and/or shot clock as part of any review if they identify a clock error or malfunction.

Article 2 00:00 game clock

Instant replay can be referred to in the following situations:

- 2.1** A field goal made with no time remaining on the game clock (00:00) at the end of any quarter or any overtime. The referees are authorised to determine the following issues only:
- a) Whether the time on the game clock expired before the ball left the shooter's hands.
 - b) If the shot was released on time, whether the successful field goal scored was a two-point or three-point field goal.
 - c) If the shot was released on time, whether the shooter committed an out-of-bounds violation.
 - d) Whether a shot clock violation occurred before the ball left the shooter's hands.
 - e) Whether an eight-second violation occurred before the ball left the shooter's hands.

- f) Whether a foul, which is called, is not committed on or by a player in the act of shooting occurred prior to the illumination of the red LED lights. Whether a foul that is called is committed on or by a player in the act of shooting, the ball was released prior to the illumination of the red LED lights, the foul will be administered.

The referees will be permitted to utilise instant replay to determine whether (and how much) time should be put on the game clock but only when it is confirmed through replay that:

- a) The shooter committed an out-of-bounds violation.
- b) A shot clock violation occurred.
- c) An eight-second violation occurred.
- d) A foul was called prior to the illumination of the red LED lights (signalling the end of playing time).

- 2.2 A foul called with no time remaining on the game clock (00:00) at the end of any quarter or any overtime. The referees will review the footage to determine the following issue only: whether the foul that was called occurred prior to the illumination of the red LED lights (signalling the end of playing time).

The referees will be permitted to utilise instant replay to determine whether (and how much) time should be put on the game clock but only when it is confirmed through replay that a foul was called prior to the illumination of the red LED lights (signalling the end of playing time).

Article 3 Fourth quarter or overtime 02:00 or less game clock

Instant replay can be referred to in the following situations:

- 3.1 The referees are unsure which team committed an out-of-bounds violation, or whether an out-of-bounds violation occurred. The referees will review the footage to determine the following issue only: identify which player touched the ball last or if the player/ball was actually out-of-bounds.

- 3.2** The referees are unsure as to whether a goaltending/basket interference violation occurred. The referees will review the footage to determine the following issue only: whether the violation occurred, always after a goaltending or basket interference call has previously been made by one of the referees. As an exception, when a foul is called in the act of shooting, the referees may check the footage for a potential goaltending/basket interference violation.
- 3.3** The referees are unsure whether the defender is inside or outside the defensive semi-circle for a block/charge foul. The referees will review the footage to determine the following issues only:
- a) Whether the defender was outside the defensive semi-circle and had not established a legal guarding position.
 - b) If the offensive player led with an unnatural knee, foot, elbow or arm regardless of the location of the defender.
 - c) If the ball left the hand of the shooter prior to the contact.
- 3.4** The referees are unsure whether a foul called is a personal, throw-in, technical, unsportsmanlike, or disqualifying foul. The referees will review the footage to determine the following issue: If the foul should be maintained, upgraded, downgraded or considered as a technical foul.
- 3.5** The referees are unsure whether a foul called was a shooting foul or a foul on the floor. The referees will review the footage to determine the following issues: whether the foul that was called occurred prior to the shooter commencing the act of shooting or not and whether the foul should be upgraded to an unsportsmanlike foul or downgraded to a personal foul according to the rules.
- 3.6** The referees are unsure whether the ball touched the ring and thus whether the shot clock should be adjusted. The referees will review the footage only after a call has been previously made by one of the referees to determine the following issue: whether the ball touched/did not touch the ring, and if so, the shot clock was administered properly.
- 3.7** The referees are unsure whether a backcourt violation was committed by the team in control of the ball. The referees will review the footage to determine the following issue only: whether the violation occurred according to the rules, always after a backcourt violation has previously been called by one of the referees.

Article 4 Any time

Instant replay can be referred to in the following situations:

- 4.1** An error/malfunction occurs in the shot and/or game clock and it does not start/stop/countdown correctly at any time in the game before or after the ball is in play. The referees will review the footage to determine the following issues only: how much time actually expired and how much time (if any) is remaining on the shot and/or game clock in the quarter or overtime. If the referees find evidence that a made basket was scored after the expiration of the shot or game clock, the basket will not count as long as the error is still correctable according to the rules.
- 4.2** Individuals engage in a physical altercation. The referees will review the footage to determine the following issues only: the identity of all individuals involved in the physical altercation, as well as the appropriate penalty for each individual.
- 4.3** The referees are unsure whether an act of violence has occurred. The referees can stop the game immediately to review the footage and determine the following issues only: the identity of all individuals involved in the act of violence, as well as the appropriate penalty for each individual and how the game will be resumed according to the rules.
- 4.4** A player is fouled in the act of shooting for a field goal. The referees will review the footage to determine the following issue only: whether the field goal attempt was a two-point or three-point field goal.
- 4.5** The referees are unsure whether a made basket was a one-point, two-point or three-point basket. The referees will review the footage to determine the following issues only: the correct value of the made basket and whether a shot clock violation occurred or the shooter committed an out-of-bounds violation immediately prior to the release of the shot. The review will take place at the following time-out or interval of play between quarters or when another type of review takes place during the game, except in the following two cases, where the referees must stop the game immediately to review the value of the basket and adjust the game clock if necessary:
- a)** In the last 24 seconds of any quarter, after the last free throw and with the ball being around the ring, if the referees are unsure if the ball was touched before entering the basket.
 - b)** In the last two minutes of the fourth quarter or overtime at the next opportunity when the game clock is stopped.

- 4.6** During a dead ball due to a shot clock violation, the referees are unsure whether the violation occurred immediately prior to a field goal made. The referees will review the footage to determine the following issues only: whether the ball left the hand of the shooter prior to the illumination of the yellow LED light (signalling the end of the 24-second period), and if the shot was released on time, whether the successful field goal scored was a two-point or three-point field goal or the shooter committed an out-of-bounds violation immediately prior to the release of the shot.
- 4.7** During a dead ball due to a shot clock violation, the referees are unsure whether the violation occurred immediately prior to a foul called. The referees will review the footage to determine the following issue only: whether the foul that was called occurred prior to the illumination of the yellow LED light (signalling the end of the 24-second period).
- 4.8** The referees are unsure whether a foul off the ball called on the team without control of the ball occurred immediately prior to a field goal made. The referees will review the footage to determine the following issue only: whether the foul that was called occurred prior to the shooter commencing the act of shooting.
- 4.9** The referees are unsure whether a foul off the ball called on the team with control of the ball occurred immediately prior to a field goal made. The referees will review the footage to determine the following issue only: whether the foul that was called occurred prior to the ball leaving the hand of the shooter.
- 4.10** The referees are unsure who the correct free-throw shooter is. The referees will review the footage to determine the following issue only: the identity of the correct free-throw shooter.

Article 5 **Head coach's challenge**

To initiate a head coach's challenge, the challenging team must take the following steps in sequence:

- 5.1** The challenging team's head coach must signal for a challenge by utilising the head coach's challenge signal (creating an imaginary square with both index fingers) toward the referees, during the dead ball. During the same interaction with the referees in which the challenging team's head coach signalled for the challenge, the challenging team's Head Coach must notify the referees of the specific event that the team is challenging. The head coaches are permitted to challenge any reviewable situation that is covered under the current rules without time restrictions being applicable. The head coach's challenge may be requested at any time during the game. There are only two challenges per coach and per game. However, one of the two challenges of each coach must be requested within the first 38 minutes of the game.
- 5.2** For purposes of this rule only, "immediately" will mean prior to the ball being given to the thrower-in, the ball being given to the free throw shooter, the ball being tossed on a jump ball, or the start of a time-out, whichever is applicable.
- In the case that the referees conference to determine the call on the floor (and, as a result, the final decision on the play is unknown for a period of time), the window of time within which a team must immediately challenge the call starts after the referees announce the final decision on the play.
- 5.3** Once the challenge is made by the head coach, the referees will notify the Euroleague Basketball delegate and the unified scorers crew of the challenge which will be recorded in the scoresheet and, once the instant replay review process is complete, announce the outcome of the challenge.

EUROLEAGUE BASKETBALL DISCIPLINARY CODE

EUROLEAGUE BASKETBALL DISCIPLINARY CODE

CHAPTER I

General Rules

Article 1 **Object**

This Disciplinary Code (the “Code”) describes the infringements and sanctions of the rules contained herein and in the EuroLeague Regulations, EuroCup Regulations and EuroLeague Club Licensing Rules, the organisation and respective powers of the hearing bodies, and the procedures to be followed for imposing measures in connection with events held under the auspices of Euroleague Commercial Assets S.A., Euroleague Ventures S.A., Euroleague Properties S.A. and Euroleague Entertainment & Services, S.L.U. (jointly and severally referred to as the “Companies”).

This set of rules seeks to gather together the numerous and differing strands of an adjudicatory process into one single cohesive and coherent manual that reflects good practice and provides a guide and framework for implementation at all levels of Euroleague Basketball. It promotes high standards of behaviour and fair play for all parties involved in the Euroleague Basketball competitions as well as in other events organised under the auspices of the Companies (jointly referred to as the “Euroleague Basketball competitions”) and consistent, fair and transparent process for dealing with the proceedings provided under this Code.

Article 2 **Substantive law**

The exercise of the adjudicatory system is governed by the provisions established in the articles hereof and in the relevant bylaws. Subsidiarily, the laws of Switzerland will apply. In case of a lacuna in the relevant bylaws, the hearing bodies may decide to apply recognised legal principles and in accordance with justice and fairness.

Article 3 **Scope of application**

The disciplinary power under this Code is exercised on behalf of Euroleague Properties S.A. (hereinafter “EP”) and extends to all

those persons or entities that make up the organisational structure of EP: the clubs and any persons linked directly or indirectly to them (these persons are hereinafter referred to as “Individuals”) such as their representatives, administrators, managers, executives, players, coaches, team followers, honorary members, and any other persons or entities carrying out official functions or undertaking technical or sports activities on their behalf or within the organisational scope of the Companies.

A sanction may also be imposed on clubs for infringements arising from or related to the Individuals’ or spectators’ behaviour.

Those who commit an infringement are those who directly or indirectly carry out the infringement, those who force or induce somebody else to commit it or those who cooperate in its execution.

The material scope of the disciplinary powers extends to:

- 3.1** Infringements of the regulations regarding the management and administration of the competition as stipulated in the EuroLeague Regulations, in the EuroCup Regulations, in the EuroLeague Club Licensing Rules, in this Code (Chapter II Section I), the collective framework agreements or in any other resolution or provision originating from the General Assembly or the governing bodies of the Companies.
- 3.2** Infringements of the rules of the game or the Euroleague Basketball competitions or infringements contained in this Code (Chapter II Section II) or in any other agreements, resolutions or regulations determined by the General Assembly, i.e., the actions or omissions that, during the course of the game or competition, affect, impede or disturb its normal process and are committed on the occasion of or as a result of the games or all those events or games of friendly nature organised by EP and/or any other of the Companies.

It similarly extends to infringements committed before or after the game. In this case, the sanctions that will be applied will be the same as those established for this type of infringement in the course of the game (Chapter II Section II of this Code).
- 3.3** Infringements of the relevant Financial Stability and Fair Play Regulations or infringements contained in this Code (Chapter II Section III) or in any other resolutions or provisions determined by the relevant bodies as established in this Code.
- 3.4** Infringements related to the failure to honour awards of the Euroleague Basketball Dispute Resolution Chamber (Chapter II Section IV).

Article 4 **Hearing bodies**

The disciplinary powers of EP are the responsibility of the following hearing bodies: the Euroleague Basketball CEO, the Disciplinary Judge, the Appeals Judge, the Appeals Panel, the Management Control Commission and the Finance Panel. The hearing bodies have full power and jurisdiction to act in relation to all matters listed in this Code, including the power to hold investigations and impose sanctions, or take those actions that they see fit by following the procedures set out herein.

The General Assembly will designate a Disciplinary Judge, an Appeals Panel – which will serve as Finance Panel – and an Appeals Judge – who will serve as President of the Appeals Panel and the Finance Panel when appropriate – all of whom will have legal training. The Finance Panel may be assisted by economic advice. The position of Disciplinary Judge, Appeals Judge or member of the Appeals Panel is incompatible with any position or office related to the Companies or the participating clubs.

The hearing bodies are independent and must exclusively observe the applicable rules and regulations, as well as act in accordance with what they deem to be fair and right. When exercising the disciplinary power, the hearing bodies will apply a comfortable satisfaction standard of proof unless otherwise provided by this Code.

Article 5 **Duties of clubs**

The clubs are responsible for complying with the agreements, resolutions and regulations referred to in Article 2 and Article 3 above, and for ensuring the exemplary behaviour of their Individuals and fans during the Euroleague Basketball competitions.

The home club will be responsible for the security and order in its arena and its surroundings before, during and after games. It will be responsible for any incident of whatever nature that falls within its responsibility under Article 3 above, and will be subject to the corresponding sanction.

The home club cannot take advantage of irregular or improper situations where the responsibility for preventing such situations falls on the home club.

The clubs are responsible for the behaviour of their own fans committing incidents of whatever nature during the Euroleague Basketball competitions.

The clubs are responsible for ensuring the compliance with sanctions imposed to the Individuals in accordance with this Code; in particular, for ensuring the implementation of the temporary or permanent prohibition for the Individuals to access the arena.

The clubs must deliver a copy of the Code to their players, coaches and/or in general to all their Individuals. In addition, the clubs must immediately inform their Individuals whose rights or interests may be affected about any disciplinary proceeding, including but not limited to the notification of the opening of the proceeding and its resolution.

Article 6 Referees decisions

Referees' decisions connected with play situations are final as far as the result of the game is concerned and cannot be contested or disregarded.

Article 7 Disciplinary measures: sanctions

The sanctions that may be imposed in accordance with this Code for the infringements herein provided are as follows:

7.1

To Individuals:

- a) Warning.
- b) Fine.
- c) Temporary or permanent prohibited access to the arenas, and/or participation in Euroleague Basketball competitions, games and/or events.
- d) Temporary or permanent disqualification from the competition, or prohibition of being registered in the competition.
- e) Temporary or permanent disqualification from holding a position in the governing bodies of the Companies.

7.2

To clubs:

- a) Warning.
- b) Fine.
- c) Replay of the game either in the same arena as the original game, in a neutral arena or behind closed doors.

- d) Games played behind closed doors.
- e) Temporary total or partial closure of the arena.
- f) Loss of the game and, when applicable, the playoff series.
- g) Victories discounted from the team's standing.
- h) Temporary loss of the economic rights (economic rights being understood as the rights to receive the economic distribution for their participation in the Euroleague Basketball competitions) and/or political rights (political rights being understood as the rights to participate and/or vote in the governing bodies of the Companies).
- i) Permanent or temporary disqualification from the Euroleague Basketball competitions up to a maximum of three consecutive seasons, with the corresponding loss of rights.
- j) Prohibition of registering new players and coaches.

Article 8 Conditionally suspended sanctions

Disciplinary sanctions imposed under the material scope of Article 3.1 may be suspended totally or partially by the Euroleague Basketball CEO. Disciplinary sanctions imposed under the material scope of Article 3.2 may be suspended totally or partially by the Disciplinary Judge at the request of the Euroleague Basketball CEO. Disciplinary sanctions imposed under the material scope of Article 3.3 may be suspended totally or partially by the Finance Panel at the request of the Euroleague Basketball CEO, upon motivated recommendation by the Management Control Commission. The suspension period will last a maximum of three years in all cases.

If another infringement is committed during the suspension period, the Euroleague Basketball CEO may reinstate the original sanction to be executed, which in turn may also be added to the disciplinary sanction imposed for the second infringement.

Article 9 Specific provision about disqualification

The sanction of disqualification for a certain number of games or a specific period of time will imply a prohibition of lining up, participating or being present in the arena or events location on the occasion of as many games or period of time following the date of the infringement as the sanction may cover, in the order in which they are held, irrespective of any changes in the competition

calendar or suspended or postponed games. If the nature of an Individual's job is to participate in games but the Individual has been disqualified, they will be strictly prohibited from being present in or adjacent to the team bench area and/or participating in any form during the games they have been suspended for and may only be authorized to sit in the spectators seating area, with the exception of the courtside seats.

The first game in which the sanction will be applied will be the one immediately following the notification of the ruling unless the sanction is suspended by the hearing bodies.

If a suspended Individual should fail to comply with the sanction in the same season, this Individual will have to comply with the sanction in the following season(s).

If the Individual changes club, assuming that the appropriate conditions exist for such a transfer, all games or periods of time under disqualification will remain pending and will be fulfilled according to the terms contained in this article. Sanctions of disqualification will be enforced not only for the position for which they were applied, but also for carrying out any other activity related to the Euroleague Basketball competitions.

If the sanction is imposed on a club, the club may not register in the Euroleague Basketball competitions for the entire sanction period.

Article 10 Specific provision about economic sanctions

Economic sanctions must be paid to EP within 30 days following notification of the ruling.

Should economic sanctions not be paid within the time indicated, EP may retain a part of the economic rights of the club concerned to cover the corresponding sum or execute the bank guarantee or security deposit in the course of the competition. In the latter case, the club must, within three working days following the date of execution, replace the bank guarantee or security deposit with EP for the amount established for the competition in which it is participating (if the full amount of the bank guarantee or security deposit has been executed), or complete the bank guarantee or security deposit with the executed amount (so that the full amount thereof is available).

Besides any economic sanctions, the compensation for any damages caused as a consequence of the infringement committed will be at the expense of the infringing club.

Article 11 Liability in solidum

The clubs are always jointly responsible (liability in solidum) for economic sanctions, either main or accessory, imposed on any of their Individuals.

Article 12 Specific provision about closure of the arena or playing behind closed doors

A sanction closing an arena implies the prohibition to use it by the sanctioned club during the number of games that this sanction stipulates.

The minimum distance of the arena(s) where the game(s) to which the sanction applies may be held, with respect to the city of the arena that is the object of a sanction, will be 300km by road taking the shortest route possible.

Depending on the circumstances involved in each case, the Euroleague Basketball CEO, at the request of the club after the sanction has become final, may (i) grant a special authorisation for a shorter distance; or (ii) substitute the sanction of closure of the arena for that of playing behind closed doors without spectators or vice versa.

In case of incidents originated in a specific seating section of the arena, the hearing bodies may apply a sanction closing the relevant area of the arena, thus entailing the prohibition of using that seating section. The club will be responsible for preventing the fans who were sitting in that seating section during the game in which the incidents above took place from entering other areas of the arena during the sanction period.

Article 13 Time and effects of sanctions

Sanctions imposed through the corresponding proceedings will be enforced immediately without the possibility of these sanctions being detained or suspended by any claims or appeals, unless the body empowered to resolve the appeal should decide to do so upon a provisional basis, ex officio or at the request of the party concerned in the written petition of the appeal.

Should a sanction impose a game behind closed doors or the closure of an arena, it will be enforced in the next home game that takes place at least 72 hours after the notification of the decision.

Sanctions established after the commitment of a given infringement may not be applied retroactively. Notwithstanding, this Code has a retroactive effect only when it favours the infringing

party, provided that the sanction has already been imposed but still has not been complied with at the time of the publication of this Code.

Article 14 Setting of sanctions

In setting sanctions, account will be taken of the objective and subjective elements constituting the infringement, and also the damage that the penalised conduct entails for the image of the Euroleague Basketball competitions and/or the Companies, the other clubs and the sport of basketball in general. In the same way, the hearing bodies may evaluate any ancillary, aggravating and/or extenuating circumstances that might be related to the infringement.

When there are no extenuating or aggravating circumstances, the hearing bodies, bearing in mind the greater or lesser seriousness of the action, will impose the sanction to the degree they deem appropriate.

When there are both extenuating and aggravating circumstances, they will be counterbalanced reasonably, depending on their characteristics, to determine the corresponding sanction.

In all cases, within the limits established, it is the responsibility of the hearing bodies to determine the sanction that has to be imposed in each case, taking into account the seriousness of the facts and other related circumstances and applying the principle of proportionality.

When applying sanctions, the hearing bodies at their own discretion will set the amount between the minimum and maximum limits established for each case, taking into account the related facts and circumstances and applying the principle of proportionality. In the event that extenuating factors and circumstances apply in case of serious infringements, the hearing bodies may set the amount below the minimum limits established.

The hearing bodies may order the adoption of the necessary measures to ensure the enforcement of sanctions and/or avoid infringements being committed.

Article 15 Exculpatory circumstances

Exculpatory circumstances include fortuitous events, force majeure, legitimate self-defence to avoid aggression and/or threat to safety, having to prove, on a balance of probabilities, that the alleged infringement was committed due to the honest and

reasonable belief of the infringing party that there was a serious threat to the life or safety of any person.

Article 16 Extenuating factors and circumstances

16.1 Extenuating factors include:

- a) Not having been previously sanctioned.
- b) Having proceeded, by spontaneous remorse, to repair or reduce the effects of the infringement, in order to satisfy the offended party or confess to the hearing bodies immediately after the infringement.
- c) Compelling justification, having to produce enough credible evidence to prove, on a balance of probabilities, that genuine and prevailing reasons exist (or existed) to objectively justify the conduct of the infringing party taking into account all the relevant circumstances.

16.2 Extenuating circumstances include:

- a) Those mentioned in the previous article when not all requirements necessary to assess them are available.
- b) Having been sufficiently provoked immediately before the infringement.

Article 17 Aggravating factors and circumstances

17.1 Aggravating factors include:

- a) Recidivism. There is recidivism when the offender has previously been sanctioned during the current season or in the course of the three previous seasons for the same infringement.
- b) Recursion. There is recursion when the offender has previously been sanctioned during the current season or in the course of the three previous seasons for a similar or related infringement.

17.2 Aggravating circumstances include:

- c) Illicit use of authority.

- d) Not complying immediately with the decisions of the referees or the Companies' executives when such decisions are made in the exercise of their functions.
- e) Infringements, when they are committed by any person with managerial positions in the club.

Article 18 Multiple sanctions

In no case may two sanctions be imposed at the same time for the same action, except when one of them is a ban on registering new players and coaches pursuant to an infringement of Article 32 a) or Article 38, or the imposition of a fine, and either of them may be imposed in conjunction with any other sanction.

Article 19 Concurrent infringements

If two or more infringements were to be derived from the same action, or were anyway committed jointly, the sanction that will be applied will be the one corresponding to the most serious infringement.

Article 20 Expiration of disciplinary duties

Causes of termination of duty include:

- a) Compliance with the sanction.
- b) Expiry of the infringements.
- c) Expiry of the sanctions.
- d) Death of the person held responsible.
- e) Foreclosure or dissolution of the sanctioned club.
- f) Amnesty granted by the Euroleague Basketball CEO.

Article 21 Statutes of limitations

Minor infringements will expire after one year, serious infringements and infringements related to the Euroleague Basketball Financial Stability and Fair Play Regulations will expire after three years, and doping infringements after eight years. These periods will be counted from the day following the date of the infringement.

The expiry period will be interrupted when the proceeding is initiated, but if this proceeding were to be stopped for two months by a cause not attributable to the person or entity subject thereto, the corresponding expiry period will continue from the point at which it was interrupted. The expiry period will be interrupted again when the procedure resumes.

These statutes of limitations do not apply to those cases handled under the proceedings established in Chapter II (Section II of this Code).

Article 22 Expiry of sanctions

Sanctions will expire after three years except those stipulated for doping infringements, which expire after eight years. The expiry period will be counted from the day following the one on which the sanctioning resolution becomes final, or from the time when the compliance with a sanction already in force is breached, if such compliance had already begun.

Article 23 Compliance with sanctions

The non-compliance with an imposed sanction or provisional or conservatory measure adopted by the Euroleague Basketball CEO, the Disciplinary Judge, the Appeals Judge, the Appeals Panel, the Management Control Commission or the Finance Panel will be considered an additional infringement and penalised directly by the Euroleague Basketball CEO through a fine of 30,001 euros to 280,000 euros. The Euroleague Basketball CEO may reinstate the original sanction to be executed totally or partially.

All anti-doping violations and sanctions fall under the jurisdiction, rules and procedures of FIBA.

CHAPTER IV

Proceedings

SECTION I GENERAL PROVISIONS

Article 40 Common provisions

The proceedings stipulated in this Code are governed by the rules of this chapter.

The parties must use English as the language for communication. As such, the costs of any necessary translations will be the responsibility of the party concerned. The members of the hearing bodies may call for the use of interpreters.

Article 41 Right of intervention and representation

Proceedings directed towards Individuals will be notified to the club with which the Individual is linked. Any person or entity whose rights or interests may be affected by the opening of a proceeding may request to intervene in the proceeding. They must file an application to this effect with the Euroleague Basketball office, adjoining an explanation concerning the relevant reasons, immediately after the proceeding has come to their knowledge. This application must be submitted prior to the hearing, or prior to the closing of the evidentiary proceedings if no hearing is held. The hearing body will send a copy of this application to the parties involved and fix a time limit for them to express their position on the participation of the third party and to file, to the extent applicable, written observations. Then, the hearing body dealing with the case will decide whether the applicant has the right to participate in the proceedings as a party. If such a right is granted, from that moment on, this third party will have the condition of party concerned to the effects of notifications, arguments in defence, allegations, proposals, sifting of evidence and right of appeal.

Article 42 Provisional measures

If an infringement appears to have been committed and a decision on the main issue cannot be made in an expeditious manner, the hearing body may, in emergency situations, provisionally issue, alter or revoke a sanction. In provisionally issuing a sanction, the hearing body is entitled to consider the extenuating and aggravating factors and circumstances of Article 16 and Article 17.

In similar circumstances, the hearing body may take other provisional measures at its sole discretion, especially to ensure compliance with a sanction already in force. The hearing body will take action upon request or ex officio. The hearing body may provide the operative part of the decision.

Once the proceeding has been initiated and at any time therein, the hearing body empowered to commence it may adopt the provisional or conservatory measures it deems appropriate, in order to maintain the orderly legal procedures and to ensure the effectiveness of the ruling that will be issued. If the circumstances so dictate, the hearing body may decide to hear the parties.

A provisional or conservatory measure can apply for up to 30 days and its duration will be deducted from the final sanction. The hearing body may, exceptionally, extend the validity period of a provisional or conservatory measure for up to 10 days.

Article 43 Presumption of truthfulness

The presumption of truthfulness will be applied to the scoresheet of the game, together with any complementary reports of the officiating crew, the Euroleague Basketball delegate(s) and Euroleague Basketball representative(s) at the game, though these documents can be contested by any means of evidence admitted by law.

Article 44 Imposing sanctions

Sanctions may only be imposed by virtue of a proceeding opened to that effect in accordance with the provisions established in this Chapter IV. If, once a proceeding has been initiated, the offender recognises their responsibility, the proceeding may be resolved with the imposing of the corresponding sanction.

Sanctions imposed through the proceedings will be enforced immediately.

Disciplinary decisions are final and not subject to appeal, except for decisions of the Euroleague Basketball CEO regarding the penalty for not complying with a sanction or an EBDRC award, and decisions of the Disciplinary Judge and the Appeals Judge – or the Appeals Panel when appropriate, as established in Article 63.

Article 45 Notifications of the decisions

All decisions and rulings issued in proceedings affecting the parties concerned therein will be notified to them in the shortest possible time by email.

Notifications must contain the whole text of the ruling with the indication of whether or not it is final, a reference to the possible appeal, the body to which it would be necessary to submit the appeal, and the corresponding deadline. In urgent cases, the operative part of the final decision may be communicated to the defendant before the fully reasoned decision. The decision will be enforceable from the date of the notification of its operative part.

Rulings that involve Individuals will be sent to the clubs concerned by email.

A party may request that a decision or ruling remain confidential. However, the Companies have sole and final discretion whether they decide to publish a decision or ruling in full, its operative part, and/or a summary or a press release setting forth the results of the proceedings.

Article 46 Costs of the proceedings

The costs of the proceedings filed with the Euroleague Basketball CEO are responsibility of EP.

The costs of the proceedings filed with the Disciplinary Judge will generally be the responsibility of EP, except for the proceedings initiated at the request of the party concerned. SECTION II PROCEDURES

SUBSECTION I PROCEDURES FOR INFRINGEMENTS UNDER THE MATERIAL SCOPE OF ARTICLE 3.1

Article 47 **Jurisdiction based on the type of infringement**

47.1 Minor Infringements: Sanctions resolved for acts regarded as minor infringements under the material scope of Article 3.1 will be imposed by the Euroleague Basketball CEO in accordance with the procedure established in Article 50.

47.2 Serious Infringements: Sanctions resolved for acts regarded as serious infringements under the material scope of Article 3.1 will be imposed by the Disciplinary Judge in accordance with the procedure established in Article 51 and, in the case of appeals, by the Appeals Judge or – where appropriate – the Appeals Panel.

Article 48 **Commencement of proceedings**

In opening proceedings upon receiving the allegations or being informed of an alleged infringement, the Euroleague Basketball CEO may resolve to have evidence collected before ordering the commencement of proceedings or the closure of the case.

Orders to conclude proceedings must include the grounds that justify them and the corresponding decisions with reference to any accusers involved.

Article 49 **Examining official**

The Euroleague Basketball CEO will commence the proceedings by appointing the Examining Official that will be in charge of them.

The Examining Official will draw up a case report on the evidence, deciding whether the alleged infringement is minor or serious, and the procedure to be followed.

Article 50 Procedure for minor infringements

- 50.1** If the Examining Official considers that the case constitutes a minor infringement, the party concerned will be informed of the opening of a proceeding, the alleged infringement, the articles allegedly breached, the articles to be applied, and any sanction that may be imposed.
- 50.2** The party concerned will be entitled, within a period of 72 hours from receipt of the notification, to make any appropriate arguments in defence, adjoining any pertinent evidence in support of them. After this period the Examining Official will not admit any further arguments in defence other than those specially requested by him or her, and the examining procedure will then be regarded as completed.
- 50.3** When the corresponding arguments in defence have been made, or the time allowed for them has elapsed, the Examining Official will make a report on the case to the Euroleague Basketball CEO, who will then make the decision that brings the proceeding to a close. The decision will contain an account of the facts of the infringement, the corresponding articles and the sanction imposed. It must be sent in writing to the parties concerned, directly or through the club to which the person concerned belongs.
- 50.4** Before making a decision, the Euroleague Basketball CEO may issue a resolution requiring and explaining further proceedings deemed essential for the purposes of reaching a decision; the parties concerned will be notified of this and granted 48 hours to present their arguments in defence.
- 50.5** The decisions for minor infringements sanctioned according to Article 25.2 a) or 25.2 b), which are made by the Euroleague Basketball CEO, are final and not subject to appeal.

Article 51 Procedure for serious infringements

- 51.1** If the Examining Official considers that the case constitutes a serious infringement, the party concerned and the Disciplinary Judge must be informed of the opening of a proceeding with an account of the facts, the corresponding circumstances, the alleged infringement(s), the articles allegedly breached and the articles to be applied.
- 51.2** After this proceeding has been opened, the Disciplinary Judge may explain and order ex officio any provisional measures deemed necessary.

51.3 The Disciplinary Judge may order any enquiries deemed conducive for clarifying the issue, requesting, if appropriate, any reports or collection of evidence required for determining the infringements liable to sanction; the parties concerned may propose the collection of further evidence or submit directly any evidence of interest for deciding the case within four calendar days from the notification mentioned in Article 51.1.

The Disciplinary Judge may admit or reject any evidence deemed pertinent through a resolution stating the grounds of admission or refusal thereof. If the Disciplinary Judge deems, at his sole discretion, that a hearing of the admitted evidence is required, he will order this to be held within three days, notifying the parties concerned, well beforehand, of the place, date and time for the hearing. The hearing may be electronically recorded.

The Disciplinary Judge is entitled to decide to extend when necessary the period set for handling the case.

51.4 In light of the proceeding undertaken, the Disciplinary Judge will rule on the immediate dismissal of the case or continue the proceeding. The defendant will then have three calendar days to present arguments in defence.

In the event that the Disciplinary Judge considers that the infringement is minor, he will remit the proceeding to the Examining Official, so that the Examining Official continues with the proceeding and requests that the parties make any appropriate arguments in defence.

51.5 When arguments in defence in response to the writ have been submitted, or when the time for presenting them has expired, the Disciplinary Judge may issue a resolution requiring and explaining further proceedings deemed essential for the purposes of making a decision, or will issue the decision that brings the proceeding to a close. The decision, which will contain an account of the facts of the infringement, the articles applying to it and the sanction resolved, will be sent in writing to the parties concerned, directly or through the corresponding club.

SUBSECTION II PROCEDURES FOR INFRINGEMENTS UNDER THE MATERIAL SCOPE OF ARTICLE 3.2

Article 52 Jurisdiction

Infringements within the material scope of Article 3.2 will be heard and resolved by the Disciplinary Judge in accordance with the ordinary proceeding set forth in Article 53, and in exceptional

circumstances, Article 54. In the case of appeals, when established, such infringements will be heard and resolved by the Appeals Judge or – where appropriate – the Appeals Panel.

Article 53 Ordinary proceedings

53.1 The ordinary proceedings will be initiated by the Disciplinary Judge in the following cases:

- a) **Ex officio:** automatically from the incidents mentioned on the scoresheet of the game and the complementary reports of the officiating crew; or at the request of the Euroleague Basketball CEO, who notifies the Disciplinary Judge and the party concerned of a supposed infringement committed during the game.
- b) Under protest pursuant to Article 55 of this Code.
- c) At the request of any party concerned regarding an incident not reflected on the scoresheet: any such complaint must be sent to the Euroleague Basketball office and include any relevant facts as well as the proof of payment of a fee of 300 euros to EP for the right to protest.

53.2 The scoresheet of the game, all the complementary reports, complaints, arguments in defence and/or the complete text of the protest must be sent to the Disciplinary Judge within 48 hours following the receipt of the scoresheet at the Euroleague Basketball office at the end of the game.

53.3 The Disciplinary Judge will also accept the arguments in defence, allegations, reports and evidence provided by the parties concerned regarding any incident or anomaly concerning or related to a game or competition, provided that they are presented within 48 hours following the receipt of the scoresheet at the Euroleague Basketball office at the end of the game.

53.4 After this period of time, the Disciplinary Judge will accept no further reports, complaints, arguments in defence, allegations, or evidence other than those he may expressly request.

53.5 The Disciplinary Judge will make a summary examination of the facts necessarily bearing in mind the scoresheet of the game, the complementary reports of the officiating crew, and, if necessary, of the Euroleague Basketball delegate(s) at the game, the allegations or arguments in defence of the parties concerned and any other evidence he might deem valid.

- 53.6** Any other evidence available will also be admissible, including, but not limited to, videos, DVDs, films, pictures or any other audiovisual formats. The Disciplinary Judge has full freedom in assessing and evaluating all evidence provided. For this purpose, he may carry out as many actions as necessary for examining the facts.
- 53.7** The hearing stage will be considered initiated with the submission of the scoresheet of the game or the complaint to the club or the party concerned within the time established in Article 53.3.
- 53.8** If any of the reports referred to in the previous Article 53.3 and Article 53.4 are involved, the Disciplinary Judge, before issuing judgment, must pass the content thereof to the parties concerned so that they make any arguments in defence they consider appropriate within 24 hours following the receipt of the notification.
- 53.9** Likewise, before issuing a ruling, the Disciplinary Judge may reasonably decide to carry out complementary actions essential for resolving the proceeding, informing the parties concerned that they will have a period of 24 hours to present their arguments in defence against these complementary actions.
- 53.10** The Disciplinary Judge will make the ruling within seven days from the time he considers that the exchange of communications is complete.
- 53.11** In the ruling, the Disciplinary Judge will record the fact constituting the infringement, the articles of application and the imposed sanction. The ruling will be notified in writing to the parties concerned either directly or through the club to which the sanctioned person belongs, indicating any possible appeal against the ruling, as well as the bodies and time periods for such an appeal.

Article 54 Exceptional proceedings

- 54.1** In non-round robin phases, the procedure for the general proceedings will be applied, except for the following:
- a) The time periods established in Articles 53.2 and 53.3 will be reduced to 90 minutes following the receipt of the scoresheet at the Euroleague Basketball office at the end of the game.
 - b) The time periods established in Article 53.8 will be reduced to 12 hours.

- c) The Disciplinary Judge will make his ruling as promptly as possible, always within 24 hours following the receipt of the scoresheet at the Euroleague Basketball office at the end of the game.

54.2

Exceptionally, in the last possible game of a non-round robin phase (i.e. when the participating teams are tied in victories and the winner advances to the following phase) and provided that there are more than seven days before any upcoming game or if it is the last game of the competition, the following will apply:

- a) The time periods established in Articles 53.2 and 53.3 will be set to 12 hours following the receipt of the scoresheet at the Euroleague Basketball office at the end of the game.
- b) The time periods established in Article 53.8 will be set to 12 hours.
- c) The Disciplinary Judge will make his ruling as promptly as possible, always within 48 hours following the receipt of the scoresheet at the Euroleague Basketball office at the end of the game.

Article 55 **Signing of the scoresheet**

Without prejudice to Article 6, the team head coach may sign the official scoresheet of a game in protest of an event that took place during the game that in the opinion of the club may have adversely affected the result of the game and therefore the interests of the club. The procedure for the protest will be as follows:

In order to be valid, a protest must:

- a) be made during the first time the ball is dead following the decision or incident that is the reason for the protest. If the incident to be protested occurs whilst the ball is dead, the protest must be made at this moment. When the protest is regarding an incident that occurred in the last game action, it must be made before the crew chief signs the scoresheet.

- b) be signed in the space provided on the scoresheet. Detailed explanations are not necessary. It is sufficient that the club, identifying itself correctly, explains briefly that the protest is against the result of the game or against an event that took place during the game. The club must present the full text of its protest within 48 hours following the receipt of the scoresheet at the Euroleague Basketball office at the end of the game, including the proof of payment of 300 euros to EP for the right of protest. A proceeding will be opened. This proceeding will be conducted in accordance with Article 52.

In non-round robin phases, the club must present the full text of its protest within 90 minutes following the receipt of the scoresheet that has been signed under protest at the Euroleague Basketball office at the end of the game. This proceeding will be conducted in accordance with the Exceptional Proceedings established in Article 54.

SUBSECTION III GAME-RELATED SITUATIONS

Article 56 Anomalies between the result of a game and the scoresheet

When the crew chief's report or any complementary report shows (i) that the score registered on the scoresheet is abnormal or incorrect or (ii) that the officiating could not be carried out without coercion, due to the threatening attitude of the spectators or other circumstances that created concern for the physical well-being of the referees, the Disciplinary Judge will determine whether the game should be replayed totally or partially, and under what conditions, as well as any compensation that may follow, or whether one team loses the game by the result of zero to twenty (0-20) and, when applicable, the playoff series, without prejudice to the sanctions that might apply.

The procedure applicable to anomalies between the result of the game and the scoresheet will be that of Article 53, or if the circumstances so warrant, Article 54.

Article 57 Suspension of the game

For all instances when a game is suspended under Article 29 or Article 32 of the EuroLeague Regulations or Article 29 to Article 32 of the EuroCup Regulations, the Disciplinary Judge will decide at their own discretion whether the game should be replayed totally or partially, and under what conditions, or whether the result remains as it was at the moment of the suspension or whether one

of the teams loses by the result of zero to twenty (0-20). In addition, the Disciplinary Judge may decide on any applicable compensation, without prejudice to sanctions or any other appropriate measure that might apply. The procedure applicable to this article will be that of Article 53, or if the circumstances so warrant, Article 54.

SUBSECTION IV PROCEDURES FOR INFRINGEMENTS UNDER THE MATERIAL SCOPE OF ARTICLE 3.3

Article 58 Jurisdiction

Infringements within the material scope of Article 3.3 will be heard and resolved by the Management Control Commission and the Finance Panel pursuant to the provisions set forth in the following articles.

Article 59 Monitoring phase

59.1 The Management Control Commission, as a consequence of its duties, will monitor the financial position of a club. For this purpose, it may collect all relevant evidence from the club, by itself, by requesting compliance audits, or by requesting the Companies to carry out an investigation.

Upon the opening of a monitoring phase by the Management Control Commission for a potential infringement of the Euroleague Basketball Financial Stability and Fair Play Regulations, the Management Control Commission will inform the Euroleague Basketball CEO, who may impose provisional measures to ensure the effectiveness of the investigations carried out, including but not limited to temporary suspension of economic distribution rights.

The club may provide any type of evidence to support its case. In principle no hearings are held. Upon written request from the parties concerned, the Management Control Commission may decide to hold a hearing with oral arguments at the place that it will determine. - b) A proposal for actions to recover the balanced equity of the club and completion deadlines.
- c) Debt payment scheme.
- d) The possible application of disciplinary measures.

The completion period of the plan may not exceed three seasons. During the assessment process, the Management Control Commission may request the information considered appropriate to check the compliance status of the plan. The failure to comply with the requirements established herein will be considered as a new infringement. The Management Control Commission may establish the consequences of this non-fulfilment in the settlement agreement.

Article 61 Adjudicatory proceeding

61.1 The Management Control Commission may decide to refer a case to the Finance Panel. The report of the Management Control Commission regarding the case will include a summary examination of the facts, an outline of the gathered evidence, a reference to the allegedly breached provisions and a proposal as regards the final decision of the Finance Panel, including, if appropriate, any disciplinary measures.

61.2 The Finance Panel will inform the club of the opening of an adjudicatory proceeding, with an account of the facts, the corresponding circumstances, the alleged infringement(s), the allegedly breached articles and the articles to be applied.

- 61.3** The Finance Panel will inform the club that it will be entitled to submit its written observations within a suitable time limit. After these, no further documents may be submitted except under exceptional circumstances and with the consent of the Finance Panel.
- In principle no hearings are held. Upon written request from the parties concerned, the Finance Panel may decide to hold a hearing with oral arguments at the place that it will determine. The hearing may be electronically recorded. All costs derived from this hearing will be covered by the requesting party.
- 61.4** The Finance Panel will issue the ruling within 30 days from the time it considers that the exchange of communications is complete.
- 61.5** In the ruling, the Finance Panel will record the facts constituting the infringement, the articles of application and the imposed sanction. The ruling will be notified in writing to the parties concerned either directly or through the club to which the sanctioned person belongs, indicating any possible appeal against the ruling, as well as the bodies and time periods for such an appeal.
- 61.6** The Finance Panel will issue its resolution in writing, in which it may:
- a) dismiss the case; or
 - b) impose the corresponding disciplinary measures.
- 61.7** The Finance Panel will establish a deadline of up to 10 days to settle any overdue payables resulting from an infringement of Article 32 a).
- 61.8** The decisions of the Finance Panel are final and may be directly appealed to the Court of Arbitration for Sport in accordance with Article 64.

SUBSECTION V PROCEDURES FOR INFRINGEMENTS UNDER THE MATERIAL SCOPE OF ARTICLE 3.4

Article 62 Award honouring proceeding

- 62.1** Any party to a Euroleague Basketball Dispute Resolution Chamber (EBDRC) proceeding, may notify the Euroleague Basketball CEO of the failure to honour an award by the other party, by providing together with its request the complete file of the proceeding.

- 62.2** The Euroleague Basketball CEO will notify the party concerned, giving them a period of five days from receipt of the notification to make any appropriate arguments in defence, adjoining any pertinent evidence in support of them.
- 62.3** After this period the Euroleague Basketball CEO will not admit any further arguments in defence other than those specially requested by him.
- 62.4** The Euroleague Basketball CEO will make the ruling within five days from the time he considers that the exchange of communications is complete. The decision will contain an account of the facts of the infringement, the corresponding articles and the sanction imposed. It must be sent in writing to the parties concerned, directly or through the club to which the person concerned belongs.

SUBSECTION VI APPEALS

Article 63 Internal appeals

- 63.1** The rulings of the Disciplinary Judge and the Euroleague Basketball CEO may be appealed to the Appeals Judge – or the Appeals Panel according to Article 63.4 below and subject to the rule of Article 44 – by the Examining Official or the party concerned, in a time of 10 calendar days starting from the day following the notification of the ruling. Notwithstanding this, if the ruling affects the qualification of a team for a different phase of the competition the Disciplinary Judge may reduce the time periods for the appeal to be submitted.
- 63.2** Exceptions to the foresaid, i.e. the sanctions that may not be appealed against, are the following ones:
- a) Warning.
 - b) Fines of up to 5,000 euros (including this amount) for sanctions under the material scope of Article 3.2.
 - c) Fines of up to 30,000 (including this amount) for sanctions under the material scope of Article 3.1.
 - d) Sanctions imposed by virtue of the exceptional proceedings of Article 54 in non round-robin phases.

Appeals against rulings that are not express may be submitted in the time of 15 calendar days starting from the day following the one on which the claim or allegation has been considered dismissed.

- 63.3** The Appeals Judge will deal in the second instance with the appeals presented against the rulings of the Disciplinary Judge that do not fall under Article 63.4 below.
- 63.4** Appeals against permanent disqualification, disqualifications for three or more games, prohibition from having access to the arenas or participation in Euroleague Basketball games and/or events for more than one year, a sanction of three or more games played behind closed doors, and fines exceeding 20,000 euros, will be heard by the Appeals Panel. The Appeals Panel will be comprised of three judges, and the Appeals Judge will be the President of the Panel.
- If a ruling by the Disciplinary Judge has imposed two or more sanctions, each of them will be appealed in accordance with the respective procedures. Notwithstanding the above, if these two or more sanctions are based on the same factual grounds and/or legal arguments, the Appeals Panel may consolidate the proceedings.
- 63.5** All appeals must include:
- a) Name and surnames of the party concerned or the person acting on its behalf.
 - b) The act that is appealed against and the facts giving rise to the appeal, and also the list of evidence that, proposed in the first instance in due time and form, was not examined.
 - c) The articles that the appellants consider infringed, as well as the reasoning on which they base their appeal.
 - d) The specific request being made.
 - e) The place at and date on which the appeal is submitted.
- 63.6** The appeal must be accompanied by a proof of payment of a fee of 600 euros to EP for the right to appeal.
- 63.7** After the appeal has been submitted the Appeals Judge – or the Appeals Panel when appropriate – will immediately send it to the parties concerned so that they might oppose it in the space of four calendar days.
- 63.8** In dealing with appeals, it is not possible to examine other evidence than that which was proposed in due time and form in the first instance and was not examined in the first instance, unless so authorised by the Appeals Judge or Appeals Panel if the circumstances so warrant.

- 63.9** In principle no hearings are held. Upon written request from the parties concerned, the Appeals Judge – or the Appeals Panel when appropriate – may decide to hold a hearing with oral arguments at the place that the Appeals Judge – or the President of the Appeals Panel when appropriate – will determine. The hearing may be electronically recorded. All costs derived from this hearing will be covered by the requesting party.
- 63.10** The express resolution of appeals must occur in a time of no more than 30 calendar days. In all cases, if 30 calendar days pass without there being any resolution or notification concerning the appeal submitted, it will be understood that the appeal has been dismissed, and the appellant may resort to the corresponding legal procedure. If there were exceptional circumstances in the course of the appeals proceedings, the Appeals Judge or Appeals Panel may decide to extend the time limit established in this article.
- 63.11** The resolution of the appeal will confirm, revoke or modify the appealed ruling and, in case of modification, may cause no further damage to the party concerned, should this party be the only appellant.

Article 64 Court of Arbitration for Sport

64.1 Jurisdiction of the Court of Arbitration for Sport

After all internal appeals have been exhausted, further appeals challenging rulings for serious infringements may be filed before the Court of Arbitration for Sport (CAS) within 15 calendar days of the infringing party's receipt of the ruling including the grounds, in which case the parties will proceed as provided in the Code of Sports-related Arbitration. The process and procedure applicable will be as set forth in Article R47 et seq. of the Procedural Rules.

- 64.2** The defendant to be named in such appeals is EP and any other party to the proceedings before the hearing bodies.
